Lola Durand hates her stepmother. It's a cliché but it's true. Lola Durand can't get through to her father. He never wants to talk about the things that matter: why they had to move to Paris, why he had to marry evil Agatha, and how they can get through the heartache of her mother's death together. If he won't listen, she'll show him. She'll show him the truth about his new wife and then her life can go back to normal, just the way she likes it. Lola Durand knows a secret about her stepmother. She's going to share it.

### Some Truths about Islam in India Simon and Schuster

The unprecedented mainstreaming of the global pornography industry is transforming the sexual politics of intimate and public life, popularising new forms of hardcore misogyny, and strongly contributing to the sexualisation of children. Yet challenges to the pornography industry continue to be dismissed as uncool, anti-sex and moral panics. With contributions from leading world experts and activists, Big Porn Inc offers a cutting edge exposé of the hidden realities of a multi-billion dollar global industry that promotes itself as a fashionable life-style choice. Unmasking the lies behind the selling of porn as 'just a bit of fun' this book reveals the shocking truths of an industry that trades in violence, crime and degradation. This fearless book will change the way you think about pornography forever. NEW YORK TIMES BESTSELLER Includes all-new ma-ma-material! ALL NEW CHAPTER: Baba Booley's Afghanistan Journal! and . . . the Shvoogie Buzzer story! One of pop culture's great enduring

unsung heroes: Gary Dell'Abate, Howard Stern Show producer, miracle worker, professional good sport, and servant to the King of All Media, tells the story of his early years and reveals how his chaotic childhood and early obsessions prepared him for life at the center of the greatest show on earth. Baba Booley! Baba Booley! It was a slip of the tongue—that unfortunately was heard by a few million listeners—but in that split second a nickname, a persona, a rallying cry, and a phenomenon was born. Some would say it was the moment Gary Dell'Abate, the long-suffering heroic producer of The Howard Stern Show, for better or worse, finally came into his own. In *They Call Me Baba Booley*, Dell'Abate explains how his early life was the perfect training ground for the day-to-day chaos that comes with producing the most popular radio show on earth. Growing up on Long Island in the 1970s, the youngest of three boys born to a clinically depressed mother, Gary learned how to fend for himself when under attack. Obsessed with music, he listened with religious intensity to Casey Kasem's Top 40 every Sunday morning, compulsively bought 45s of his favorite songs, and nerdily copied the lyrics into a notebook. Music became an ordering principle to his life, even as the chaos at home got out of hand. Dell'Abate's memoir sketches the trajectory from the obsessive pop-music trivia buff to the man in the beekeeper's mask who handily defeats his opponents playing "Stump the Booley." We learn about the memorable moments in his life that taught him to endure epic bouts of humiliation and get his unique perspective on some of his favorite Stern show episodes—such as the day he nearly killed the Mets mascot while throwing out the first pitch, or the time his mother called Howard's mother and demanded an apology. Hilarious, painful, and eye-opening, it's Gary as you've never seen him before, telling a story that even Stern show insiders can't begin to imagine.

In a career that has spanned more than a quarter century, Nikki Giovanni has earned the reputation as one of America's most celebrated and controversial writers. Now, she presents a stunning collection of love poems that includes more than twenty new works. From the revolutionary "Seduction" to the tender new poem, "Just a Simple Declaration of Love," from the whimsical "I Wrote a Good Omelet" to the elegiac "All Eyez on U," written for Tupac Shakur, these poems embody the fearless passion and spirited wit for which Nikki Giovanni is beloved and revered. Romantic, bold, and erotic, *Love Poems* expresses notions of love in ways that are delightfully unexpected. Articulating in sensuous verse what we know only instinctively, Nikki Giovanni once again confirms her place as one of our nation's most distinguished poets and powerful truth-tellers. In a career that has spanned more than a quarter century, starting with her explosive early years in the Black Rights Movement, Nikki Giovanni has earned a reputation as one of America's most celebrated and controversial writers. Her mind-speaking work has made her a universal favorite and a number-one best-seller. The love poems—the revolutionary "Seduction," the whimsical "I Wrote a Good Omelet," and the tender "My House" to name just a few—are among the most beloved of all Nikki Giovanni's works. Now, *Love Poems* brings together these and other favorites with over twenty new poems. Romantic, bold, and erotic, *Love Poems* will once again confirm Nikki Giovanni's place among the country's most renowned poets and truth tellers.

This book provides an accessible study of the neglected but highly important series of wars fought for control of the Baltic and Northeastern Europe during the period 1558-1721. It is the first comprehensive history which considers the revolution in military strategy which took place in the battlefields of Eastern Europe. Robert Frost examines the impact of war on the very different social and political systems of Sweden, Denmark, Poland-Lithuania and Russia and he explains why it was Russia that emerged victorious from these wars. Based on extensive primary and secondary research (including much material that is unfamiliar in English) this book makes an important contribution to the debate on military change and political development in early modern Europe.

