### The 21-Day Budgeting Challenge Kemah Publishing

The 21-Day Self-Confidence Challenge, the ninth book in the 21-Day Challenge series! Are you tired of self-doubt, self-criticism and holding back? Do you often feel like you're not good enough? Are you ready to change your life and reclaim your self-confidence? Let's start with a thought experiment. Take a moment to imagine yourself, only a supremely confident version. If you have a ridiculous imagination like I do, you might like to really run with this and have fun. If you had zero body hang ups, no doubts about your value as an employee, no worries about your innate lovability and no second guesses as to how good your karaoke really was and whether people have just been lying to you this whole time ...what would things look like? Think of how you'd be at work, at home, with those you love and those you don't. Think of all the things you'd do differently. Imagine yourself saying and thinking all those things, now, in detail. Now, this is the important thing: you can feel this way right now. Yup. You can feel brave and confident and full

of a sense of your own self esteem right now, just as you are. What's your reaction to that? If you're like most people, it's something along the lines of "psssh, yeah right!" While everyone can agree that it's great to have self-confidence, we generally imagine it's only reserved for those special people who've earned it, and that yeah yeah, we'll get there someday. But why not right now? Have you noticed that most children seem to bounce into this world with a really hefty amount of self-confidence? But people grow up and get the shine knocked out of them, and most teenagers, especially after a few years in the public education system, not only don't have confidence in themselves, they actively doubt their own worth. Chat to fully grown adults and many of them have abandoned their dreams long ago, feel average on even their best days and have a steady stream of negative self talk playing on in their heads almost constantly. The 21-Day Self-Confidence Challenge will help you to: \* Become the best version of yourself\* Stop being so dependent on what other's might think\* Gently push yourself outside your comfort zone and realize that that's indeed where the magic happens!\* Increase social confidence and approach new people\* Reach your goals and dare to dream big\* Speak and express yourself in public\* Deal with your fear of rejection\* ..and much more inside! Learn how to overcome self-doubt & low self-esteem and start developing solid self-confidence TODAY! Are you ready to take the challenge?

If somebody caught you checking out this book right now, peered over your shoulder and asked you, "so what do you want to buy?" how would you answer them? If you're like most people, you might launch into an explanation that self love is having high self esteem, a roaring sense of self confidence, the belief that you can do anything you want, etc. You may say that you want this book because you want to feel better about who you are and to stop being so hard on yourself. Or, if you're like me, you'll say, "nothing!" and get a little red in the face. What could be more embarrassing than reading a self help book about learning to love yourself, right? Well - why? Why is it so strange a topic and why does this book even exist at all? Do you ever see books about, "how to love your wife/husband" or "how to love your kids"? My theory is that we live in a world where it's completely normal to be hard on ourselves. Think about it for a minute. Every one of us has experienced ruthless competitiveness, rejection from those we love and admire, disappointments in our abilities, and the constant message from the media that our lives, and by extension we ourselves, are just no good unless we're constantly buying the latest gadgets, dieting or accumulating wealth. We like to call this way of treating ourselves "realistic." Maybe we believe that it keeps us on our toes, always hungry to improve and "fix" ourselves. Maybe we just assume that love is something we have to earn - but only once we're awesome enough! Here, I'm going to ask you how much you love yourself. Be honest. I won't come peek into your head and check if you're lying but - don't lie anyway! Rate your self love on a scale of 1 to 10. One represents the feeling you reserve for dog poo on the bottom of your shoe or that particular wave of emotions directed at people who loudly crinkle packets in cinemas. Five is so-so. You don't have a massive crush on you or anything, but you wouldn't exactly invite you out for dinner. Ten is big, fat, extra-cheesy, extra gooey self love of the highest order (and yes, you'll be closer to that 10 by the time you reach the end of the 6 weeks) Here's how to use this book: The book is divided into 6 weeks covering the main pillars of self-love, and in each of those weeks you'll find 3 separate sections to sink your teeth into: 1. Introspection - My favorite section; here we'll do a guided self analysis. Self enquiry is the most powerful tool to personal growth. 2. A New Habit - Positive small habits add up over time. In this section we'll look at ways to taking the things you read and learn during these 6 weeks and making them actually come alive in your own life by developing new small and realistic habits. 3. Taking Action - After 7 days of trying on a new habit, you should be feeling pretty good. This section will be about making a single serious action or decision that reflects our new sense of self-love each day. I would suggest starting each week on a Monday just for the ease of it, saving your big changes for the weekend, when people typically have more time. But it's up to you.

