How do we make sense of Ezekiel 40-48? Ezekiel's temple vision has long mystified Bible readers and scholars. Is this a temple that is going to be built in the future? Or is this merely symbolic? Why so many details? Is there any relevance to this section of the Old Testament at all? This book addresses these important questions, showing how Ezekiel's temple is more than just symbolic. Yet its ultimate fulfillment is not in any physical building, but, according to the New Testament, in Jesus and the new heavens and new earth. Not only will this book illuminate Ezekiel 40-48 for you, it will also help you understand important issues of interpretation in our day, such as typology, the role of the temple in biblical theology, and the New Testament use of the Old Testament. You will learn that yes, in fact, Ezekiel 40-48 is very relevant to the Bible's storyline.

Biblical Foundations for Baptist Churches The Temple and the church's mission

The heart of the biblical understanding of idolatry, argues Gregory Beale, is that we take on the characteristics of what we worship. Employing Isaiah 6 as his interpretive lens, Beale demonstrates that this understanding of idolatry permeates the whole canon, from Genesis to Revelation. Beale concludes with an application of the biblical notion of idolatry to the challenges of contemporary life.

Many evangelicals have come to embrace a populist eschatology that has neither the support of the historical church, nor of the scholarly world today. For some, this has led to a disillusionment with eschatological speculations. For others, the results are apathy and a failure to understand the mission of God's people. This is tragic! For when the entirety of the New Testament is read and understood from an eschatological perspective, the grand

narrative of Scripture and its fulfillment in Jesus comes clearly into focus. A proper framework for understanding eschatology directly correlates to a proper understanding of the mission of God's people, who are themselves carrying forth the biblical story as we approach the New Jerusalem. To fail to comprehend eschatology is to fail to comprehend our mission. This book has two objectives: First, to provide a proper hermeneutical framework from which we may discern a biblical eschatological worldview. Second, to demonstrate that a proper eschatological framework relates to the mission of God's people and the demand for holiness. Thus, eschatology matters!

What was it that the British people believed they were fighting for in 1914-18? This compelling history of the British home front during the First World War offers an entirely new account of how British society understood and endured the war. Drawing on official archives, memoirs, diaries and letters, Adrian Gregory sheds new light on the public reaction to the war, examining the role of propaganda and rumour in fostering patriotism and hatred of the enemy. He shows the importance of the ethic of volunteerism and the rhetoric of sacrifice in debates over where the burdens of war should fall as well as the influence of religious ideas on wartime culture. As the war drew to a climax and tensions about the distribution of sacrifices threatened to tear society apart, he shows how victory and the processes of commemoration helped create a fiction of a society united in grief.

**BIBLISCHE Theologie des Neuen Testaments** Wipf and Stock Publishers

This book explores the biblical conception of mystery as an initial, partially hidden revelation that is subsequently more fully revealed, shedding light not only on the richness of the concept itself, but also on the broader relationship between the Old and New Testaments. As such, it is a model for attentive and faithful biblical theology.

English summary: Why does the church have four different written Gospels, although according to Paul there was only one

