Into the Jungle PediaPress
When a family spends a day at the beach, the children investigate various footprints to see what type of creatures live along the shoreline. Rhyming text turns a sandy beach into an outdoor classroom. The tracks and habits of local wildlife, including hopping

sandpipers, scuttling crabs, and burrowing turtles, are identified and explained for young ecology detectives. Even Daddy's feet make an appearance! And at day's end, it's time for tired feet to make their way home. STEM-based back matter includes information on how clues like footprints can identify the type of wildlife inhabiting any given habitat.

After the fall of communism, Russia was in a state of shock. The sudden and dramatic change left many people adrift and uncertain—but also full of a tentative but tenacious hope. Returning again and again to the provincial hinterlands of this rapidly evolving country from 1992 to 2008, Susan Richards

struck up some extraordinary friendships with people in the middle of this historical drama. Anna, a questing journalist, struggles to express her passionate spirituality within the rules of the new society. Natasha, a restless spirit, has relocated from Siberia in a bid to escape the demands of her upper-class family and her own mysterious demons. Tatiana and Misha, whose business empire has blossomed from the ashes of the Soviet Union, seem, despite their luxury,

uneasy in this new world. Richards watches them grow and change, their fortunes rise and fall, their hopes soar and crash. Through their stories and her own experiences, Susan Richards demonstrates how in Russia, the past and the present cannot be separated. She meets scientists convinced of the existence of UFOs and mind-control warfare. She visits a cult based on working the land and a tiny civilization founded on the practices of traditional Russian

Orthodoxy. Gangsters, dreamers, artists, healers, all are wondering in their own ways, "Who are we now if we're not communist? What does it mean to be Russian?" This remarkable history of contemporary Russia holds a mirror up to a forgotten people. *Lost and Found in Russia* is a magical and unforgettable portrait of a society in transition.

Either way, he's ready for action. But he never could have predicted the action he's about to get... Doctor Zoe Rodriguez is in charge of a clinic in a tiny town on

the edge of the rain forest. She's still dealing with a traumatic experience she had in Mexico—a trauma she wouldn't have survived if it weren't for Lee. So when they unexpectedly cross paths again, unresolved wounds rise to the surface, and their mutual passion flares to life. But when a new threat reveals itself, Lee and Zoe's reunion takes on echoes of the past that may ruin their chance for a future.

Lost... In the Jungle of Doom BenBella Books

This book addresses the recovery of submerged memories, loss and trauma in self-avowed intertextual fiction, while simultaneously exposing the tensions and untenability of any stable figuration of alterity. Otherness thus posits a liminal and largely transversal site of resistance to monological representations of Western identity, history and canon, which are now displayed inherently crossbred and built on the occulting and alienating of difference. With this in

view, the author carries out a close reading of the works and scholarly statements of J. M. Coetzee and Marina Warner by taking as the point of departure the intertextualist approaches that most attend to the phenomenon of alterity against the critical discourses of modern representation. Fully installed in the revision of canon policies, Foe and Indigo re-read Eurocentric institutionalised forms of othering at the same time they posit new and suggestive rehearsals of

identity languages via literature. Intertextual fiction thus turns out to be a powerful instrument to render alterity visible and agential in the discourses of reality. Ultimately, alterity is enabled to speak and invite social change and ethical awareness without denying the history of its alienation.

Lost and Found in Russia

Peachtree Years of tradition crashed around the ears of Celtic supporters when the Jungle was demolished and replaced by seating

to conform with the Taylor Report. It might never have been the most attractive setting in which to watch football but to the fans who occupied the gentle slopes under the covered North Enclosure it was as familiar as their own living-room. To them it was the nerve-centre of all that was good about their team and about Scottish football in general. There they had gathered to witness the great dramas unfold, the star players weave their artistry, and there they experienced the nerve-

jangling, magical nights as Celtic joined the ranks of great European sides in the 1960s. John Quinn spent months interviewing the people who shaped the history of the Jungle. Star players past and present describe their favourite memories and the fans themselves recall the scenes indelibly etched in their minds. Jungle Tales is an exercise in pure nostalgia. It is in many ways a book by the fans for the fans as they reminisce over past glories and long for the days when they will

return.

