WHEELER REID

The Gig Economy Hay House, Inc
Today, most Americans are working in
the gig economy--mixing together short-

term jobs, contract work, and freelance assignments. Learn how to embrace the independent and self-sufficient world of freelance! *The Gig Economy* is your guide to this uncertain but ultimately rewarding world. Packed with research, exercises, and anecdotes, this eye-opening book supplies strategies--ranging from the professional to the

personal--to help you leverage your skills, knowledge, and network to create your own career trajectory. In this book, you will learn how to: Construct a life based on your priorities and vision of success Cultivate connections without networking Create your own security Build flexibility into your financial life Face your fears by reducing risk Corporate jobs are not only unstable--they're increasingly scarce. It's time to take charge of your own career and lead the life you want, one immune to the impulsive whims of an employer looking only at today's bottom line. Start mapping out your place in the gig economy today!

Complete Guide to Human Resources and the Law, 2017 Edition Wolters Kluwer

Whilst only in the second decade of the 21st century, we have seen significant and fundamental change in the way we work, where we work, how we work and the conditions of work. The continued advancements of (smart) technology and artificial intelligence, globalisation and deregulation can provide a 'sleek' view of the world of work. This paradigm can deliver the opportunity to both control work and provide new challenges in this emerging virtual and global workplace with 24/7 connectivity, as the boundaries of the traditional organisation 'melt' away. Throughout the developed world the notions of work and employment are becoming increasingly separated and for some this will provide new opportunities in entrepreneurial and self-managed work. However, the alternate or 'bleak'

perspectives is a world of work where globalisation and technology work together to eliminate or minimise employment, underpinning standardised employment with less and less stable or secure work, typified by the rise of the 'gig' economy and creating more extreme work, in terms of working hours, conditions and rewards. These aspects of work are likely to have a significant negative impact on the workforce in these environments. These transformations are creating renewed interest in how work and the workforce is organised and managed and its relationship to employment in a period when all predictions are that the pace of change will only accelerate.

Ultimate Gig Apress

FINALIST: Business Book Awards 2019 -

Start-Up Inspiration Category There are new flexible and independent working opportunities available in the gig economy for those brave enough to seize them. It is estimated that the number people involved with the gig economy will double in the next four years. New generation workers are realising that they can break the chains of corporate work and go at it alone. With flexible working hours, fluid work arrangements and technology that they can leverage to their advantage, people are creating purposeful careers that fit in with their lives, not the other way around. Working in the Gig Economy is the ultimate guide to successfully navigating the new flexible world of work. This is a book that will allow you to really examine the possibilities of

freelance and flexible working. Is it really for you? Do you have what it takes to stay motivated, get clients to hire you and achieve that long-yearned for work-life balance? Thomas Oppong is an expert in entrepreneurship and the gig economy. With this book, he takes readers through the main pitfalls of working for themselves, including how to stay productive, how to manage your professional network, build a personal brand and crucially how to keep the work coming and get paid on time. Working in the Gig Economy is the essential guide to having a successful and fulfilling career in the gig economy. [Reshaping the Future](#) The Gig Economy This book is a holistic impact study, replete with real-world examples, of digital transformation enhancing

businesses and influencing managers' thinking. It links economic value with digital disruptions, arguing that these disruptions deliver economic benefits, boost shareholder value, and provide societal value. The central discourse is on the ability of digitization to make the world a better place to live in. The book analyses wealth creation due to digital disruption with a global span. It extensively incorporates anecdotal examples of disruptive digitization across countries, accentuating the impact of major digital disruptions. It is targeted at any professional interested in studying digitization's holistic impact. The book provides a discourse on digital topography to make business students industry-ready. Given the pervasive digital economy and a rapidly evolving

business world, the book helps practicing managers better appreciate their digital environments. Management students who not only have to survive in this digital landscape but also thrive and chart out a lucrative career will benefit significantly from the book.

The Routledge Handbook of the Gig Economy Routledge

For decades, working permanent full-time or part-time jobs has been the traditional type of employment. Most employees typically work a set number of hours in a week and perform the same set of tasks every day. However, in recent years, the workforce has shifted toward a gig economy, where many people take on a variety of short-term jobs and projects, or gigs. The most popular job is freelance work. While the

gig economy is novel and a great fit for many, it comes with its new challenges. Thus, learning how to master the gig economy is a worthwhile endeavor for anyone starting to freelance in the future. And all you are looking for is in this book.

