This Bentley Manual is the only comprehensive, single source of service

information and specifications for BMW 5 Series (E28) cars from 1982-1988.

Whether you're a professional technician or a do-it-yourself BMW owner, this

manual will help you understand, maintain, and repair every system on 5

Series cars. Features: -Complete preventative maintenance procedures for

everything from the yearly brake fluid change to resetting the oil and service indicator light and oxygen sensor lights.

This manual tells you what to do, how and when to do it, and why it's important.

Many of the maintenance recommendations exceed factory-

recommended service intervals and are designed to extend your BMW's service life. -Detailed troubleshooting and repair information for these Bosch fuel injection and engine management systems: Motronic (528e, 533i, 535i, 535is) and Motronic 1.1 (528e from March 1987). This Motronic 1.1 service information is not covered in BMW's factory repair manual. - Comprehensive Engine Management information for specific BMW 5 Series driveability problems, including troubleshooting electronically-controlled idle speed faults that are frequently misdiagnosed. -Troubleshooting tips with

fast, proven repair procedures used by BMW technicians and specialists. -Critical updates and hard-to-find information from dealer service bulletins, such as how to replace the camshaft timing belt, sprocket and tensioner with the correct Z-127 update, and cylinder head bolt replacement on 528e models. -Large, easy-to-read wiring schematics for all major circuits, along with a full listing of ground points, connector and splice locations, and electronic component locations. -Complete procedures and specifications for rebuilding these engines and transmissions: Engines (engine code): 2.7 liter (B27) 528e model 3.3 liter (B32) 533i model 3.5 liter (B34) 535i, 535is models Transmissions: Getrag 260 (with integral bellhousing) Getrag 265 (with removable bellhousing)

As U.S. and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality-control problems, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says:

Chrysler's days are numbered with the dubious help of Fiat. Electric cars and ethanol power are PR gimmicks. Diesel and natural gas are the future. Be wary of "zombie" vehicles: Jaguar, Land Rover, Saab, and Volvo. Mercedes-Benz - rich cars, poor quality. There's only one Saturn you should buy. Toyota - enough apologies: "when you mess up, 'fess up."

BMW is a company associated with motoring firsts. The very idea of a sports sedan was merely a novelty until BMW introduced the 5 series in 1972. As BMW's "middle child," the 5 series has drawn features from the company's smallest and largest models, establishing a reputation for performance and practicality through multiple generations. This book covers the history of the 5 series midsize sedan and the related X5 SUV from September 1972 to the e60's major makeover for 2008 and the development of the e70 X5. Specific mechanical, electronic and cosmetic changes are described, including the time of and reasons for their introduction. Several aspects of BMW's corporate history and technically related models such as the 6-series are also described, as are aftermarket modifications by Alpina,

Hartge, and other specialist BMW tuners and speed shops. The book includes more than 200 photographs.

On September 11th, 2004, life turned upside down for Doc and Cindy Blackmore. They had just sent their youngest child off to college and were looking forward to their empty nest when Doc was injured in a bicycle accident while on a hunting trip in the Rocky Mountains, leaving him paralyzed from the chin down and dependent on a ventilator. Their journey

during the next five years was physically and emotionally difficult, but spiritually uplifting. During their journey, Cindy sent out emails to an ever-growing distribution list. What began as a way to keep friends and family updated on Doc's condition turned into a spiritual touchstone for hundreds or possibly thousands of people across the country. You will find laughter and tears in these pages. The author's prayer is that you also find faith and strength in them. It is exactly as the title

indicates-a journal of their journey! Cindy Gittemeier Blackmore was born in 1960 and married Darwin Blackmore in 1980. They resided in Cairo, MO, where Cindy still lives today. They had three children and were married 24 years when Darwin was injured in 2004. Together they gave many witnesses to proclaim their faith in God and to show others how God provided for them. Darwin died in 2009, five years after the accident. Cindy continues to share their story.