An honest and deeply reported account of five women and the opportunities and frustrations they face in the year following their graduation from an elite university. Recent Princeton graduate Caroline Kitchener weaves together her experiences from her first year after college with that of four of her peers in order to delve more deeply into what the world now offers a female college graduate, and how the world perceives them. Each of the five girls in this diverse group were expected to attend college—but most had no clear expectations for their futures post-graduation. And as Kitchener follows each member of the group, it becomes harder to reduce them to stereotypes, harder either to defend or to judge their choices. Kitchener navigates expertly between the very personal and the wider sociological perspectives as she outlines a chronological year in the lives of all five women, illuminating and clarifying each one of their choices, victories, and foibles. Both a broad and an intensely individual exploration, *Post Grad* is a portrait of the shifting environment of that important year after graduation, as well as an intimate look at how a select group of very different individuals handles its challenges—navigating family tensions, relationships, jobs, and that ever-elusive notion of independence.

Global recessions and structural economic shifts are motivating government and business leaders worldwide to increasingly look to "their" universities to stimulate regional development and to contribute to national competitiveness. The challenge is clear and the question is pressing: How will universities respond? This book presents in-depth case narratives of ten universities from Norway, Finland, Sweden, UK, and the U.S. that have overcome significant challenges to develop programs and activities to commercialize scientific research, launch entrepreneurial degree programs, establish industry partnerships, and build entrepreneurial cultures and ecosystems. The universities are quite diverse: large and small; teaching and research focused; internationally recognized and relatively new; located in major cities and in emerging regions. Each case narrative describes challenges overcome, actions taken, and resulting accomplishments. This volume will be of interest to policymakers and university administrators as well as researchers and students interested in how different programs and activities can promote university entrepreneurship while contributing to economic growth in developed and developing economies.

Kyriana Price has spent nearly a year trapped at her evil day job. And she does mean evil. Her boss is a mage bent on power and lets nothing stand in the way of his quest to gain more of it. When she sees Connul Graysn wielding a flogger at a BDSM club, she formulates an escape plan that will require his considerable skills—as a mage and as a Dom. Going to another mage for help might not be the best plan, but it's the only one she's got, and at this point, she's willing to try just about anything. The last thing Connul expects when he finds an intruder in his house is that he'll soon have her chained in his bedroom, her lovely body marked by his paddle. But she's begging for his help—how can a gentleman refuse? As they learn to trust each other, he begins to realize that the only thing he's not willing to do for her is let her go.

Bringing together theoretical and empirical research from 22 countries in Europe, North America, Australia, South America and Japan, this book offers a state-of-the-art survey of conceptual and methodological research and planning issues relating to landscape, heritage, [and] development. It has 30 chapters

grouped in four main thematic sections: landscapes as a constitutive dimension of territorial identities; landscape history and landscape heritage; landscapes as development assets and resources; and landscape research and development planning. The contributors are scholars from a wide range of cultural and professional backgrounds, experienced in fundamental and applied research, planning and policy design. They were invited by the co-editors to write chapters for this book on the basis of the theoretical frameworks, case-study research findings and related policy concerns they presented at the 23rd Session of PECSRL - The Permanent European Conference for the Study of the Rural Landscape, organized by TERCUD - Territory, Culture and Development Research Centre, Universidade Lusófona, in Lisbon and Óbidos, Portugal, 1 - 5 September 2008. With such broad inter-disciplinary relevance and international scope, this book provides a valuable overview, highlighting recent findings and interpretations on historical, current and prospective linkages between changing landscapes and natural, economic, cultural and other identity features of places and regions; landscape-related identities as local and regional development assets and resources in the era of globalized economy and culture; the role of landscape history and heritage as platforms of landscape research and management in European contexts, including the implementation of The European Landscape Convention; and, the strengthening of the landscape perspective as a constitutive element of sustainable development.

Where women are created for the pleasure of men, beauty is the first duty of every girl. In Louise O'Neill's world of *Only Every Yours* women are no longer born naturally, girls (called "eves") are raised in Schools and trained in the arts of pleasing men until they come of age. Freida and Isabel are best friends. Now, aged sixteen and in their final year, they expect to be selected as companions--wives to powerful men. All they have to do is ensure they stay in the top ten beautiful girls in their year. The alternatives--life as a concubine, or a chastity (teaching endless

generations of girls)—are too horrible to contemplate. But as the intensity of final year takes hold, the pressure to be perfect mounts. Isabel starts to self-destruct, putting her beauty—her only asset—in peril. And then into this sealed female environment, the boys arrive, eager to choose a bride. Freida must fight for her future—even if it means betraying the only friend, the only love, she has ever known.

