On Being Different McGraw-Hill
Education

On Being Different provides an up-to-date, comprehensive, and interdisciplinary account of diversity and multiculturalism in the United States and Canada. Kottak and Kozaitis clarify essential issues, themes, and topics in the study of diversity, including ethnicity, religion, gender, and sexual orientation. The book

also presents an original theory of multiculturalism, showing how human agency and culture work to organize and change society. The authors use rich and varied ethnographic examples, from North America and abroad, to help students apply the material to their own lives, and thus gain a better understanding of diversity and multiculturalism.

Sexuality Now: Embracing Diversity W. W. Norton & Company

Anthropologists travel back in time and across the globe to understand human culture?but, surprise, there is culture right here in the United States. This second

edition of the best-selling textbook and anthology, *Reflecting on America*, again focuses on how we can recognize the common cultural thread running through diverse American phenomena?from heroin addiction and Big Business?s efforts to shape the identities of children, to Civil War reenactments and the popularity of burlesque in the Midwest. In addition, this second edition includes chapters written especially for this volume on striptease, Burning Man, The Big Bang Theory TV show, and Groundhog Phil. Written throughout with verve and quirky humor, and offering ?Questions for discussion?

after every article, this book is perfect for undergraduate classes in anthropology and American studies. Drawing together twenty-two scholars with expertise in anthropological ideas about culture, *Reflecting on America* examines what it means to be American.

Anthropology McGraw-Hill

Humanities/Social Sciences/Languages

This book demonstrates how the theories and insights of anthropology have positively influenced the conduct of global business and commerce, providing a foundation for understanding the impact of culture on global business, and global business on culture.

Cultural Anthropology with Student Atlas and PowerWeb Cengage Learning

Sex and sexuality are undoubtedly on your mind. So don't you want a human sexuality text that's hip, that reflects your life situation, and that answers the questions you're eager to learn about but hesitant to ask? Filled with the information that students like you want and need to learn, the fifth edition of this text hits the mark as it addresses concerns that students have about themselves and their sexuality with scientific fact,

sensitivity, unmatched candor, and humor. Beyond simply providing a foundation in the biology and psychology of sexuality, *SEXUALITY NOW: EMBRACING DIVERSITY* connects with you and other students by exploring contemporary issues, changing sexual practices and behaviors, and their impact. Complemented by informative illustrations and photographs, the book covers the range of sexual orientations, preferences, and behaviors and takes into account the diverse social, religious, ethnic, racial, and cultural contexts of today's students. The result is that you'll find lots of material to relate to as well as eye-opening discussions about sexuality today on college campuses, within the United States, and around the world.

Ethnography, History, Cognition Springer Science & Business Media

Practical and insightful, *CLASSIC READINGS IN CULTURAL ANTHROPOLOGY* is a concise, inexpensive, and accessible reader that presents core historical and contemporary works that have been

instrumental in shaping anthropological thought and research over the past decades. Carefully edited by author Dr. Gary Ferraro, the text includes classic readings from the disciplines of cultural anthropology and linguistics. Selected from scholarly works on the basis of their enduring themes and contributions to the discipline, these eminently relevant selections enable you to further explore anthropological perspectives on such key topics as culture; language and communication; ecology and economics; marriage and family; gender; politics and social control; supernatural beliefs; and issues of culture change. By providing this wide array of classic reading on foundational topics, this book delivers an excellent introduction to the field of cultural anthropology and the contributions it makes to understanding the world around us. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Readings in Cultural Anthropology SAGE Publications

CULTURE is the latest addition to the M-series. This thoroughly updated 2nd

edition magazine style text for the Introduction to Cultural Anthropology course offers scholarly content in an engaging design that will captivate your students. Through eye-catching pedagogical features, students develop a better understanding of the material and will retain a greater amount of course concepts. This book presents cultural anthropology in a way that is both captivating and relevant to today's student at a price that they prefer. More current, more portable, more captivating, plus a rigorous and innovative research foundation adds up to: more learning. When you meet students where they are, you can take them where you want them to be.

Cultural Anthropology McGraw-Hill Education

This work suggests that it is possible to maintain that Paul had a lively interest in the salvation of the individual, without having to revert to traditional Lutheran interpretations of the text. It focuses on three important texts in Romans.

