The spearhead of a highly successful export drive, a winning production racer and the top 'street fighter' of its day, the Triumph Bonneville retains a special place in the hearts of motorcyclists worldwide. Motorcycle expert Steve Wilson offers personal recollections from those who have tuned, raced and restored Bonnevilles; details of the Bonnie's racing successes; buying and tuning tips; and technical specifications to deliver this detailed study of the machine and the men who helped make it a motorcycle icon.

Perfect Kind of Trouble Prentice Hall

Praise for Best Kind of Broken: "By turns humorous and heartbreaking, Best Kind Of Broken has become one of my favorites!" ---Cora Carmack, New York Times bestselling author "You'll fall for Pixie and Levi, just like I did!" ---Jennifer L. Armentrout (J. Lynn), #1 New York Times bestselling author "Tangled with friendship, history and heartbreak - not to mention a huge dose of humor - Chelsea Fine's New Adult novel is not to be missed! Beyond an incredibly HOT read, Pixie and Levi's longing for each other will have you rooting for them till the very end." --- Jay Crownover, New York Times bestselling author "Chelsea Fine's style is witty, visceral and fresh. All I wanted to do was crawl inside this book and live with the characters. " --- Chelsea M. Cameron, New York Times bestselling author Sometimes when perfect falls apart, a little trouble fixes everything . . . Twenty-one-year-old Kayla Turner has lost everything. After spending most of her life taking care of her ailing mother, she just wants to spot a glimmer of light at the end of the tunnel. So when her late father-a man she barely knew-leaves her an inheritance, she finally breathes a sigh of relief . . . until she learns the inheritance comes with strings. Strings in the form of handsome playboy Daren Ackwood, her father's protégé. To see any of her inheritance, she's forced to team up with him. From his expensive car to those sexy dimples, Kayla's seen his type before. But Daren isn't who he seems to be . . . Struggling to make amends for his family's mistakes, Daren has a life more

Oliver Twist than Richie Rich these days. He's beyond grateful that James Turner included him in his will, but working with Turner's princess of a daughter to fulfill his cryptic last wish is making Daren wonder if being broke is really so bad. Still, she's just as beautiful as she is stubborn, and the more time he spends with Kayla, the less it feels right being without her. Soon Daren and Kayla begin to wonder if maybe the best gift Kayla's dad could have left them . . . was each other. *New Adult Romance* (85,000 words)

Star Trek: First Contact IDW Publishing

This book is dedicated to Aristid Lindenmayer on the occasion of his 60th birthday on November 17, 1985. Contributions range from mathematics and theoretical computer science to biology. Aristid Lindenmayer introduced language-theoretic models for developmental biology in 1968. Since then the models have been commonly referred to as L systems. Lindenmayer's invention turned out to be one of the most beautiful examples of interdisciplinary science: work in one area (developmental biology) induces most fruitful ideas in other areas (theory of formal languages and automata, and formal power series). As evident from the articles and references in this book, the interest in L systems is continuously growing. For newcomers the first contact with L systems usually happens via the most basic class of L systems, namely, DOL systems. Here "0" stands for zero context between developing cells. It has been a major typographical problem that printers are unable to distinguish between 0 (zero) and O (oh). Thus, DOL was almost always printed with "oh" rather than "zero", and also pronounced that way. However, this misunderstanding turned out to be very fortunate. The wrong spelling "DOL" of "DOL" could be read in the suggestive way: DO L Indeed, hundreds of researchers have followed this suggestion. Some of them appear as contributors to this book. Of the many who could not contribute, we in particular regret the absence of A. Ehrenfeucht, G. Herman and H.A. Maurer whose influence in the theory of L systems has been most significant.

Stories Springer Science & Business Media

A new translation of *Un río, un amor* (One River, One Love) by Luis Cernuda (1902-1963). Written in France and Spain in 1928-1929, this collection reflects the influences, conflicts and impulses that governed the poet's life then and is faithful to the

author's quasi-Surrealist intentions.

The Oxcart Createspace Independent Pub

The world's second-wealthiest country, Japan once seemed poised to overtake America. But its failure to recover from the economic collapse of the early 1990s was unprecedented, and today it confronts an array of disturbing social trends. Japan has the highest suicide rate and lowest birthrate of all industrialized countries, and a rising incidence of untreated cases of depression. Equally as troubling are the more than one million young men who shut themselves in their rooms, withdrawing from society, and the growing numbers of "parasite singles," the name given to single women who refuse to leave home, marry, or bear children. In *Shutting Out the Sun*, Michael Zielenziger argues that Japan's rigid, tradition-steeped society, its aversion to change, and its distrust of individuality and the expression of self are stifling economic revival, political reform, and social evolution. Giving a human face to the country's malaise, Zielenziger explains how these constraints have driven intelligent, creative young men to become modern-day hermits. At the same time, young women, better educated than their mothers and earning high salaries, are rejecting the traditional path to marriage and motherhood, preferring to spend their money on luxury goods and travel. Smart, unconventional, and politically controversial, *Shutting Out the Sun* is a bold explanation of Japan's stagnation and its implications for the rest of the world.