Are you tired of that lurking sense of depression? Tired of waiting around for happiness to find you? Are you ready to learn how to love your life? Ready to take action to become a happier person? True happiness is an inside job. Look at a happy person's life, and you don't see any magic or unicorns. There's nothing in them that isn't also in you. Though external realities can certainly play a role, happiness doesn't spring from what you have, what happens to you, the situation you are in, where you are, or anything else. In fact if it were easy to be happy, this book would be a very short one! Happiness doesn't have much to do with money, achievement, or possessions because plenty of people have all three and are still not happy. In this guide we'll approach happiness not as something you have but as something you actively do each and every day. The 21-Day Happiness Challenge will help you: Understand and apply the key principles of living a happy life in an easy, step-by-step way Love and accept yourself just the way you are now Let go of things, thoughts, behaviors, and people that do not serve you anymore Realize that "huffy fluffy" concepts such as forgiveness, gratitude, and mindfulness are actually extremely powerful Develop a daily routine that significantly boosts your happiness And much more! Learn how to love your life and become a happier person today. Are you ready to take the challenge?

The 21-Day Self-Love Challenge, the sixth book in the 21-Day Challenge series! Are you tired of being shy and uncertain about yourself? Tired of negative self-talk that makes you feel bad and stops you from living your life to the fullest? Are you ready to learn how to truly love and accept yourself as the perfectly imperfect person you are NOW? Most people nowadays suffer from a low self-esteem. And of course we do! We live in a world where we call people who love themselves arrogant, where we encourage children to compete with one another in school and where we immerse ourselves daily in media of all the millions of things we have to do before we are considered adequately lovable. Low self-esteem, low confidence, self doubt, self hatred, shyness, guilt, shame, soul-crushing depression - call it whatever you want, the idea is the same: you, the person whose opinion should matter to you the most, don't accept yourself. Low self-esteem isn't just High School girls arguing over who is fatter. It's much more serious than this, and can have pretty devastating consequences. See if you can find yourself in any of the following statements. If you can, then read right on - this book was written for you. 1. You often worry about what other people think of you (and surprise! You usually assume that their thoughts are bad...) 2. You feel that when compared to your peer group, you're "falling behind". 3. You frequently embark on "fix up" projects for your life. This could be a promise that no, seriously, you're really going to go to the gym already, or a makeover, or splashing out on fancy supplements or \$400 worth of self help audio books from this Indian swami you found on the internet. 4. You feel crushed by negative criticism. Completely crushed. Your whole day can be ruined if the cashier doesn't laugh at your joke. 5. In the same way, the minute someone praises you, you're on top of the world again. 6. You binge on bad food, smoke, take substances or drink more than you know you should. 7. You dream of a point far in the future where finally, finally everything will be better and you won't suck as much as you do now. 8. You can think of a few things in your life that you're too old / fat / shy / lazy / uneducated / whatever to try. So you just dream about it instead... The 21-Day Self-Love Challenge will help you to: \* Develop self love and acceptance in an easy step-by-step way \* Realize the importance of taking good care of yourself and your body, and how to bring this in practice \* Let go of self-talk, behaviors, things and people that do not serve you \* Understand why most self-love books you've read before didn't work \* Develop new habits that will significantly boost your feelings of self-love on a daily base\* ...and much more inside! Learn how to love and accept yourself unconditionally TODAY! Are you ready to take the self-love challenge?

Everyone admires a self-confident person. We may even envy them a little! Self-confident people seem at ease with themselves and their work. They invite trust and inspire confidence in others. These are attractive characteristics. It's not always easy to be confident in yourself, particularly if you're naturally self-critical, or if other people put you down. But there are steps that you can take to increase and maintain your self-confidence. Over the course of 21 days, this book delivers a plan for you to gain self-confidence and keep it. The objective is to change the way you think by introducing

you to the secret rules of self-confidence. You will develop "psychological flexibility," which allows you to respond in a positive way to anxiety, fear, and self-doubt. Through the measures found in reading forward, you will improve your life physically, mentally, creatively, socially, and professionally. Are you tired of starting a new diet and then disappointing yourself every time? Do you feel that no matter how motivated you are, you will always fall back into the trap of out of control eating? If you're overweight now, own it. You have fat, but you don't have to say you are fat. It's not your identity unless you want it to be. What you are is a complex human being who can make choices to improve their lives at any time - even right now. In this book you won't find a list of top 10 "metabolism boosters". You won't find any magic or any quick fixes to make your belly flat just in time for the weekend. And I won't encourage you to avoid one food group like the plague or buy a new set of tiny crockery or pray the fat away. What you can expect from this challenge is a no-nonsense, common sense approach to shaking off some of the dieting industry's BS and trying to remember what our bodies know. We'll look at common sense ways to gradually and safely lose weight that honor our instincts, not go against them. The 21-Day Weight Loss Challenge will help you to: \* Realize that right now you have fat, as opposed to being fat. It's not your identity; it's a temporary state, a choice \* Explore and understand the excuses and reasons that keep you overweight, why aren't you more active? Why aren't you eating healthier? Why do you eat when you're body isn't hungry? \* Estimate your caloric requirements, the sweet spot where you slowly but steadily lose weight without feeling hungry and miserable all the time \* Let go of magic pills, shakes and other stuff the dieting industry, colleagues and that skinny Youtube chick want you to believe in \* Take responsibility to love, respect and nourish your body \* ..and much more inside! Learn how to transform your lifestyle and get healthy, happy & in shape TODAY! Are you ready to take the weight loss challenge?

