At last, the solution for getting disorganized boys back on track. Missed assignments. Lack of focus and enthusiasm. Falling grades. For too many boys and their frustrated parents, these are the facts of life. But they don't have to be. Top academic counselor Ana Homayoun has helped turn even the most disorganized, scattered, and unfocused boys into successful young people who consistently meet their personal and academic challenges. She does this by getting back to basics—starting with a simple fact: Most boys need to be taught how to

get organized, how to study, and—most important—how to visualize, embrace and meet their own goals. With an accessible and no-nonsense approach, Homayoun shows how to: ?Identify their son's disorganizational style ?Help him set academic and personal goals he cares about ?Design and establish the right "tools of the trade" ?Complete assignments without pulling all-nighters ?Help him tune out social pressure and fend off anxiety Much more than a study guide, this insightful, user-friendly book provides a roadmap for the success too many boys have trouble finding—in school and in life. *Week-By-Week Homework: Reading Comprehension Grade 3* Scholastic Incorporated Activities help students: plan and organize writing; choose vivid verbs and descriptive adjectives; vary sentence structure; use figurative language;

elaborate.

A unique monster-under-the-bed story with the perfect balance of giggles and shivers, this picture book relies on the power of humor over fear, appeals to a child's love for creatures both alarming and absurd, and glorifies the scope of a child's imagination. One night, when Ethan checks under his bed for his monster, Gabe, he finds a note from him instead: "Gone fishing. Back in a week." Ethan knows that without Gabe's familiar nightly scares he doesn't stand a chance of getting to sleep, so Ethan interviews potential substitutes to see if they've got the right equipment for the job—pointy teeth, sharp claws, and a long tail—but none of them proves scary enough for Ethan. When Gabe returns sooner than expected from his fishing trip, Ethan is thrilled. It turns out that

Gabe didn't enjoy fishing because the fish scared too easily. Scholastic Book Club Selection Winner of 6 state awards: Alabama Camellia Award (2010-2011), Arizona Grand Canyon Reader Award (2011), California Young Readers Medal (2011-12), Georgia Picture Storybook Award (2011-12), Nevada Young Reader Award (2011-12), Virginia Reader's Choice Primary Award (2012-13) Included on 5 other state award lists: Mississippi Magnolia Children's Choice Award list (2012-13), Nebraska Golden Sower Award list (2011-12), South Dakota Prairie Bud Award list (2011-12), Washington Children's Choice Book Award list (2010-2011), Wyoming Buckaroo Award list (2011-12) Additionally, these regional awards lists: Connecticut Charter Oak Children's Book Award list (2011-12), Iowa Regional Goldfinch Award Winner (2009-10) Storytelling World Award Honor Book 2010

Written for lovers of literature interested in self-actualization, *Literature: How to Read and Understand the World* teaches readers how to derive principles of wisdom from literature and apply them to their lives. The book achieves this through a series of five essential steps,

including identifying with literary characters, aggregating principles of wisdom from their experience, and applying those principles to readers' lives. Along the way, the author reveals his own transformation through this process.

Literature: How to Read and Understand the World will help you to enrich your life and world!

I Need My Monster

Turtleback Books

Life in Sassafras Springs has always been predictable, boring even, but one afternoon that changes when Eben McAllister's pa challenges him to find Seven Wonders in Sassafras that rival the real Seven Wonders of the World.

The reward? An adventure that Eben's been craving - a trip to Colorado. Even doesn't think he'll have any luck -- he can't think of one single thing that could be considered

wondrous in Sassafras -- but he's willing to try. Little does he know that the Wonders he'll discover among his neighbors, friends, relatives, and family will give him the adventure of a lifetime...without ever leaving his home.

The Seven Wonders of Sassafras Springs

Simon and Schuster

With improvements in the treatment of HIV disease, gay men in great numbers are surviving--and thriving--into middle and older age. While increased longevity brings new hope, it also raises unanticipated challenges, particularly for gay men who never thought they

would live this long: How do I deal with all the physical changes? Who can I rely on as I get older? Is a relationship still in the cards for me? What about sex? How should I prepare for old age? A one-of-a-kind guide for gay men aging with HIV, *Aging with HIV* offers an upbeat, down-to-earth approach for adapting to change, whether driven by age, AIDS, or both.

Psychotherapist James Masten and physician James Schmidtberger shed light on the many common assumptions and fears of aging with HIV.

Aging with HIV provides concrete solutions for facing midlife with a positive outlook, offering a wealth of advice for breaking unhealthy habits and coping mechanisms.

The book describes the nine changes common to gay men as they age with HIV, discusses the four challenges of aging, and offers a unique ten-step path to optimal aging with HIV, helping the reader to tailor the book's suggestions to the realities of their lives.

Woven throughout the book are first-person narratives from men who recount what worked--and did not work--for them. In addition, Rapid Research,

Fast Fact, and Self-Reflection boxes highlight the latest research and challenge readers to take stock of the present--and plan for the future. An invaluable tool to keep handy and to refer to often, *Aging with HIV* is an inviting, confident companion to navigating midlife and beyond with HIV.

How parents and educators can teach kids to love reading in the digital age Everyone agrees that reading is important, but kids today tend to lose interest in reading before

adolescence. In *Raising Kids Who Read*, bestselling author and psychology professor Daniel T. Willingham

explains this phenomenon and provides practical solutions for engendering a love of reading that lasts into adulthood. Like Willingham's much-lauded previous work, *Why Don't Students Like School?*,

this new book combines evidence-based analysis with engaging, insightful recommendations for the future. Intellectually rich argumentation is woven seamlessly with entertaining current cultural references, examples, and steps for taking action to

encourage reading. The three key elements for reading enthusiasm—decoding, comprehension, and motivation—are explained in depth in *Raising Kids Who Read*. Teachers and parents alike will appreciate the practical orientation toward supporting these three elements from birth through adolescence. Most books on the topic focus on early childhood, but Willingham understands that kids' needs change as they grow older, and the science-based approach in *Raising Kids Who Read* applies to kids of all ages. A practical perspective on teaching reading from bestselling author and K-12 education expert Daniel T. Willingham Research-based, concrete suggestions to aid teachers and parents in promoting reading as a hobby Age-specific tips for developing decoding ability, comprehension, and motivation in kids from birth through adolescence Information on helping kids with

dyslexia and encouraging reading in the digital age *Debunking the myths about reading education, Raising Kids Who Read* will empower you to share the joy of reading with kids from preschool through high school.