Moving Further Toward an Anthropology of Liberation American Anthropological Association

This collection brings together articles first developed for the symposia on teaching held by the American Anthropological Association in 1990, 1991, and 1992, as well as additional papers from over 40 leading teachers in the field. The articles span the educational continuum, from teaching the introductory course to teaching pre-collegiate instructors. As a professional reference text, it is a book that no current—or future—teacher of anthropology should be without. *Reflecting on America* McGraw-Hill Humanities, Social Sciences & World Languages

This book explores the prejudice against slave descendants in highland Madagascar and its persistence more than a century after the official abolition of slavery. 'Unclean people' is a widespread expression in the southern highlands of Madagascar, and refers to people of alleged slave descent who are discriminated against on a daily basis and in a variety of ways. Denis Regnier shows that prejudice is rooted in a strong case of psychological essentialism: free descendants think that 'slaves' have a 'dirty' essence that is impossible to

cleanse. Regnier's field experiments question the widely accepted idea that the social stigma against slavery is a legacy of pre-colonial society. He argues, to the contrary, that the essentialist construal of 'slaves' is the outcome of the historical process triggered by the colonial abolition of slavery: whereas in pre-abolition times slaves could be cleansed through ritual means, the abolition of slavery meant that slaves were transformed only superficially into free persons, while their inner essence remained unchanged and became progressively constructed as 'forever unchangeable'. Based on detailed fieldwork, this volume will be of interest to scholars of anthropology, African studies, development studies, cultural psychology, and those looking at the legacy of slavery. *CULTURE Mirror for Humanity* A Concise Introduction to Cultural Anthropology This text is designed to provide a concise introduction to cultural anthropology, carefully balancing coverage of core topics with contemporary changes in the field. *Cultural Anthropology* Patients and Service Users *Cultural Anthropology* "A vitally important contribution to anthropology. . . . Most importantly,

although the critique is sharply directed, the tone of the volume is constructive rather than destructive—or deconstructive."—Joan Vincent, Barnard College "A rich, thought-provoking, and highly original collection. . . . The research presented is new and the perspectives original. This collection of essays casts significant new light on phenomena and practices which have long been central to anthropology, while at the same time introducing new substantive materials."—Don Brenneis, University of California, Santa Cruz

Mirror for Humanity: A Concise Introduction to Cultural Anthropology 10/e McGraw-Hill Education

Offers a model for how to gather information on the human dimensions of global change

Notes and Queries on Anthropology John Wiley & Sons

Anthropology is the study of all humans in all times in all places. But it is so much more than that. "Anthropology requires strength, valor, and courage," Nancy Scheper-Hughes noted. "Pierre Bourdieu called anthropology a combat sport, an extreme sport as well as a tough and

rigorous discipline. ... It teaches students not to be afraid of getting one's hands dirty, to get down in the dirt, and to commit yourself, body and mind. Susan Sontag called anthropology a "heroic" profession." What is the payoff for this heroic journey? You will find ideas that can carry you across rivers of doubt and over mountains of fear to find the the light and life of places forgotten. Real anthropology cannot be contained in a book. You have to go out and feel the world's jagged edges, wipe its dust from your brow, and at times, leave your blood in its soil. In this unique book, Dr. Michael Wesch shares many of his own adventures of being an anthropologist and what the science of human beings can tell us about the art of being human. This special first draft edition is a loose framework for more and more complete future chapters and writings. It serves as a companion to anth101.com, a free and open resource for instructors of cultural anthropology. This 2018 text is a revision of the "first draft edition" from 2017 and includes 7 new chapters.

Diversity and Multiculturalism in the North American Mainstream University of

Toronto Press

Demonstrate the nature of culture and its influence on people's lives. For over 40 years, the best-selling *Conformity and Conflict* has brought together original readings and cutting edge research alongside classic works as a powerful way to study human behavior and events. Its readings cover a broad range of theoretical perspectives and demonstrate basic anthropological concepts. The Fourteenth Edition incorporates successful articles from past editions and fresh ideas from the field to show fascinating perspectives on the human experience. Teaching and Learning Experience Personalize Learning - MyAnthroLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - Articles, article introductions and review questions encourage students to examine their assumptions, discern hidden values, evaluate evidence, assess their conclusions, and more! Engage Students -

Section parts, key terms, maps, a glossary and subject index all spark student interest and illustrate the reader's main points with examples and visuals from daily life. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides.

Additionally, Conformity and Conflict's part introductions parallel the basic concepts taught in introductory courses - which allow the book to be used alone as a reader or in conjunction with a main text.

Paul and the salvation of the individual

[[electronic resource](#)] Routledge

The single comprehensive treatment of the field, from the leading members of the Society of Ethnobiology The field of ethnobiology—the study of relationships between particular ethnic groups and their

native plants and animals—has grown very rapidly in recent years, spawning numerous subfields. Ethnobiological research has produced a wide range of medicines, natural products, and new crops, as well as striking insights into human cognition, language, and environmental management behavior from prehistory to the present. This is the single authoritative source on ethnobiology, covering all aspects of the field as it is currently defined. Featuring contributions from experienced scholars and sanctioned by the Society of Ethnobiology, this concise, readable volume provides extensive coverage of ethical issues and practices as well as archaeological, ethnological, and linguistic approaches. Emphasizing basic principles and methodology, this unique textbook offers a balanced treatment of all the major subfields within ethnobiology, allowing students to begin guided research in any related area—from archaeoethnozoology to ethnomycology to agroecology. Each chapter includes a basic introduction to each topic, is written by a leading specialist in the specific area addressed, and comes with a full bibliography citing