orally proclaimed Gospel from the very beginning? Martin Hengel attempts to answer this question by showing how the collection of the four Gospels developed in the 2nd century and by tracing their origins. The reading of these four Gospels, in addition to the texts of the Old Testament, during the church service played a decisive role in the collection and the affirmation of these Gospels as part of the church canon. The author also deals with the authors of the Gospels and the time in which they were written. He bases his study on the fact that Mark was the first to write a Gospel. It is very probable that Matthew, who wrote the later Gospel, was familiar with the earlier Gospel according to Luke and that he used this. The numerous minor agreements between Luke and Matthew against Mark make it reasonable to suppose this hypothesis to be correct. This is the substantially enlarged German version of the English book *The Four Gospels and the One Gospel of Jesus Christ*, translated by John Bowden, published by SCM Press in the year 2000. German description: Warum besitzt die Kirche vier verschiedene schriftliche Evangelien, obwohl es nach Paulus von Anfang an nur ein mundlich verkundigtes Evangelium gab? Martin Hengel beginnt seine Untersuchung mit der Verteidigung der Vierer-Sammlung durch Irenaus und die teilweise abweichende Haltung des Clemens Alexandrinus. Es folgen die Zeugnisse des 2. Jh.s sowie das Problem der handschriftlichen Überlieferung. Besonders beachtet werden Hinweise auf ihre Autoren, die Reihenfolge ihrer Entstehung, ihre Überschriften und ihr Gebrauch im Gottesdienst. Die Papiasnotizen richten den Blick auf das erste und zweite Evangelium. Ihr ungewöhnlicher Titel geht auf Markus zurück. Er schrieb das 'Urevangelium' und schuf damit eine neue literarische Gattung. Eine entscheidende Rolle bei der Sammlung und Durchsetzung der kanonisch gewordenen Evangelien spielen ihre Lesung im Gottesdienst neben den Texten des Alten Testaments. Wesentlich war auch die Entstehung vorbildlicher 'Gemeindebibliotheken' in einflussreichen Gemeinden wie Rom und die Verwendung der Codexform, die auf erste kleinere Sammlungen von Jesustradition in eNotizbüchern zurückgehen kann. Alle vier Evangelien sind 'kerygmatische Geschichtsschreibung', ihr Vorbild ist letztlich die 'heilsgeschichtliche' Erzählung im Alten Testament. Dass die

Kirche vier verschiedene Evangelien akzeptierte, drückt theologisch die Einheit in der Vielfalt ihrer Verkündigung aus. In einem Postskriptum behandelt Martin Hengel die Fragwürdigkeit der Q-Hypothese und die partielle Abhängigkeit des späteren Matthäus vom früheren Lukas, die sich auch aus den minor agreements ergibt. Anstatt von einer 'Q-Quelle' sollte man besser von einer vielfältigen 'Logientradition' sprechen, die allen drei Synoptikern vorlag.

*We Become What we Worship* Inter-Varsity Press

Few biblical topics are as important as mission. Mission is linked inextricably to humanity's sinfulness and need for redemption, and to God's provision of salvation in the person and work of Jesus Christ. This 'good news' of salvation must be made known. The saving mission of Jesus constitutes the foundation for Christian mission, and the Christian gospel is its message. This second edition of *Salvation to the Ends of the Earth* emphasizes the way in which the Bible presents a continuing narrative of the story of God's mission – ranging from the story of Israel to the story of Jesus and that of the early Christians. At the same time, importantly, it provides a robust historical and chronological backbone to the unfolding of the early Christian mission. With regard to the latter, Paul and the General Epistles are incorporated with the Gospel with which they have the closest and most natural canonical and historical affinity: James and Hebrews with Matthew; 1 – 2 Peter and Jude with Mark; Paul's letters with Luke–Acts; and 1 – 3 John and the Apocalypse with John. The chapter on the second-temple period has been moved to an appendix so as not to interrupt the flow of the presentation of the biblical story-line and theology of mission.

*A. J. Appasamy and his Reading of Rāmānuja* Wipf and Stock Publishers

How did a first-generation Jewish messianic movement develop the momentum to become a dominant religious force in the Western world? The essays here first investigate the roots of God's mission and the mission of his people in the Old Testament and Second Temple Judaism, specifically in the Psalms, Isaiah, and Daniel. The contributions then discuss the mission of Jesus, and how it continued into the mission of the Twelve, other Jewish believers (in the Gospels, General Epistles, and Revelation), and finally into Paul's ministry to the Gentiles documented in the book of Acts and his epistles. These essays reach backward into the

background of what was to become the Christian mission and forward through the New Testament to the continuing Christian mission and missions today.