Edward Elgar Publishing

Using an interdisciplinary approach, this book draws on legal, HRM, occupational psychology and economic perspectives to innovatively explore the conflicts and blurring boundaries affecting the Gig Economy in terms of the worker, employee identity, status and relationships, and team and career management.

Complete Guide to Human Resources and the Law, 2021 Edition John Wiley & Sons

An Introduction to the Gig Economy is a book that provides a conceptual framework for understanding and studying the various aspects of the gig economy. A variety of aspects of the gig economy are discussed in detail in this book. Students at both undergraduate and postgraduate levels will find it useful. In this book, the subject is presented in a simple and lucid manner so that students can easily understand it. The purpose of this book is to explain what the "gig economy" is, how it functions, the implications it poses for workers and businesses within its boundaries, and what issues it raises for society and the economy. It is the theoretical approach that dominates this book's assessment of its subject. In order to provide adequate and necessary

notes, a range of sources and references have been consulted. There are many subjective aspects that have been discussed throughout the book based on classroom experiences

Working in the Gig Economy Oxford University Press

The Complete Guide to Human Resources and the Law will help you navigate complex and potentially costly Human Resources issues. You'll know what to do (and what not to do) to avoid costly mistakes or oversights, confront HR problems - legally and effectively - and understand the rules. The Complete Guide to Human Resources and the Law offers fast, dependable, plain English legal guidance for HR-related situations from ADA accommodation, diversity training, and privacy issues to hiring and

termination, employee benefit plans, compensation, and recordkeeping. It brings you the most up-to-date information as well as practical tips and checklists in a well-organized, easy-to-use resource.

Gig Economy Kogan Page Publishers
What is gig-ing? Will your job be gig-ed out? How do you succeed in the gig world? You think that gig-ing is the future of work? Wrong! The gig era is already here. The gig economy is, arguably, the biggest disrupter of organisational models. Driven by digitisation, remote working, and platform economies, it is transforming the traditional system of employment. More jobs are now being assigned to individual independent contractors. Covid-19 has exponentially accelerated

this momentum. Gig is no longer the future; it is now. Whether by choice or perforce, you either are a gig-er or will turn into one very soon. While companies are scrambling to adapt, the impact is most severe at the individual level. Rules of a full-time job do not apply any longer. You will have to reinvent yourself. Thriving in the gig world is not merely about getting your skill set right. It requires mastering four complementary dimensions—Gig Attitude, Gig Lifestyle, Gig Personality, and Gig Functional Skills. *Secrets for Thriving in the Gig Zone* offers practical hacks to win in this booming world. Based on the author's first-hand experiences, this book lays out actionable secrets. Peppared with real-life examples, quotes from other gig-ers,

and ready-to-use templates for self-evaluation, this book will steer you to success.

The Gig Is Up Routledge

The Gig Economy AMACOM

The Gig Economy Springer Nature

This international book analyses the impact of digitisation in labour markets, on labour relationships and also on labour processes. The rapid progress of modern disruptive technologies and AIs and their multiple applications to each phase of the labour production system, are changing the production rules on a global scale with significant impacts in every aspect of work. As new technologies transform work patterns and change the type of jobs available - destroying some while creating others - and even the nature of the tasks

performed, numerous legal problems arise which are challenging to legislators and legal scholars who need to find appropriate solutions to them.

Considering the labour law issues which have been created by technological developments and currently affect the work of millions worldwide, this book highlights the full scope of these issues, suggesting solutions to emerging problems and ways to mitigate the risks brought about through technological advancement. Approaching the present debate with perspectives on legal problems with expertise from a wide range of different countries, this book presents informed and scholarly studies which answer the challenges that new technologies present in labour markets, private lives and labour processes.

