At his fifth school in six years, he has a crackpot teacher who won't give him a break about his lousy handwriting and a secret crush who wants to be a policewoman. At home, he has a pesky little brother with a knack for getting hurt whenever Jack's supposed to be looking after him, a terror for an older sister, all sorts of weird neighbors, and, last but not least, ferocious alligators in the canal behind his house. Writing in his diary about his good days and bad days is one way Jack survives his up-and-down year. But he's also a kid who knows that life can go any which way at any given moment. 180 Days of Science for Sixth Grade Deutscher Taschenbuch Verlag

"It's a new day! We've learned language acquisition in school isn't linear and rote, but rather, dynamic, meaningful, and collaborative. Multilingual learners thrive through the production of oral and written language." —Dr. Nancy Akhavan Are you ready to teach multilingual learners with

instruction that reflects current English Language Development (ELD) standards? Language acquisition expert Dr. Nancy Akhavan provides a flexible resource that delivers what students need most—experiences that teach language skills through intellectually engaging texts, tasks, and lively communication with peers. This dynamic curriculum offers five units based on a writing performance task that aligns to commonly taught genres and key reading skills. The research-backed instructional framework maximizes students’ participation through a series of listening, speaking, and writing activities. Book Review 1: "Nancy Akhavan has brought together a set of carefully designed lessons that address the specific language-acquisition needs of English Language Learners. Each 30 minute lesson is designed to help multilingual learners acquire English through content, which supports lesson planning and delivery. Dr. Akhavan’s work ensures success by demystifying the process of teaching and learning." Cinnamon Scheufele Executive Director, Curriculum and Instruction Lindsay Unified School District, Lindsay, CA Book Review 2: "As a teacher educator, this curriculum is exactly what I wished I had to give my early career teachers - who needed structure, scaffolding, and support in fine-tuning their instruction. The unit design - with the foundations, pave the way, lead the way, and assess - serve as the foundation upon which each lesson rests. The lessons are laser focused to standards and learning outcomes, and the assessment perfectly aligns. I enthusiastically support this curriculum, which has the potential to promote significant changes in

the literacy trajectories for students and districts." Molly Ness VP, Academic Content Learning Ally **Character in Motion! Real Life Stories Series Sixth Grade Teacher's Guide** Positively for Kids A troubled boy discovers his inner hero in this hilarious, honest, and inspiring middle-grade novel by the author of *Drums, Girls & Dangerous Pie*. In sixth grade, bad things can happen to good kids. Bullies will find your weakness and jump on it. Teachers will say you did something wrong when really you didn’t mean to do anything wrong. The kids who joke the loudest can drown out the quieter, nicer kids. Maverick wants to change all that. One of the last things his father left him was a toy sheriff’s badge, back when Maverick was little. Now he likes to carry it around to remind him of his dad—and to remind him to make school a better place for everyone . . . even if that’s a hard thing to do, especially when his own home life is falling apart. *The Secret Sheriff of Sixth Grade* is a story about standing up for yourself—and being a hero at home and in the halls of your school. Praise for *The Secret Sheriff of Sixth Grade* “A rewarding novel, lit with flashes of irrepressible humor.” —Booklist, starred review “Sonnenblich creates in Maverick an endearing protagonist to root for. Despite daunting obstacles, this terrific boy retains a strong sense of self, a sense of humor, and a big heart that impels him to do what’s right, as when he defends his archnemesis.” —Kirkus Reviews “[A] winning formula . . . a child in crisis, lots of humorous situations and one-liners, and moments of genuine warmth and emotion.” —Horn Book
