Notes | Principles of Macroeconomics | Economics ...Macroeconomics studies the economy as a whole. Some questions addressed by macroeconomics: 1. Why is average income high in some countries and low in others? 2. Why do prices rise rapidly in some periods and remain stable in others? 3. Lecture Notes on Macroeconomics Principles Lecture Notes in Macroeconomics

cs Section 1: Consumption and Saving Several ways to approach this subject. 1. Note that Asaving @ and Aconsumption @ are really the same question: that is, you get a certain amount of income, and you can save it or consume it. So can =t think about one without thinking about the other. 2. Lecture Notes in Macroeconomics - University of South Florida Lecture Notes in Macroeconomics

 Lecture notes
 What economics is all about? Why do people,

firms and governments behave the way they do
 o The role of incentives
 o How does this behaviour impact on the economy, individuals and the environment
 o The constraint of scarce resources.
 Incentive = driver-----
 scarce resources = restraint
