"The authors have the uncommon knack of taking the complex and explaining it in a clear, compelling way. I recommend it if you want to learn the principles of strategic communications and get structured suggestions to create better campaigns." Dave Chaffey, Co-founder and Content Director, Smart Insights This book has the strongest focus of online and offline integration of any marketing communications textbook. A blended approach to marketing is in its DNA. Compared to the competition that too often uses a bolts-on approach to integration, this book is essential for giving students the precise skills employers will look for - to be able to implement genuinely integrated marketing campaigns. This new, seventh edition combines professional and academic expertise to ground big picture theory into real-world case studies, drawing from cutting-edge global companies like Snapchat and Spotify, that will teach students the why behind the how. With increased focus on social media and the latest digital technologies, this new edition will teach students: - How AI, the Internet of Things, Big Data, AR/VR and marketing automation can be used successfully in campaigns - The opportunity and risks of social media - How to navigate ethical and data management challenges - How to use the current preferred digital marketing tools and technology Covering the key themes of customer engagement, experience and journey, this book will allow students to become truly confident working in an environment of ongoing technological transformation.

While buying and selling goods and services once necessitated a face-to-face transaction, much of the commerce we now undertake is completely electronic. Recent advances in electronic and mobile commerce, precipitated by innovations in technology and user acceptance, have led to subsequent changes in individual and organizational behavior. *E-Commerce Trends for Organizational Advancement: New Applications and Methods* gathers essential research on the changing face of commerce, investigating the development, delivery, and perception of e- and m-commerce systems and tools.

Building Business Acumen towards Sustainability Routledge

For courses in Internet Marketing or E-marketing This book teaches marketers how to engage and listen to buyers, and how to use what they learn to improve their offerings in today's Internet- and social media-driven marketing environment. It brings traditional marketing coverage up-to-date with a thorough, incisive look at e-marketing planning and marketing mix tactics from a strategic and tactical perspective. The focus is on the Internet and other technologies that have had a profound effect on how marketing is approached today. Included is coverage of marketing planning; legal and global environments; e-marketing strategy; and marketing mix and customer relationship management strategy and implementation issues. A major revision, this seventh edition reflects the disruption to the marketing field brought about by social media. As such it covers many new topics that represent the changes in e-marketing practice in the past two years. Because of the ever-changing landscape of the Internet, the authors suggest reading this book, studying the material, and then going online to learn more about

topics of interest. Features: Better understanding of new concepts in today's electronic marketplace is accomplished as the book puts that new terminology into traditional marketing frameworks. Readers are encouraged to exercise critical thinking and attention to their own online behavior in order to better understanding the e-marketer's perspective, strategies, and tactics—to think like a marketer. Although the focus is on e-marketing in the United States, readers also see a global perspective in the coverage of market developments in both emerging and developed nations. An entire chapter devoted to law and ethics, and contributed by a practicing attorney, updates readers on the latest changes in this critical area. Readers are guided in learning a number of e-marketing concepts with the help of some outstanding pedagogical features: -Marketing concept grounding helps readers make the connection between tradition and today. Material in each chapter is structured around a principle of marketing framework, followed by a look at how the internet has changed the structure or practice, providing an ideal bridge from previously learned material. -Learning objectives set the pace and the goals for the material in each chapter. -Best practices from real companies tell success stories, including new examples of firms doing it right. -Graphical frameworks serve as unique e-marketing visual models illustrating how each chapter fits among others. -Chapter summaries help readers review and refresh the material covered. -Key terms are identified in bold text within the chapter to alert readers to their importance. -Review and discussion questions are another device to be used for refreshing readers' understanding of the material in the chapter. -Web activities at the end of each chapter help readers become further involved in the content. -This revision reflects the disruption to the marketing field based on social media. A major revision from the sixth edition, it includes many new topics, as dictated by changes in e-marketing practice in the past two years. -Three important Appendices include internet adoption statistics, a thorough glossary, and book references. NEW. Students get a broader look at social media as it is now integrated throughout the book, instead of confined to one chapter. NEW. A look a new business models continues and strengthens the approach of learning from real life examples. Added and described in detail are such models as social commerce (and Facebook commerce), mobile commerce and mobile marketing, social CRM, crowdsourcing, and many important be less pervasive models such as crowdfunding, freemium, and flash sales. NEW. Chapters 12, 13 and 14 were completely rewritten to reflect the move from traditional marketing communication tools to the way practitioners current describe IMC online: owned, paid and earned media. NEW. Readers see examples of many new and interesting technologies that are today providing marketing opportunities, both in the Web 2.0 and 3.0 sections. NEW. The chapter-opening

vignettes continue to play an important role in illustrating key points. Two new vignettes and new discussion questions about each chapter opening vignette are included. NEW. Included are many new images in every chapter, plus updated "Let's Get Technical" boxes. NEW. Other chapter-specific additions that further enhance understanding of the concepts include: -More social media performance metrics (Ch. 2) -"Big data" and social media content analysis (Ch. 6) -New consumer behavior theory and "online giving" as a new exchange activity (Ch. 7) -Social media for brand building (Ch. 9) -App pricing and web page pricing tactics (Ch. 10)

Health Service Marketing Management in Africa (978-0-429-40085-8, K402492) Shelving Guide: Business & Management / Marketing Management The application of marketing to healthcare is a fascinating field that will likely have more impact on society than any other field of marketing. It's been theorized that an intrinsically unstable environment characterizes this very relevant emerging field, hence raising new questions. Changing regulations, discoveries, and new health treatments continuously appear and give rise to such questions. Advancements in technology not only improve healthcare delivery systems but also provide avenues for customers to seek information regarding their health conditions and influence their participatory behaviors or changing roles in the service delivery. Increasingly, there is a shift from a doctor-led approach to a more patient-centered approach. In Africa, the importance of marketing-driven practices in improving the delivery of healthcare services cannot be overemphasized. The issue of healthcare delivery and management is significant for policymakers, private sector players, and consumers of health-related services in developing economy contexts. Scholars have strongly argued in favor of marketing and value creation in healthcare service delivery in Africa. Each country in Africa has its own issues. For example, long waiting times, unavailable medications, and unfriendly staff are just a sampling of issues affecting the acceptability of healthcare services. These examples highlight the need to utilize marketing and value creation tools in the delivery of healthcare services. Furthermore, there is a need for the integration of service marketing and management principles to enhance the delivery of quality healthcare across Africa and other developing economies which is the critical focus of this book. This book responds to calls for quality healthcare service management practices or processes from developing economy perspectives. Focusing primarily on African and other developing economy contexts, this book covers seven thematic areas: strategy in healthcare; marketing imperatives in healthcare management; product and pricing management in healthcare; distribution and marketing communications in healthcare; managing people in healthcare; physical evidence and service quality management in healthcare; and process management in healthcare.
