MCNEIL GARRETT

OECD Public Governance Reviews Civic Space Review of Romania Whitaker House
 Das Jugendstrafrecht in Rumänien weist eine besonders interessante Geschichte auf, da es bereits in der langen Periode im Einflussbereich der Sowjetunion einen gemäßigten und stark erzieherisch geprägten Sonderweg ging, andererseits mit einiger Verzögerung nunmehr auf dem Weg zu einem modernen justizmodellorientierten System ist. Jüngste Reformen (2014) des Straf- und Strafprozessrechts, die jeweils die grundlegenden Inhalte des materiellen und formellen Jugendstrafrechts beinhalten, lassen eine Modernisierung in Richtung menschenrechtlicher Standards in der Praxis erwarten. Das Reformpaket von 2014 beinhaltet auch ein neues Strafvollzugs- und Strafvollstreckungsgesetz sowie ein Bewährungshilfegesetz, die gleichfalls neue jugendspezifische Regelungen gebracht haben. Die Autorin bringt dank ihrer rumänischen Abstammung und Sprachkenntnisse die Kompetenz mit, auch Dokumente in der Originalsprache auswerten und damit beispielsweise den parlamentarischen Reformprozess vertieft analysieren zu können. In ihrer Einleitung verdeutlicht die Autorin ihren umfassenden Forschungsansatz bezogen auf das materielle und formelle Jugendkriminalrecht einschließlich vollzugs- und vollstreckungsrechtlicher Fragen. Dabei liegt ein Hauptaugenmerk auch darauf, ob die rumänischen Reformen dem Anspruch, den internationalen menschenrechtlichen Standards des Europarats und der Vereinten Nationen Rechnung zu tragen, gerecht werden.

Das Handbuch für Startups Springer

Sprachnationalistische Bewegungen in der Romania Helmut Buske Verlag

Handbuch der Milch- und Molkereitechnik Jorge Alexander Vega

Within the past decade, there has been a re-emergence of tourism in Europe, especially in the central and eastern regions. With socialism becoming a distant memory, these former communist countries are now attractive destinations for travel. Research on this current phenomenon is essential, as professionals and scientists must stay informed on the modern development of this global region. *New Trends and Opportunities for Central and Eastern European Tourism* provides emerging research exploring the theoretical and practical aspects of contemporary tourism in Eastern Europe and its effect on economics and sociology. Featuring coverage on a broad range of topics such as monument protection, economic features, and socialist architecture, this book is ideally designed for travel agents, tour developers, restaurateurs, hotel management, economic analysts, government officials, policymakers, tourism journalists, tourism practitioners, researchers, and professors seeking current research on the development of travel in Eastern and Central Europe.

New Trends and Opportunities for Central and Eastern European Tourism Cambridge Scholars Publishing

Muhasebe süreçleri sonucunda elde edilen ve küresel anlamda büyük oranda örtüşen finansal raporlara çevresel verilerin dahil edilmesi ve bu bilgilerin standartlaştırılmaya çalışılması milli ekonomiler düzeyinde ve küresel ölçekte hız kazanmıştır. Ülkemizde de çevresel ve sosyal konularda artan farkındalık ve bilinç sonucunda bu konuda çalışmalar başlatılmıştır.

The International Brand Valuation Manual Walter de Gruyter GmbH & Co KG

This book includes a selection of papers from the 2018 World Conference on Information Systems and Technologies (WorldCIST'18), held in Naples, Italy on March 27-29, 2018. WorldCIST is a global forum for researchers and practitioners to present and discuss recent results and innovations, current trends, professional experiences and the challenges of modern information systems and technologies research together with their technological development and applications. The main topics covered are: A) Information and Knowledge Management; B) Organizational Models and Information Systems; C) Software and Systems Modeling; D) Software Systems, Architectures,

Applications and Tools; E) Multimedia Systems and Applications; F) Computer Networks, Mobility and Pervasive Systems; G) Intelligent and Decision Support Systems; H) Big Data Analytics and Applications; I) Human-Computer Interaction; J) Ethics, Computers & Security; K) Health Informatics; L) Information Technologies in Education; M) Information Technologies in Radiocommunications; N) Technologies for Biomedical Applications.

