Drawing on

over 10 years' experience of publishing for Edexcel maths, Heinemann Modular Maths for Edexcel AS and A Level brings you dedicated textbooks to help you give your students a clear route to success, now with new Core maths titles to match the new 2004 specification. Further Pure 1 replaces Pure 4 in the new 2004 specification. **AS/A Level Maths for Edexcel - Core 4: Student Book**

Heinemann Secondary AS/A Level Maths for Edexcel - Decision Maths 1: Student Book **A Companion to School Experience** Heinemann This study aid contains all the key information that students need to succeed in their Edexcel AS Maths Statistics 1 optional module. Clear explanations and worked examples are accompanied by Essential notes and Exam tips. Find practice

exam questions with fully worked answers, as well as guidance from examiners on securing top marks. Collins Student Support Materials for Edexcel AS Maths Statistics 1 covers all the content and skills your students will need for their optional Statistics 1 examination, including: \* Representing and summarising data \* Probability \* Correlation and regression \*

Discrete random variables \* Normal distribution \* EXAM PRACTICE \* Answers *Edexcel GCSE (9-1) Mathematics: Higher Student Book* Coordination Group Publication These brand new textbooks, matched to the Edexcel A/AS level syllabus, will be indispensable for both student and teacher in the next academic year. Their purpose is to make the

transition to a six module syllabus as trouble-free as possible. Highly accessible to the student, these new books will encourage classroom and individual learning, while offering assistance on the more complex topics.

#### **Mechanics 4**

Heinemann Suitable for high school students with high mathematics ability and people above high school level. High school students with

higher mathematics ability should learn more in-depth Mathematical Olympiad topics through independent learning methods to further improve their mathematics level, which is conducive to studying university subjects in the future.

**Revise for Statistics 2**

Heinemann Specifically written for the current Edexcel syllabus modules, this text is part of a series that follows the

order of the syllabus and includes relevant exam questions. In a chatty, informal style to encourage students, the text also includes highlighted key features in each chapter.

*AS-level Mathematics*

Heinemann Secondary This book is the definitive revision guide for all students studying A-Level Health and Social Care with Edexcel. Tailored specifically for Unit 1, this

book takes you on an accessible tour through the examination process, and covers all the material required by the Edexcel syllabus. Features include: REVISION AND EXAMINATION S: Hints, tips, and subject-specific guidance for improving revision and exam techniques. FAST FACTS: User-friendly coverage of all the necessary material for the unit, including all the life stages,

factors affecting development, and health promotion campaigns.

**SAMPLE EXAMINATION PAPERS:** Three full, previously unpublished exam papers.

**MARK SCHEMES:** Answers to the exam papers.

**COMPLETED EXAMS:** Two completed exam papers, helpfully marked and annotated. Compiled and refined by an experienced teacher and examiner, this original all-inclusive revision guide

is essential reading for any students wishing to succeed in their Health and Social Care A-Level.

**Core Mathematics** Pearson Education Ltd A syllabus-specific textbook providing worked examples, exam-level questions and many practice exercises, in accordance to the new Edexcel AS and Advanced GCE specification.

Mechanics Mathewmatici an Revision book

written specifically for the Edexcel AS and A Level exams offering: worked examination questions and examples with hints on answering examination questions successfully; test-yourself section; key points reinforcing what students have learned; and answers to all questions.

Decision Mathematics 2 Heinemann Updated for the 2004 specification, these new Core books

are in full colour to ease the transition from GCSE to A Level. Tailor-made for the new specification and written by members of an experienced Senior Examining Team, you can be sure they provide everything students need to succeed.

**Core Mathematics C3**

Heinemann Easing the transition from GCSE to AS level, this textbook meets the 2004 Edexcel specifications

and provides numerous worked examples and solutions to aid understanding of key concepts. *Revision Guide* Heinemann Split into sections on Pure Mathematics, Statistics, Mechanics, and Discrete Mathematics this one book is the essential study companion for all your AS Mathematics students. Ideal either as a class text or as a useful revision

guide\* Mathematical concepts and principles presented in a clear, straightforward style\* Each section includes a wealth of examination style questions and answers\* Suitable for any specification - the book features an AS specification mapping grid so you can feel confident that your specification is covered *Modular Maths for Edexcel A/AS Level Syllabus* Nelson

<p>Thornes Matching the specification, E dexcel AS and A Level Modular Mathematics D1 features: <u>Mechanics 5</u> Heinemann Specifically written for the current Edexcel syllabus modules, this text is a part of a series that follows the order of the syllabus and includes relevant exam questions.