In the follow-up to her #1 bestselling memoir, *A Stolen Life*, Jaycee Dugard tells the story of her first experiences after years in captivity: the joys that accompanied her newfound freedom and the challenges of adjusting to life on her own. When Jaycee Dugard was eleven years old, she was abducted from a school bus stop within sight of her home in South Lake Tahoe, California. She was missing for more than eighteen years, held captive by Philip and Nancy Garrido, and gave birth to two daughters during her imprisonment. In *A Stolen Life* Jaycee told the story of her life from her abduction in 1991 through her reappearance in 2009. *Freedom: My Book of Firsts* is about everything that happened next. “How do you rebuild a life?” Jaycee asks. In these pages, she describes the life she never thought she would live to see: from her first sight of her mother to her first time meeting her grownup sister, her first trip to the dentist to her daughters’ first day of school, her first taste of champagne to her first hangover, her first time behind the wheel to her first speeding ticket, and her first dance at a friend’s wedding to her first thoughts about the possibility of a future relationship. This raw and inspiring book will remind you that there is, as Jaycee writes, “life after something tragic happens...Somehow, I still believe that we each hold the key to our own happiness and you have to grab it where you can in whatever form it might take.” *Freedom* is an awe-inspiring memoir about the power we all hold within ourselves.

A concise and engaging investigation of six interpretations of quantum physics. Rules of the quantum world seem to say that a cat can be both alive and dead at the same time and a particle can be in two places at once. And that particle is also a wave; everything in the quantum world can be described in terms of waves—or entirely in terms of particles. These interpretations were all established by the end of the 1920s, by Erwin Schrödinger, Werner Heisenberg, Paul Dirac, and others. But no one has yet come up with a common sense explanation of what is going on. In this concise and engaging book, astrophysicist John Gribbin offers an overview of six of the leading interpretations of quantum mechanics. Gribbin calls his account “agnostic,” explaining that none of these interpretations is any better—or any worse—than any of the others. Gribbin presents the Copenhagen Interpretation, promoted by Niels Bohr and named by Heisenberg; the Pilot-Wave Interpretation, developed by Louis de Broglie; the Many Worlds Interpretation (termed “excess baggage” by Gribbin); the Decoherence Interpretation (“incoherent”); the Ensemble “Non-Interpretation”; and the Timeless Transactional Interpretation (which theorized waves going both forward and backward in time). All of these interpretations are crazy, Gribbin warns, and some are more crazy than others—but in the quantum world, being more crazy does not necessarily mean more wrong. *How Toddlers Thrive* De Gruyter Mouton

Dr. Michael S. Heiser presents fifteen years of research on what the Bible really says about the unseen world of the supernatural, unfiltered by tradition or by theological presuppositions. Who were the sons of God? Who were the Nephilim? Where do angels fit into the supernatural hierarchy? What relation does Jesus bear to the rest of the supernatural world? Heiser tackles these questions and many more as he shines a light on the ancient context of Scripture. After reading this book, you may never read your Bible the same way again. In *Supernatural*, Heiser takes the core message from his recent best-seller, *The Unseen Realm*, and presents it for the person in the pew. He offers the same

approach to reading and understanding Scripture, but without all the extra footnotes and supporting information needed for the scholarly treatment. “We can’t believe what we don’t understand. In *Supernatural*, Michael Heiser helps us to do both. It may open your eyes to the scripture in a new way.” —John Ortberg, author of *If You Want to Walk on Water, You’ve Got to Get Out of the Boat*

The new sociology of sexuality has a two-fold aim: to demonstrate how the social shapes the sexual; and to analyse how the sexual in turn becomes a focal point for personal identity, cultural anxiety value debates and political action. Drawing on papers from the 1994 British Sociological Association annual conference on 'Sexualities in Social Context', this volume brings together key contributors to this stimulating new approach. Topics covered include theoretical developments, the relationship between history and contemporary controversies, community and identity, especially in the context of AIDS, value conflicts and changes in the meanings of intimacy. The book as a whole offers a significant intervention into debates on sexuality, and a thoughtful contribution to the broadening of the sociological agenda.

London's Royal Palaces are still some of the most visited places in England. A great deal of their official histories are well known. But London's *Strangest Tales: Historic Royal Palaces* reveals the bizarre, funny and surreal events and episodes that have occurred over the centuries on the grounds of these beautiful buildings. It gives an alternative history: from the wandering inebriated zebras at the Tower of London, the cricket ball that probably killed a king, and the mystery of Kew's disappearing mosque. This is a wonderful collection for anyone with an interest in the history and heritage of our palaces and in London life generally.