Preparémonos para la guerra Springer Nature

In this interdisciplinary textbook, which bridges the gap between the natural and social sciences both, the scientific principles of restoration ecology and practical aspects of ecosystem restoration are comprehensively presented. The diversity of land-use types with a focus on Central Europe is highlighted and case studies of practical restoration projects are presented. The textbook offers students who deal with the environment as well as scientists and practitioners a profound and up-to-date, but also critical overview of the state of knowledge. This book opens up the broad spectrum of degraded ecosystems of Central European natural and cultural landscapes. In further chapters, marine ecosystems and their restoration as well as development potentials and the limits of restoration are discussed in more detail. The ecological fundamentals are expanded through an interdisciplinary perspective taking into account environmental ethics, sociology, anthropology, and economics. In addition to an up-to-date overview of the various areas and fields of activity in restoration ecology and ecosystem restoration, the textbook provides a valuable basis for studies, science, and practice. The students also receive assistance in searching for literature and critical fact analysis, and the lecturers on teaching formats and interdisciplinary approaches to discussion in restoration ecology.

Global Control and Eradication Programmes For Cattle Diseases Wentworth Press

Announcing an innovative, new, practical reference grammar, combining traditional and function-based grammar in a single volume. It is the ideal reference grammar at advanced secondary level and above.

Wissenschaftliches Inserieren Springer

Preparémonos para la guerra En este manual para la batalla espiritual, la doctora Brown escribe basada en los siete años en que ha ayudado muchos, muchas personas a escapar del satanismo más crudo. En esta continuación de su muy vendido libro *El Vino a Dar Libertad a Los Cautivos*, aprendemos a: Enfrentarnos victoriosamente a satanás Lidar con las peligrosas enseñanzas de la Nueva Era Reconocer los abusos de niños en los rituales satánicos y cómo enfrentarlos Ayudar en actos de liberación Manejar los muy poco discutidos problemas que enfrenta la persona después de ser liberada ¡Es impactante! ¡Es bien explícito! ¡Es una guerra de verdad! ¿Sabía usted que satanás se vale de "puertas" como el yoga, los juegos en que uno toma el papel de un personaje y la meditación para llevar destrucción demoníaca a nuestros hogares? Satanás nos aborrece y quiere destruirnos. Para vencerlo, Preparémonos para la guerra. Prepare for War In this spiritual warfare manual, Dr. Brown writes from seven years' experience helping deliver many, many people out of hardcore satanism. In this sequel to Dr. Brown's best-selling book *He Came to Set the Captives Free*, you will learn to: Stand victoriously against Satan. Deal with the dangerous New Age teachings. Recognize and deal with satanic ritualistic abuse of children. Minister in the area of deliverance. Handle the rarely discussed problems people face after deliverance. It's shocking! It's graphic! But this is war! Do you know how Satan can use "doorways" including yoga, role-playing games, and meditation, to bring demonic destruction into your home? Satan hates you and wants to destroy you. To be victorious you must Prepare for War.

Çevre Muhasebesi Springer Nature

Ein Startup ist nicht die Miniaturausgabe eines etablierten Unternehmens, sondern eine temporäre, flexible Organisation auf der Suche nach einem nachhaltigen Geschäftsmodell: Das ist die zentrale Erkenntnis, die dem "Handbuch für Startups" zugrundeliegt. Es verbindet den Lean-Ansatz, Prinzipien des Customer Development sowie Konzepte wie Design Thinking und (Rapid) Prototyping

