Excerpts from a Family Medical Dictionary is an intimate, exquisite, and true account of what it is to help a parent die. After her mother was diagnosed with terminal cancer, former home care worker and award-winning writer Rebecca Brown cared for her mother during the last six months of her life. This spare, unsentimental book comes out of that experience. In short chapters headed by definitions of

medical terms, she confronts anemia, chemotherapy, metastasis, cremation. Brown's is a poignant and unflinching story of how one family coped with loss and learned about the longevity of love. The Wisconsin edition is for sale only in North America.

Beginning to Fully Rely on God

The girls on the prowl in *The Terrible Girls* are indeed terrible—relentless in love, ruthless in betrayal. These thematically linked stories depict a contemporary Gothic world in which body parts are traded for love, wounds never heal, and self-sacrifice is often the only way out.

An emotionally charged debut novel of a family on the brink--an autistic child, his determined mother, and her distant father--who learn that when your world changes, you find out who you really are. . . . While she was growing up, Piper's father, Lance "the Silver Eagle" Whitman, became a national hero piloting a plane through an emergency landing. But at home, he was a controlling and overbearing presence in

her life, raining emotional and verbal abuse upon the entire family. It's no surprise, then, that as an adult, Piper has poured all of her energy into creating a warm and loving home for her own family, while catering to her son Fred's ever-growing idiosyncrasies. Then Lance has a heart attack, leaving him with a brain injury--and dependent upon Piper for his care--just before tests confirm Piper's suspicions that Fred is on the autism spectrum. A powerful and extraordinary novel, *Flying at Night* gives voice to Fred, trying to find his place in a world that doesn't quite understand him; to Lance, who's lost what made him the man he was, for better and worse; and to Piper, who, while desperately trying to navigate the shifting landscape around her, watches

as her son and father start to connect--in the most miraculous ways. . . .

The human population's annual total consumption is not sustainable by one planet. This unprecedented situation calls for a reform of religious cultures that promote a large ideal family size. Many observers assume that Christianity is inevitably part of this problem because it promotes "family values" and statistically, in America and elsewhere, has a higher birthrate than nonreligious people. This book explores diverse ideas about human reproduction in the church past and present. It investigates an extreme fringe of U.S. Protestantism, including the Quiverfull movement, that use Old Testament "fruitful" verses to

support natalist ideas explicitly promoting higher fecundity. It also challenges the claim by some natalists that Martin Luther in the 16th century advocated similar ideas. This book argues that natalism is inappropriate as a Christian application of Scripture, especially since rich populations' total footprints are detrimental to biodiversity and to human welfare. It explores the ancient cultural context of the Bible verses quoted by natalists. Challenging the assumption that religion normally promotes fecundity, the book finds surprising exceptions among early Christians (with a special focus on Saint Augustine) since they advocated spiritual fecundity in preference to biological fecundity. Finally the book uses a hermeneutic lens derived from

Genesis 1, and prioritising the modern problem of biodiversity, to provide ecological interpretations of the Bible's "fruitful" verses.

California Mennonites Whitaker House
"Books geographically focused on the midwestern and eastern states dominate the study of Mennonites in America. The intriguing history of Mennonites in the American West remains untold. In *From Digging Gold to Saving Souls*, Brian Froese introduces readers for the first time to the California Mennonite experience. Although a few Mennonites did dig for gold in the 1850s, the real story of Mennonites in California begins in the 1890s with westward migrations for fertile soil and healthy sunshine. By the mid-twentieth century, the Mennonite story in California had

developed into an interesting tale of religious conservatives--traditional agrarians--finding their way in an increasingly urban and religiously pluralistic California. Some California Mennonites negotiated new identities by endorsing conservative evangelicalism; some found them in reclamations of sixteenth-century Anabaptists. Still other Mennonites found meaningful religious experience by engaging in social action and justice even when these actions appeared in "secular" forms. These emerging identities--Evangelical, Anabaptist, and secular--covered a broad spectrum, yet represented a selective retaining and discarding of Mennonite religious practices and expressions. From *Digging Gold to Saving Souls* touches on such topics as migration,

pluralism, race, gender, pacifism, institutional construction, education, and labor conflict, all of which defined the experience of Mennonites of California. Brian Froese shows how this experience was a rich, complex, and deliberate move into modern society. In *From Digging Gold to Saving Souls*, he introduces readers to a dynamic people who did not simply become modern, but who chose to modernize on their own terms"--

