 Why Understanding Green Business? With every new day society has become more aware of the increasing threats to the globe due to the non-environmentally friendly practices that have been occurring in the previous years. Due to the newfound awareness, people have taken greater lengths to pass laws, alter company policies and change their everyday lives to do their part in helping to preserve the environment and prevent any further damage. Rather than taking the easy route and continuing their habits, society is putting forth a consciousness effort to go out of their way to improve the environment in any way they can. As a collective force the going green movement will better the environment and allow further generations to enjoy a clean and productive world. How is Understanding Green Business structured? Dr. Tehrani and Dr. Sinha dedicate each chapter to a different aspect of "going green" in this book such as products, transportation, networking, research and energy alternatives. In addition, the authors discuss green careers and provide useful information on how to go about working at a green company. The future of the green movement and its impacts are mentioned so as to provide a potential impact of current changes in the future. It also shows a possible interpretation of how the future green movement shall be exercised. Who is this book for? This book has been created as the core textbook for Business professionals, industry practitioners, academicians and students who would like to hone their business skills, and keep up with the latest trends in Green Business. How do people respond to a state that is violent towards its own citizens? In *State, Violence, and Legitimacy in India*, this question is addressed through insights offered by ethnographic explorations of everyday policing in Delhi and the anti-insurgency measures of the Indian army in Lakhpathar village in Assam. Battling the dominant understanding of the inverse connect between state legitimacy and use of violence, Santana Khanikar argues that use of violence does not necessarily detract from the legitimacy of the modern territorial nation-state. Based on extensive research of two sites, the book develops a narrative of how two facets of state violence, one commonly understood to be for routine maintenance of law and order and the other to be of extraordinary need for maintaining unity and integrity of the nation-state, often produce comparable responses. The book delves into the debates surrounding state-citizen relationship in India, while critically engaging with dominant notions of state legitimacy and its relation with use of violence by the state.

Galak-galakan politik-kekuasaan ala cebong versus kampret ini benar-benar telah kaffah

menghibahkan kegerahan luar biasa. Bukan hanya pada ketiak kita, tapi sekaligus hati nurani dan akal sehat. Pada era Umar bin Abdul Aziz, ketika dibaiat, dia menangis dengan sangat sedu lagi sedan. Dia menyatakan betapa takutnya sama Allah jika sampai gagal mengemban amanah kepemimpinan itu. "Duh Gusti, duh, duh, duh, yungalah, kenopo kok kedah kulo sek dipilih meniko? Astaghfirullahal adhim, atubu ilaika...." Hari ini? Bhaaaaa!! Meong, pus, puss, puss.... Eh, metune kucing, padahal aslinya pengen berkata kasar.... K-A-S-A-R. **** Buku ini memuat esai-esai nyeluthak yang pernah tayang di Mojok.co selama tiga tahunan. Beragam tema dan gaya. Ada yang satire, ada pula yang beneran nyinyir. Ada yang bak cendekiawan, ada pula yang beneran kurang kerjaan. Cari pisuhan, ya banyak, cari ilmu, wallahu a'lam, ya. Cari renungan, ya ada, cari kepongahan, ada banget. Untuk umat yang telah suci, ndak usah dibeli, ya, tiada faedahnya. Buku kotor ini hanya akan berfaedah pada umat yang nirfaedah yang dalam kenirfaedahannya ia bisa tertawa, njungkel-njungkel, menikmati kopi, juga kepo, sambil mikir: "Hidup itu jenaka banget gini, tapi kenapa sampeyan kok masih percaya mati sama lambe turahe politikus dan agamawan-hakdes-nguknan?"