This is the fourth annual volume of the remarkably popular journal of biblical theology edited by Scott Hahn and his St. Paul Center for Biblical Theology. This volume features important new works by Hahn, Gary Anderson, John Cavadini, Brant Pitre, among others. Inspired by the ground-breaking work of Yves Congar and Jean Danielou, this volume includes original and thought-provoking contributions on such topics as: the Tabernacle and the origins of Christian mysticism; Jesus self-consciousness of being the new Temple and the new High Priest; and the doctrine of the indwelling of the Trinity in the soul; Hahn contributes a new perspective on the Gospel of John, showing how Israel's Temple and feasts are fulfilled in Christ and the sacraments of the Church. As the editors write in their introduction to this volume: The Temple theme is perhaps the richest in all of biblical theology, embracing the mysteries of Christ, Church, and Kingdom; liturgy, sacraments, and priesthood; salvation, sanctification, and divine filiation. These are the beautiful mysteries we contemplate in this volume of *Letter & Spirit*.

*YHWH Is There* InterVarsity Press

There is a growing body of literature about the missional church, but the word missional is often defined in competing ways with little attempt to ground it deeply in Scripture. Michael Goheen, a dynamic speaker and the coauthor of two popular texts on the biblical narrative, unpacks the missional identity of the church by tracing the role God's people are called to play in the biblical story. Goheen shows that the church's identity can be understood only when its role is articulated in the context of the whole biblical story--not just the New Testament, but the Old Testament as well. He also explores practical outworkings and implications, offering field-tested suggestions for contemporary churches.

*Temple and Contemplation* Cambridge University Press

The temple has always been a source of rich scholarship and theological reflection, but what does it mean for the church's ongoing mission in the world? G. K. Beale and Mitchell Kim examine temple theology throughout Scripture, exploring how this theme relates to Christian life and witness today. From Eden to the new Jerusalem, they argue, we are God's temple on the

earth, the firstfruits of the new creation. Now part of the ESBT series, *God Dwells Among Us* bridges biblical theology and the needs of the church. God has always desired to dwell among us; now the church must follow its missional call to extend the borders of God's kingdom and take his presence to the ends of the earth. *Essential Studies in Biblical Theology (ESBT)*, edited by Benjamin L. Gladd, explore the central or "essential" themes of the Bible's grand storyline. Taking cues from Genesis 1-3, authors explore the presence of these themes throughout the entire sweep of redemption history. Written for students, church leaders, and laypeople, the ESBT offers an introduction to biblical theology.

In this work, Brian Philip Dunn focuses on the South Indian theologian A. J. Appaswamy's 'embodiment theology.' This is the first book on Appaswamy, a not insignificant Indian, Christian theologian. This study argues for the distinctive theological voice of Appaswamy who develops a theology strongly influenced by the medieval Hindu theologian (or 'bhakti philosopher') Rāmānuja, in particular offering a reading of the Gospel of John. Dunn shows how Appaswamy sees the Christian God in Rāmānuja's theology and how his theology, particularly about the presence of God in the icon in a temple, can become a heuristic device through which to understand the fourth Gospel in the context of its own time. This allows the reader to develop a rooted Christology that otherwise would remain hidden. Through Rāmānuja, Appaswamy can contribute to a constructive and important Theology that grounds the text and ideas of the incarnation in the Jewish context, particularly about priestly atonement. This reading of Rāmānuja allows us to see a Christology in the Christian text that would otherwise not have been seen.

We are, each one of us, situated in a particular place. As embodied creatures, as members of local communities and churches, as people who live in a specific location in the world, we all experience the importance of place. But what role does place play in the Christian life and how might our theology of place be cultivated? In this *Studies in Theology and the Arts* volume, Jennifer Allen Craft argues that the arts are a significant form of placemaking in the Christian life. The arts, she contends, place us in time, space, and community in ways that encourage us to be fully and imaginatively present in a variety of contexts: the natural world, our homes, our worshiping communities, and society. In so doing, the arts call us to pay attention to the world around us and invite us to engage in responsible practices in those places. Through this practical theology of the arts, Craft shows how the arts can help us by cultivating our theological imagination, giving shape to the Christian life, and forming us more and more into the image of Christ. The *Studies in Theology and the Arts* series encourages Christians to thoughtfully engage with the relationship between their faith and artistic expression, with contributions from both theologians and artists on a range of artistic media including visual art, music, poetry, literature, film, and more.