major works in the area. All chapters cover recent research, and many are new in approach; most chapters present unpublished or very recently published new research. Featured are clear, distinctive treatments of areas such as ethnozoology, linguistic ethnobiology, traditional education, ethnoecology, and indigenous perspectives. Methodology and ethical action are also covered up to current practice. Ethnobiology is a specialized textbook for advanced undergraduates and graduate students; it is suitable for advanced-level ethnobotany, ethnobiology, cultural and political ecology, and archaeologically related courses. Research institutes will also find this work valuable, as will any reader with an interest in ethnobiological fields.

Songs of Peace and Reconciliation among Muslims and Christians Wipf and Stock Publishers

A leading name in anthropology, Conrad Philip Kottak continues to define student learning in the cultural anthropology course. Cultural Anthropology offers an up-to-date holistic introduction to general anthropology from the four-field

perspective. Key themes of appreciating the experiences students bring to the classroom, appreciating human diversity, and appreciating the field of anthropology are showcased throughout the text. Focusing on an increasingly interconnected, and technological, world, the new Integrated Coverage of the Impact of Technology and Social Media pays systematic attention to the key role of the Internet and social media in today's globalizing world through new sections like "Resistance via Social Media" when discussing political systems. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Mirror for Humanity McGraw-Hill Humanities, Social Sciences & World Languages

McGraw-Hill conducted extensive research to gain insight into students' study behavior and instructor needs. We learned that students want visual appeal and content designed according to the way they learn, while instructors need a way to

engage their students without compromising on high quality content. From this, we created the M Series (a series of magazine style textbooks). CULTURE is the latest addition to the series. This new magazine style text for the Introduction to Cultural Anthropology course offers solid scholarly content and an engaging design that will captivate your students. Through memorable eye-catching pedagogical features, students develop a better understanding of the material and will retain a greater amount of course concepts. This book presents cultural anthropology in a way that is both captivating and relevant to today's student at a price that they prefer. More current, more portable, more captivating, plus a rigorous and innovative research foundation adds up to: more learning. When you meet students where they are, you can take them where you want them to be.

[Social Perceptions of Deforestation in the Lacandona Rain Forest in Mexico](#) McGraw-Hill Education

Decolonizing Anthropology is part of a broader effort that aims to advance the critical reconstruction of the discipline

devoted to understanding humankind in all its diversity and commonality. The utility and power of a decolonized anthropology must continue to be tested and developed. May the results of ethnographic probes--the data, the social and cultural analysis, the theorizing, and the strategies for knowledge application--help scholars envision clearer paths to increased understanding, a heightened sense of intercultural and international solidarity, and last, but certainly not least, world transformation.

Routledge

Written by a prominent scholar in the field, Conrad Phillip Kottak, this concise, student-friendly, current introduction to cultural anthropology carefully balances coverage of core topics and contemporary changes in the field. New to this edition, Connect Anthropology offers a variety of learning tools and activities to make learning more engaging for students and teaching more efficient for instructors. Mirror for Humanity is a perfect match for cultural anthropology courses that use readings or ethnographies along with a main text.

[The Teaching of Anthropology](#) Routledge

Understanding of cultural diversity is essential to a healthy multicultural society. Fundamental to this book's approach is the belief that a comparative, cross-cultural view of human differences and similarities enhances understanding of diversity and multiculturalism within contemporary North America. *On Being Different* provides an up-to-date, comprehensive, and interdisciplinary account of diversity and multiculturalism in the United States and Canada. Conrad Kottak and Kathryn Kozaitis clarify essential issues, themes, and topics in the study of diversity, including ethnicity, religion, gender, and sexual orientation.

The book also presents an original theory of multiculturalism, showing how human agency and culture work to organize and change society.

The Cultural Dimension of Global Business (1-download) University of Michigan Press
A leading name in anthropology, Conrad Philip Kottak continues to define student learning in the general anthropology course. *Anthropology: Appreciating Human Diversity* offers an up-to-date holistic introduction to general anthropology from the four-field perspective. Key themes of appreciating the experiences students bring to the classroom, appreciating human diversity, and appreciating the

field of anthropology are showcased throughout the text. The program presents anthropology's core concepts and also demonstrates anthropology's relevance to the 21st-century world we inhabit.

Revisions to the 18th edition of *Anthropology: Appreciating Human Diversity* were extensively informed by student data, collected anonymously by McGraw-Hill's adaptive learning system. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.