Learning to resolve a dilemma ethically

is a complex skill that recreation leaders and managers must learn in order to be successful, because they face ethical issues every day. They must ask themselves, "What is the right thing to do in this situation?" "Is my decision ethical for everyone involved?" "How will my decision affect each of the stakeholders--and my career?" Teaching applied ethics requires an understanding of how moral dilemmas can be justly resolved as well as techniques and approaches to accomplish these goals. Issues in Recreation and Leisure: Ethical Decision Making guides students through this complex process of resolving real-life recreation dilemmas by presenting activities, techniques, and a field-tested three-step process. This process helps students develop sound approaches to

dealing with contemporary issues in leisure and recreation. In addition, this text contains the following features: - Thematic chapters that address current major issues in recreation management, therapeutic recreation, outdoor recreation, tourism, and culture so that students can comprehend the range of issues in these diverse areas of recreation -Eight case studies based on current dilemmas from a variety of recreation and leisure settings, providing students with valuable practice in applying the three-step method for resolving ethical dilemmas -Learning activities in each chapter that help students apply leisure philosophy to resolve dilemmas Part I explores ethics in leisure services and examines how dilemmas are naturally solved. It covers

ethical theory and introduces a three-step method that can be widely applied. Students learn how recreation professionals worked through an actual dilemma and how their problem-solving strategies affect their solutions and their careers. Part II presents real-life dilemmas common to a variety of leisure management areas, ethical issues in therapeutic recreation, and problems in outdoor education. The authors also tackle various issues surrounding tourism, including culture, sex tourism, the natural environment, and virtual tourism. Part III contains a consideration of professionalism in parks and recreation and related fields, a peek into the future, and eight contemporary case studies drawn from leisure services fields. These case studies test students'

abilities to apply ethical problem solving by using the three-step method presented earlier in the book. The studies present issues in four major areas of recreation and leisure. Issues in Recreation and Leisure: Ethical Decision Making provides new insights into the recreation and leisure profession. It comes with a flexible format that can be used for one- to three-credit-hour courses in recreation issues. It arms students with the theory and knowledge they need for ethically resolving dilemmas. Today's Christian experience is not what it used to be. So much has changed. One

visit to a Sunday morning service and you will know that this is not the church you grew up with. Churn and frustration are at an all-time high as many have voted with their feet and no longer attend worship service. CHURCH - her thirst to be accepted by the world and possess what it has to offer has negatively impacted her preaching and influence on society. Silent, she has no response to the moral decay of our time, yet she takes in more money than most will earn in two life-times. Product pitches from the pulpit and product tables in the lobby are normal and a guaranteed scriptural reference to paying Tithes is inevitable. Laboring over souls on the altar is a thing of the past as many ministries look for ways to be more profitable. Being about My Fathers

Business has taken on a whole new meaning as the North American Church struggles to hold to the code of Divine Ethics that was once delivered to the saints by those who once valued the concept of no compromise. The End of Youth is a collection of 13 linked stories, essays and rants, about carrying on after youth's hope is gone. In "Afraid of the Dark," a child learns that there is good reason to be afraid. The

adolescent narrator of "Description of a Struggle" finds that love can be brutal. "The Smokers" examines an adult's realization that longevity means seeing loved ones die. Written with the same spare and vivid beauty as her earlier award-winning works, *The End of Youth* is certain to win even wider acclaim. "Throughout her writing career, Brown has exhibited a rare sensitivity in delving into difficult, uncomfortable material—death, disease, imperfect bodies and minds . . . in this slim book . . . there's also humor and sensuality so intense it's visionary . . ."—San Francisco Chronicle "A strange and wonderful first-person voice emerges from the stories of Rebecca Brown, who strips her language of convention to lay bare the ferocious rituals of love and

need."—The New York Times Book Review "Rarer than the newness, the wit, the vivid readability, is the deep caring understanding, the wholeness, the truth with which this astonishing, haunting writer creates her people."—Tillie Olsen "In *The End of Youth*, her new collection of stories and essays, Brown turns [a] gentle yet relentless gaze onto herself—or rather, onto scenes remembered from her childhood. The result is effortlessly perverse and frequently hilarious."—Booklist

 How to Wage Spiritual Warfare in the Last Days An important spiritual law was revealed by Jesus in Luke 11:21-22 and Matthew 12:29, "How can one enter into a strongman's house, and spoil his goods, except he first bind the strongman? And then he will spoil his house." Now, instead of "binding" symptoms, we can attack the sixteen strongmen or demonic spirits mentioned by name in the Bible! If God names them, they are real, and He has given us dominion over them through the Name of Jesus! In easy to understand language this book... Teaches how to zero in on and quickly identify the strongman in every situation Illustrates each strongman by a tree showing the fruits or symptoms for quick identification

Instructs how to bind the enemy and loose the power of God according to Matthew 18:18 Provides instant recognition when and where Satan is attacking our lives and the lives of those around us Shows that God wants us to be free from Satan's hassles so that we can reach this world for Christ.

"For the word of God is living, and active, and sharper than any two-edged sword, and piercing even to the dividing of soul and spirit, of both joints and marrow, and quick to discover the thoughts and intents of the heart" (Heb. 4:12). The

peril of the believer is to confuse the spirit for the soul and the soul for the spirit, and so be deceived into accepting the counterfeit of evil spirits to the unsettling of God's work. The greatest advantage in knowing the difference between spirit and soul is perceiving the latent power of the soul and in understanding its falsification of the power of the Holy Spirit. Such knowledge is not theoretical but practical in helping people to walk in God's way. In this

book, Watchman Nee shares his insight on The Latent Power of The Soul, The Christian and Psychic Force, and Spirit Force vs Psychic Force. Nowadays the atmosphere is so charged with the commotion of all kinds of counterfeit that the Lord seems to be calling the Church to come to a higher ground. Today's situation is perilous. May we "prove all things; hold fast that which is good" (1Thes. 5:21)