zu einem umfassenden Vorgehensmodell, mit dem sich aus Ideen und Innovationen tragfähige Geschäftsmodelle entwickeln lassen. Lean Startup & Customer Development: Der Lean-Ansatz für Startups basiert, im Unterschied zum klassischen Vorgehen, nicht auf einem starren Businessplan, der drei Jahre lang unverändert umzusetzen ist, sondern auf einem beweglichen Modell, das immer wieder angepasst wird. Sämtliche Bestandteile der Planung – von den Produkteigenschaften über die Zielgruppen bis hin zum Vertriebsmodell – werden als Hypothesen gesehen, die zu validieren bzw. zu falsifizieren sind. Erst nachdem sie im Austausch mit den potenziellen Kunden bestätigt wurden und nachhaltige Verkäufe möglich sind, verlässt das Startup seine Suchphase und widmet sich der Umsetzung und Skalierung seines Geschäftsmodells. Der große Vorteil: Fehlannahmen werden erheblich früher erkannt – nämlich zu einem Zeitpunkt, an dem man noch die Gelegenheit hat, Änderungen vorzunehmen. Damit erhöhen sich die Erfolgsaussichten beträchtlich. Für den Praxiseinsatz: Sämtliche Schritte werden in diesem Buch detailliert beschrieben und können anhand der zahlreichen Checklisten nachvollzogen werden. Damit ist das Handbuch ein wertvoller Begleiter und ein umfassendes Nachschlagewerk für Gründerinnen & Gründer. Von deutschen Experten begleitet: Die deutsche Ausgabe des international erfolgreichen Handbuchs entstand mit fachlicher Unterstützung von Prof. Dr. Nils Högsdal und Entrepreneur Daniel Bartel, die auch ein deutsches Vorwort sowie sieben Fallstudien aus dem deutschsprachigen Raum beisteuern.

Language and Globalization OECD Publishing

Language and Globalization explores the effects of language in the processes of globalization. Norman Fairclough adopts the approach of combining critical discourse analysis with cultural political economy to develop a new theory of the relationship between discourse and other dimensions of globalization. Using examples from a variety of countries such as the USA, Britain, Romania, Hungary and Thailand, Language and Globalization shows how the analysis of texts can be coherently integrated within political economic analysis. Fairclough incorporates topical issues such as the war on terror and the impact of the media on globalization into his discussion. Areas covered include: globalization and language; review of academic literature discourses of globalization the media, mediation and globalization globalization, war and terrorism. This book will be of interest to students and researchers in applied linguistics, language and politics and discourse analysis.

Euro Abstracts O'Reilly Germany

Claude C. Hopkins ist einer der ganz großen Namen und Pioniere im Anzeigengeschäft! Er lebte und wirkte bis Anfang des 20. Jahrhunderts; Hopkins hat einige sehr bedeutende strategische Grundlagen des Marketings sowie des Inserierens erarbeitet, die bis heute fortwirken und rege eingesetzt werden, denn sie haben an Aktualität nichts eingebüßt. Im Gegenteil. Auch wenn sich die Medien in den letzten 100 Jahren rasant weiter entwickelt haben, das auf Papier gedruckte Wort längst nicht mehr das Feld beherrscht, zwinkern uns die zunächst etwas "fossil" anmutenden Mechanismen der Kundengewinnung, die Hopkins eingeführt hat, gerade auch heute sehr wirkungsvoll - selbst aus dem Cyberspace - zu.

Trends and Advances in Information Systems and Technologies Springer

This proceedings book presents contributions to the International Conference on Critical Thinking in the Sustainable Rehabilitation and Risk Management of the Built Environment – CRIT-RE-BUILT – held in Iași, Romania, November 7–9, 2019. It mirrors outcomes in fundamental and applied research covering a broad palette of competences like observations, analysis, interpretation, evaluation, problem-solving and decision making. The book sets up eight chapters related to rehabilitation and risk in the built environment. Each chapter starts with a broad state-of-the-art presentation comprising the latest ideas and methods in the field assessing and asserting synthesized levels of research, development and novelty through a critical thinking process. The authors of the eight presentations are partners in the E+ Programme for Strategic Partnerships Rehabilitation of the Built Environment in the Context of Smart City and Sustainable Development Concepts for Knowledge Transfer and Lifelong Learning (RE-BUILT).

Die 1%-Methode – Minimale Veränderung, maximale Wirkung Walter de Gruyter

The series Handbooks of Linguistics and Communication Science is designed to illuminate a field which not only includes general linguistics and the study of linguistics as applied to specific languages, but also covers those more recent areas which have developed from the increasing body of research into the manifold forms of communicative action and interaction.