BOOK The remarkable
story of James Howard
“Billy” Williams, whose
uncanny rapport with the
world’s largest land
animals transformed him
from a carefree young
man into the charismatic
war hero known as
Elephant Bill In 1920, Billy
Williams came to colonial
Burma as a “forest man”
for a British teak
company. Mesmerized by
the intelligence and

character of the great
animals who hauled logs
through the jungle, he
became a gifted
“elephant wallah.” In
Elephant Company, Vicki
Constantine Croke
chronicles Williams’s
growing love for
elephants as the animals
provide him lessons in
courage, trust, and
gratitude. Elephant
Company is also a tale of
war and daring. When
Japanese forces invaded
Burma in 1942, Williams
joined the elite British
Force 136 and operated
behind enemy lines. His

war elephants carried supplies, helped build bridges, and transported the sick and elderly over treacherous mountain terrain. As the occupying authorities put a price on his head, Williams and his elephants faced their most perilous test. Elephant Company, cornered by the enemy, attempted a desperate escape: a risky trek over the mountainous border to India, with a bedraggled group of refugees in tow. Part biography, part war epic, Elephant Company is an

inspirational narrative that illuminates a little-known chapter in the annals of wartime heroism. Praise for Elephant Company “This book is about far more than just the war, or even elephants. This is the story of friendship, loyalty and breathtaking bravery that transcends species. . . . Elephant Company is nothing less than a sweeping tale, masterfully written.”—Sara Gruen, *The New York Times Book Review* “Splendid . . . Blending biography, history, and wildlife

biology, [Vicki Constantine] Croke’s story is an often moving account of [Billy] Williams, who earned the sobriquet ‘Elephant Bill,’ and his unusual bond with the largest land mammals on earth.”—*The Boston Globe* “Some of the biggest heroes of World War II were even bigger than you thought. . . . You may never call the lion the king of the jungle again.”—*New York Post* “Vicki Constantine Croke delivers an exciting tale of this elephant whisperer-cum-war hero,

while beautifully reminding us of the enduring bonds between animals and humans.”—Mitchell Zuckoff, author of *Lost in Shangri-La* and *Frozen in Time*

"Yarns of a Professional

Gongoozler", or "Tales of English Canal Life at Dixie's Marina", is a series of eight short stories set around a fictionalised canal boat marina in the North-West of England. The British canal system stretches over two thousand miles, much of it passing through some of the most attractive and peaceful areas of countryside to be found in England and Wales. Occasional urban sections provide a wealth of historical detail relating to an industrial heritage long passed into the pages of

history. Canal boating and boat ownership is a rapidly developing industry, and inland waterways marinas are continually being constructed throughout the system to accommodate the steadily increasing numbers of steel narrowboats and GRP cruisers that abound. R J Adams entered the business both as a marina manager and narrowboat dweller. During the course of some twelve or so years he met some amazing people, saw some incredible sights,

and laughed uproariously at a plethora of amusing incidents. Each of the eight stories, though self-sufficient, are interlinked and best read consecutively. They are based on the author's own personal experiences over twelve years as an inland waterway's marina manager. Most of the events described in this book actually occurred, but with the exception of Molly", characters have been fictionalised and bear no relation to anyone, living or dead. *Bringing Up Baby Simon*

The Book That Made Me ABC-CLIO

Susan Griffin awakes from surgery with one thought—how to stop a murder before it happens. Only the intended victim refuses to believe that she has foreseen his death. Worse yet, she hasn't a clue as to the murderer, and the day of reckoning is but two weeks away. As owner of the Bawdy Boutique,

Susan's forte is fashion and frills, not murder and mayhem, so she calls on the two people she trusts the most—Wesley Grissom, a detective with whom she hopes to rekindle a past relationship, and her assistant manager, A. K. Williams, a forty year old cougar who's game for anything. But when Susan uncovers a conspiracy, she finds herself in over her head and dead wrong as to the killer. If you like your mystery with a dash of humor and a can-do heroine, this one's for

you.