In honor of First Contact Day, IDW is thrilled to present a special digital edition of *Star Trek: First Contact*, the official comic tie-in to the beloved movie. When the Borg attempt to alter the history of the universe by traveling back in time to stop Earth's first encounter with alien life, it's up to Captain Jean-Luc Picard and the crew of the *Enterprise* to stop them... if they aren't assimilated first! Adapted by writer John Vornholt and artists Rod Whigham and Terry Pallot from the story written by Rick Berman, Brannon Braga & Roland D. Moore.

How Japan Created Its Own Lost Generation Nde Pub

Covers all U.S. and Canadian models of Toyota Camry, Avalon, Solara and Lexus ES 300/330 models.

Everybody Loves Somebody Demontreville Press

CENTER COURT STING Trash talking leads to trouble on the basketball court.... Forward Daren McCall is quick with an insult, quick to take offense, and quick to blame anyone but himself for his troubles. So when center Lou Bettman accuses him first of bad-mouthing him, then of vandalism, Daren turns the tables and insists that Lou is out to get him. The team splits into two camps, those who believe in Daren's innocence and those who take Lou's side. The fight heats up when Daren falls victim to an outrageous act. But did Lou retaliate, as Daren suspects, or is someone else trying to teach Daren a lesson?

Arcimboldo Harper Collins

Through the voice of Mee Ali, readers experience the rhythms and rituals of life in rural Namibia in interconnected stories. In Oshaantu, a place where women are the backbone of the home but are expected to submit to patriarchal dominance, Mee Ali is happily married. Her friend, Kauna, however, suffers at the hands of an abusive husband. When he is found dead at home, many of the villagers suspect her of poisoning him. Backtracking from that time, the novel, with its universal appeal, reveals the value of friendships, some of which are based on tradition while others grow out of strength of character, respect, and love.

Running away from a complicated life, Raleigh finds herself plunged into a nightmare. While hitchhiking across the country, she and her companion are struck by a car. Her friend is killed but Raleigh survives and her life is thrown into the hands of the three men involved in the accident. Bruised and in shock, Raleigh is locked in the basement of their remote country house, unsure of her fate. Kaden, one of her captors, is handsome and at times protective, and he convinces his friends to spare Raleigh's life to ransom her. But the safety he provides is only from his friends, and Raleigh must face his sinister intentions. Agreeing to become his lover in return for continued protection, she begins to see a tender and caring side of Kaden despite their short but violent history. As the ransom payment begins to unravel and Raleigh's life hangs in the balance, she wonders how much she can trust Kaden. Are the feelings she has developed for him genuine or a

result of her situation? Does he truly care for her, as he claims, or does he just see her as a ransom payment? Screaming in the Silence is the harrowing, provocative story of a woman testing love in the most hostile of environments. It is a story you will never forget. Now, with a new, never-before read Epilogue, Screaming in the Silence is the official published version of the Internet hit that has been read hundreds of thousands of times.

The Purple Violet of Oshaantu CRC Press

The book is styled on a Cookbook, containing recipes - combined with free datasets - which will turn readers into proficient OpenRefine users in the fastest possible way. This book is targeted at anyone who works on or handles a large amount of data. No prior knowledge of OpenRefine is required, as we start from the very beginning and gradually reveal more advanced features. You don't even need your own dataset, as we provide example data to try out the book's recipes.

Latinos in New England TAN Books

Joanna Scott's unparalleled gift for storytelling has inspired hyperbole from critics and her devoted fanbase, which includes some of the most preeminent writers of our time. But not since Various Antidotes, a finalist for the PEN/Faulkner Award, has she turned her talents toward short stories. At the seaside wedding of two lovers kept apart by the caprices of fate, a doting uncle looks on while his errant brother, father of the bride, struggles to free himself from a locked bathroom across town. A young woman arrives in Jazz Age New York with stars in her eyes and a few coins in her pocket and after a string of failed jobs, she thinks she's found salvation in a romance with her boss at a local greasy spoon but learns that her idea of herself and others' ideas of her are quite different. A bright business man seems content with all the trappings his good fortune affords, until a flat tire and a chance encounter with a couple of mechanics in the country upsets his entire view. Here Joanna Scott offers a group of tales that celebrate her acknowledged sense of character, plot and her gift for capturing the breathtaking tension even in life's quietest moments.