Are you tired of living on autopilot? Tired of letting your thoughts, feelings and reactions dominate you? Are you curious about how mindfulness can make a difference in your life? The present moment is a strange place. We are all trapped here, really, and there is utterly no other place to be, yet so few of us take a moment to stop and have a look around. The future and the past all exist in the mind. They are only ever memories, dreams, little flickers in the electrified meat we generously call our brains. The only thing that is real is the moment that is happening right now. To get to know the present, all you have to do is be aware. But try to become aware of the simple things around you - the sound of the birds in the trees, the smell of your coffee brewing - and you'll probably notice instantly that there is something preventing you from immersing yourself fully: your thought traffic. If

you've ever tried to make a fancy dinner with a bored two year old in your presence, or tried not to think of a pink elephant (try it right now!) then you'll know the feeling. This is where mindfulness practice comes in. The 21-Day Mindfulness Challenge will help you to: Increase your awareness and live more in the present moment Get a deep understanding of what mindfulness really is and how it can improve your life Let go of excessive worrying, stress and the continuous stream of thoughts Find your own mindfulness style Develop an effortless daily mindfulness practice..and much more inside! Learn how to practice mindfulness and create more calm, joy and focus in your life TODAY! Are you ready to take the challenge?

Do you feel like it's time to start taking better care of yourself? Do you want to look and feel better? If you ask my dad what "clean eating" is, he'll act confused and tell you it probably means not to eat things off the floor. What do you think of when you hear "clean eating"? Do you imagine some locally grown organic lettuce leaves sitting sadly on a plate? Do you think of green juice or health supplements? Yoga and detox diets? Well, you won't find any of that in this book. Instead, we're going to focus on healthy and more realistic ways of eating - common sense that isn't all that common anymore. Clean eating is a lifestyle and an attitude more than it is a set of forbidden foods. Though some might disagree, you can eat meat, wheat, and dairy and still have a "clean" diet, and you most certainly don't need to spend a lot of money on "superfoods". During this challenge, you'll try to let go of the mythical ideal diet; we will focus on continuous improvement rather than perfection. And, most importantly, flexibility and joy rather than deprivation. The only one who knows if a diet is good for you or not is your own body. So ask it! During the 21 days of the challenge, we'll look at opportunities to clear away foods that are hindering your health and replace them with better ones. You will be amazed by how much impact healthy eating will have on your overall well-being and the way you look. The 21-Day Clean Eating Challenge will help you to: Make better food choices throughout the day Wake up every morning feeling refreshed and well rested Normalize blood pressure, cholesterol levels, and digestion And more!

You Woke Up Worthy is a 21 day guided workbook and journaling experience for women who struggle with feeling worthy of their big dreams. It's designed to help you let go of shame and self-judgment, re-connect to your higher self, create a daily self-love practice, get clear on your purpose and big dreams, and start living your best life now rather than someday. As women we are bombarded with messages on a daily basis that undermine our awesomeness. We are told we must buy this special cream or weight loss shake, and then we'll be enough. We are told we must get the guy, have a high-flying career, and be the perfect mothers without letting a single shoe drop. The truth is we are all worthy and enough, just the way we are. There's nothing we must do to prove our worthiness. There's nothing we must do to earn it, either. This workbook will help you discover that truth within yourself so you can wake up and start living your best life instead of everyone else's. Over the course of 21 days, Britny guides you through daily journaling prompts and self-love exercises to help you not only love yourself more but also completely transform your life so that it aligns with the woman you actually are rather than the woman everyone else expects you to be. Are you ready?

From the New York Times best-selling author of *You Can Heal Your Life* Mirror work has long been Louise Hay's signature method for cultivating a deeper relationship with yourself and others, and leading a rich and meaningful life. Now, in *Mirror Work*, she shows how in just 21 days, you can master this simple but powerful practice as an ongoing support for positive transformation and self-care. "I have been teaching people how to do mirror work as long as I have been teaching affirmations. . . . The most powerful affirmations are those you say out loud when you are in front of a mirror, looking deeply into your eyes. A mirror reflects back to you the feelings you have about yourself. It makes you immediately aware of where you are resisting and where you are open and flowing. It clearly shows what thoughts you will need to change if you want to have a joyous, fulfilling life." - Louise Hay