Professors in the Gig Economy Univ of California Press

The Complete Guide to Human Resources and the Law will help you navigate complex and potentially costly Human Resources issues. You'll know what to do (and what not to do) to avoid costly mistakes or oversights, confront HR problems - legally and effectively - and understand the rules. The Complete Guide to Human Resources and the Law offers fast, dependable, plain English legal guidance for HR-related situations from ADA accommodation, diversity training, and privacy issues to hiring and termination, employee benefit plans, compensation, and recordkeeping. It brings you the most up-to-date information as well as practical tips and checklists in a well-organized, easy-to-

use resource. The 2017 Edition provides new and expanded coverage of issues such as: The Supreme Court held in March 2016 that to prove damages in an Fair LaborStandards Act (FLSA) donning/doffing class action, an expert witness testimony could be admitted Tyson Foods, Inc. v. Bouaphakeo, 136 S. Ct. 1036 (2016). Executive Order 13706, signed on Labor Day 2015, takes effect in 2017. It requires federal contractors to allow employees to accrue at least one hour of paid sick leave for every 30 hours they work, and unused sick leave can be carried over from year to year. Mid-2016 DOL regulations make millions more white-collar employees eligible for overtime pay, by greatly increasing the salary threshold for the white-collar exemption. Updates on the PATH Act

(Protecting Americans From Tax Hikes; Pub. L. No. 114-113. The DOL published the fiduciary rule in final form in April 2016, with full compliance scheduled for January 1, 2018. The rule makes it clear that brokers who are paid to offer guidance on retirement accounts and Individual Retirement Arrangements (IRAs) are fiduciaries. In early 2016, the Equal Employment Opportunity Commission (EEOC) announced it would allow charging parties to request copies of the employer's position statement in response to the charge. The Supreme Court ruled that, in constructive discharge timing requirements run from the date the employee gives notice of his or her resignation not the effective date of the resignation. Certiorari was granted to determine if the Federal

Arbitration Act (FAA) preempts consideration of severing provisions for unconscionability. "

For many, the gig economy is part of everyday life. It affects how our food and groceries are delivered, our transportation options, and where we stay when we travel. But while apps like Uber tend to receive the most attention, this shift in the labor market manifests in many different ways. Essentially, it applies to anyone who forgoes traditional full-time employment for temporary or contract-based work. Your readers will experience a wide range of viewpoints that consider how the gig economy has developed, its advantages and disadvantages for both workers and

consumers, and whether regulation could help ensure its growth is beneficial to all involved.

Moving Away From A Full-Time Workforce Education Classified

Secrets for Thriving in the Gig Zone
Greenleaf Book Group

Throughout the last decade, the 'gig economy' has emerged as one of the most significant developments in the world of work. As a novel, hyper-flexible

form of labour, gig work features a uniquely fragmented working arrangement wherein independent workers partner with digital platform organisations to provide a range of on-demand services to customers. Work in the Gig Economy: A Research Overview provides a concise overview to the key themes and debate that encompass the gig economy literature. It covers five core themes: an introduction to gig work; classification issues; the role of technology; the experiences of gig workers; and the future of gig work. As an emerging and diverse research field, contributions stem from an array of perspectives including psychology, sociology, human resource management, legal studies, and technology management. The chapters

synthesise the most prominent insights into this emerging field, key thinking on the complex relationships and conditions found in gig work, and the most significant issues to be addressed as the gig economy continues to develop. A critical introduction for students, scholars and reflective professionals and policymakers, this book provides much needed direction through the rapidly growing and expansive body of research on work in the gig economy.

The Economic Value of Digital Disruption

Cambridge University Press

Ob Foodora, Deliveroo oder Uber – die Unternehmen der Plattformökonomie bieten denen, die für sie arbeiten, oft das Schlechteste aus beiden Welten: die Unfreiheit von Angestellten gepaart mit der Unsicherheit von Freelancern. Die

sogenannte Gig Economy ist allerdings nur die Spitze des Eisbergs. Längst ist auch das Standard-Beschäftigungsmodell in die Krise geraten: Minijobs und aufgeweichter Kündigungsschutz, unfreiwillige Teilzeit und Zeitarbeit sind allesamt Facetten einer Entwicklung, die den Arbeitsmarkt des globalen Nordens seit den späten siebziger Jahren erschüttert. Colin Crouch liefert eine differenzierte Analyse und bietet Vorschläge für zeitgemäße Reformen, mit denen die Unsicherheiten auf dem Arbeitsmarkt abgefedert werden könnten.

After the Gig Suhrkamp Verlag

Ultimate Gig will serve to answer questions and help gig-providing companies and workers make decisions by informing, inspiring and motivating as

well as serving as a teaching tool. Most importantly it will give the reader a

better understanding of the most significant labor revolution in the past 100 years as to how work can be done.