Romanische Sprachgeschichte / Histoire linguistique de la Romania. 2. Teilband Eğitim Yayınevi

Der Band behandelt in neun Beiträgen die nationalistisch bedingten Ausbauprozesse einer Reihe romanischer Regionalsprachen und Varietäten dies- und jenseits des Atlantiks aus komparatistischer Sicht. Im ersten, synchron ausgerichteten Teil werden sechs Regionalsprachen – Katalanisch, Galicisch, Friaulisch, Sardisch, Korsisch und Okzitanisch – in den drei großen Ländern der europäischen Romania – Spanien, Italien und Frankreich – im Hinblick auf die sprachpolitischen Akteure, Präsenz in der wissenschaftlichen Kommunikation sowie bestimmte Aspekte der Normierung systematisch miteinander verglichen. Im zweiten, diachron ausgerichteten Teil wird der

Fokus zunächst auf einzelne ausgewählte Regionalsprachen der europäischen Romania – das Dalmatische Ragusas und Galicisch – gelegt. Der transatlantische Vergleich europäischer und amerikanischer Sprachvarietäten am Beispiel des argentinischen Spanisch sowie des Galicischen und des Katalanischen in den entsprechenden Regionen des Spanischen Kolonialreiches im 19. Jahrhundert stellt eine weitere methodologische Dimension des Bandes dar. Zum Schluss wird eine dritte komparatistische Dimension erschlossen, und zwar die des inneramerikanischen romanistischen Vergleichs von Spracheinstellungen in Hispanoamerika, Brasilien und Frankokanada im 19. Jahrhundert im Sinne des Trierer Ansatzes der "America Romana". Die Beiträge sind zum Teil auf Deutsch und zum Teil auf Spanisch verfasst.

Digital International Relations Routledge

The aim of this edited volume is to bring together the views of expert academics and practitioners on the latest regulatory developments in sustainable finance in Europe. The volume includes a wide range of cutting-edge issues, which relate to three main themes along which the volume is structured: (1) corporate governance; (2) financial stability; and (3) financial markets. With individual contributions deploying different methods of analysis, including theoretical contributions on the status quo of macro-financial research as well as law and economics approaches, the collection encourages interdisciplinary readership and will appeal to those researching capital markets law, European financial law, and sustainable finance, as well as practitioners within the finance industry.

Modern German Grammar John Wiley & Sons

This book is a collation of numerous valuable guidelines for making decisions based on recent advances and improvement of transport systems. Offering know-how and discussing practical examples as well as decision-making support systems it is of interest of those who face the challenge of seeking solutions to contemporary transport system problems on a daily basis, including local authorities involved in planning and preparation of development strategies for specific transport related areas (in both urban and regional dimension) as well as representatives of business and industry who participate directly in the implementation of traffic engineering solutions. The guidelines are provided in individual chapters, making it possible to address the given problem in an advanced manner and simplify the choice of appropriate strategies (including those related to increasing competitiveness of public transport; identifying bus lines to potentially be serviced by electric buses; pedestrian traffic solutions; developing bike-sharing systems; safety conditions in road tunnels; integrating supply chains or route planning support by means of technologically advanced systems and applications). On the other hand, since the book also addresses the new approach to theoretical models (including traffic flow surveys and measurements, transport behaviours, capacity models, delay modelling and road condition modelling), it appeals to researchers and scientists studying this body of problems. The book entitled Recent Advances in Traffic Engineering for Transport Networks and Systems includes selected papers submitted to and presented at the 14th Scientific and Technical Conference "Transport Systems. Theory and Practice" organised by the Department of Transport Systems and Traffic Engineering at the Faculty of Transport of the Silesian University of Technology. The conference was held on 18–20 September 2017 in Katowice (Poland).

OECD Economic Surveys: Czech Republic 2010 Založba ZRC

Through unprecedented access to over 100 court files and sentences, and interviews with police and security personnel in both origin and destination countries, this book provides the most comprehensive exploration to date of human trafficking and migrant smuggling in Eastern Europe and Russia.

Restoration of Ecosystems - Bridging Nature and Humans Springer Nature

This book constitutes the proceedings of the First International Conference on Information and Communication Technology for Development for Africa, ICT4DA 2017, held in Bahir Dar, Ethiopia, in September 2017. The 31 revised full papers presented were carefully reviewed and selected from 72 submissions. The papers address the impact of ICT in fostering economic development in Africa. In detail they cover the following topics: e-services, natural language processing, intelligent systems, mobile and wireless communication, privacy and security.