This new collection celebrates the distinguished contribution of

William S. Campbell to a renewed understanding of Paul's theologizing and its influence on the shaping of early Christian identity. The essays are clustered around two closely related topics: Paul's theologizing, and the way it influenced Christian identity within the context of Roman Empire. The essays consider the continued relevance of previous identities in Christ', the importance of the context of the Roman Empire, and the significance of the Jewishness of Paul and the Pauline movement in the shaping of identity. The political context is discussed by Neil Elliott, Ekkehard Stegemann, Daniel Patte, and Ian Rock whilst the Jewish roots of Paul and the Christ-movement are addressed in essays by Robert Jewett, Mark Nanos, Calvin Roetzel, and Kathy Ehrensperger. Paul's specific influence in shaping the identity of the early Christ-movement is the concern of essays by Robert Brawley, Jerry Sumney, Kar Yong Lim, and J. Brian Tucker. Finally, methodological reflection on Paul's theologizing within Pauline studies is the concern of essays by Terrence Donaldson and Magnus Zetterholm.

A wide-ranging analysis of heavenly twin imagery in early Jewish extrabiblical texts. The idea of a heavenly double—an angelic twin of an earthbound human—can be found in Christian, Manichaean, Islamic, and Kabbalistic traditions. Scholars have long traced the

lineage of these ideas to Greco-Roman and Iranian sources. In *The Greatest Mirror*, Andrei A. Orlov shows that heavenly twin imagery drew in large part from early Jewish writings. The Jewish pseudepigrapha—books from the Second Temple period that were attributed to biblical figures but excluded from the Hebrew Bible—contain accounts of heavenly twins in the form of spirits, images, faces, children, mirrors, and angels of the Presence. Orlov provides a comprehensive analysis of these traditions in their full historical and interpretive complexity. He focuses on heavenly alter egos of Enoch, Moses, Jacob, Joseph, and Aseneth in often neglected books, including *Animal Apocalypse*, *Book of the Watchers*, *2 Enoch*, *Ladder of Jacob*, and *Joseph and Aseneth*, some of which are preserved solely in the Slavonic language. Andrei A. Orlov is Professor of Judaism and Christianity in Antiquity at Marquette University. He is the author of *Dark Mirrors: Azazel and Satanael in Early Jewish Demonology* and *Divine Scapegoats: Demonic Mimesis in Early Jewish Mysticism*, both also published by SUNY Press.

How can sinful humans approach a holy God? In the book of Hebrews, Jesus Christ is celebrated as the great high priest who represents his people before the Father. Jesus' roles as priest and mediator are central to his identity and bring to completion themes woven throughout Scripture. In this fifth ESBT volume, T. Desmond Alexander considers the often-neglected themes of priesthood and mediation and how Christ fulfills these roles. He explores how these concepts illuminate what Christ has already accomplished for us through his self-sacrifice, as well as what he is presently achieving on our behalf, seated at the right hand of the Majesty in heaven. Through this study we gain a richer understanding of concepts such as holiness, sacrifice, covenant, reconciliation, and God's dwelling place. *Essential Studies in Biblical Theology (ESBT)*, edited by Benjamin L. Gladd, explore the central or essential themes of the Bible's grand storyline. Taking cues from Genesis 1–3, authors trace the presence of these themes throughout the entire sweep of redemptive history. Written for students, church leaders, and laypeople, the ESBT offers an introduction to biblical theology.