As Lost as I Get A&C Black

On a cold January morning Susan leaves her husband alone for a few minutes and returns to find him gone. Suffering from dementia, no longer able to dress or feed or wash himself, he has wandered alone into a frigid landscape with no sense of home or direction.

Lost... Over the course of one weekend, the massive search for her husband brings Susan together with Jeff, a search and rescue expert and social worker

preoccupied with his young wife's betrayal. In Jeff's care is Corey, a mute eleven-year-old boy who has been abandoned by his family after accidentally setting a tragic fire. As the temperature drops and the search and rescue effort threatens to become one of search and recovery, they each confront haunting memories and difficult choices that will have an unexpected impact on their collective future... From the intersection of these three lives emerges

an arresting portrait of the shifting terrain of marriage and the devastating effects of physical and psychological damage. Written in spare, beautiful prose, Lost explores the lengths we will go to take care of someone, and the ways in which responsibility, love, and sorrow can bind people together.

Julius was born in a mansion on Salaverry Avenue, directly across from the old San Felipe Hippodrome. Life-size Disney characters and cowboy movie heroes romp across the walls of his nursery. Out in the

carriage house, his great-grandfather's ornate, moldering carriage takes him on imaginary adventures. But Julius's father is dead, and his beautiful young mother passes through her children's lives like an ephemeral shooting star. Despite the soft shelter of family and money, hard realities overshadow Julius's expanding world, just as the rugged Andes loom over his home in Lima. This lyrical, richly textured novel, first published in 1970 as *Un mundo para Julius*, opens

new territory in Latin American literature with its focus on the social elite of Peru. In this postmodern novel Bryce Echenique incisively charts the decline of an influential, centuries-old aristocratic family faced with the invasion of foreign capital in the 1950s. A gorgeously illustrated, lyrical non-fiction picture book about loons. It's summertime, and as darkness falls there is a haunting sound from the lake — Ooh-hoo-oo, ooh-hoo-oo. It is a loon calling to its family across the water. This lyrical story follows the life cycle of two loon chicks. We see them breaking out of their eggshells, then learning

to swim, find food and avoid predators such as snapping turtles and big bass fish. After they learn to fly, they migrate to the ocean. And when their striking black-and-white feathers finally emerge, they fly inland, each to find a new lake territory and mate. Accompanying Susan Vande Griek's poetic text are Karen Reczuch's gorgeous illustrations, which show the loons as they grow from tiny downy chicks to majestic adult birds. An afterword provides more information on loons,

including their amazing diving ability, the meanings of their calls, and the environmental threats that they face. Also illustrated are five different types of loons and other animals that can be found in their lake habitat. The illustrations were researched in the Ornithology Collections at the Royal Ontario Museum, and Ron Ridout of Bird Studies Canada consulted on the text. Celtic Memories of an Epic Stand Pocket Books

Somewhere between hunting for gold in Latin America as a geologist and getting married to a new husband, thirty-three-year-old Susan Purvis loses her way. Susan comes to believe that a puppy and working on ski patrol at the last great ski town in Colorado will improve her life. When she learns about avalanches that bury

people without warning, she challenges herself: "What if I teach a dog to save lives?" This quest propels her to train the best possible search dog, vowing to never leave anyone behind. With no clue how to care for a houseplant, let alone a dog, she chooses a five-week-old Labrador retriever, Tasha. With the face of a baby bear and the temperament of an NFL linebacker, Tasha constantly tests Susan's determination to transform her into a rescue dog. Susan and

Tasha jockey for alpha position as they pursue certification in avalanche, water, and wilderness recovery. Susan eventually learns to truly communicate with Tasha by seeing the world through her dog's nose. As the first female team in a male-dominated search-and-rescue community, they face resistance at

every turn. They won't get paid even a bag of kibble for their efforts, yet they launch dozens of missions to rescue the missing or recover the remains of victims of nature and crime. Training with Tasha in the field to find, recover, and rescue the lost became Susan's passion. But it was also her circumstance—she was in many ways as lost

as anyone she ever pulled out of an avalanche or found huddled in the woods. "Lostness" doesn't only apply to losing the trail. People can get lost in a relationship, a business, or a life. Susan was convinced that only happened to other people, until Tasha and a life in the mountains taught her otherwise.
