For too long, women have been told to confine themselves—physically, socially, and emotionally. Eliza VanCort says now is the time for women to stand tall, raise their voices, and claim their space. Women fight the pressure to make themselves small in private, professional, and public spaces. Eliza

VanCort, a teacher, consultant, and speaker, provides the necessary tools for women to rewrite the rules and create the stories of their choosing safely and without apology. VanCort identifies the five key behaviors of all “Space Claiming Queens”: use your voice and posture to project confidence and power, end self-sabotage, forge connections,

neutralize unsafe spaces, and unite across differences. Through personal narrative, research, and actionable strategies, VanCort provides how-tos on combatting challenges like antimentors and microaggressions and gives advice for building up your “old girls” club, asking for what you're worth, and owning your space without apology. Bold, fun, and enlightening,

this book is birthed from VanCort's incredible story. Having a mother with schizophrenia forced VanCort to learn to be small and invisible at an early age, and suffering a traumatic brain injury as an adult required her to rethink communication from the ground up. Drawing on these experiences, and those of real women everywhere, VanCort empowers women to claim space

for themselves and for their sisters with courage, empathy, and conviction because "when we rise together, we rise so much higher." It can be hard to speak up when power dynamics keep us silent and marginalized, especially when race, ethnicity, and gender are factors.

Activist Kathy Khang roots our voice and identity in the image of God, showing how we can raise our voices for the sake of God's justice.

We are created to speak, and we can both speak up for ourselves and speak out on

behalf of others.

Book Raise Your Voice

"Have you ever wanted to join a choir but were afraid you couldn't carry a tune? Do you ever have to present at work but feel you can't convey your messages effectively because of your voice? Do you struggle to sound confident at meetings, or on the phone? Do you just dislike the sound of your own voice? You are not alone Not only

is your voice a vital part of your personality but it has more to do with your mental and physical health than you realize. *Raise Your Voice* is written by an experienced voice coach and is full of practical tools and real life "war" stories for: people who are waking up to the power of voice to enhance the mind-body-spirit connection (including the treatment of mental health

and eating disorders); amateur singers who know that they could do more with their voice; older people (baby boomers) realizing the health and memory benefits of singing; and people who work on their voice for a specific reason, but then discover it gives them courage to face their fears in other aspects of their lives. The personal stories interwoven make the

"how to" sections come alive, and will provoke anyone who picks up the book to explore their relationship with their voice."-- Publisher's description. *Raise Your Voice 2* BPS Books
Our memory of the Holocaust fades quickly. Once again, day after day Jews are forced to face fear, violence, and intimidation. Antisemitism and Jew hatred exist in almost every country, in

every city - worldwide. It is not enough to say "Never Again" to the Holocaust, if we want to prevent Jew hatred from turning violent and antisemitic defamation from spreading. Once again we have the choice to become passive accessories and incur guilt through our silence just like our forefathers. If you break your silence, you raise your voice and become light! This book

continues the thoughts of the book "Breaking the Veil of Silence". It will touch you personally, inspire, and help you to make a difference with very practical steps. *A Beginner's Guide to Freedom of Speech (and the First Amendment)* Independently Published 11-year-old Alice Paul Tapper-- daughter of CNN's Jake Tapper--is challenging girls everywhere to

speak up! When Alice Tapper noticed that the girls in her class weren't participating as much as the boys, she knew she had to do something about it. With help from her Girl Scout troop and her parents, she came up with a patch that other girls could earn if they took a pledge to be more confident in school. Alice even wrote an op-ed about the experience for the New York Times!

Inspired by that piece, this picture book illustrates her determination, bravery, and unwillingness to accept the status quo. With Marta Kissi's delightful illustrations depicting Alice's story, young readers everywhere will want to follow Alice's lead and raise their hand!
