Magics Master of the Five Magics is a  
fantasy novel by Lyndon Hardy, first  
published in 1980. It is the first of a  
trilogy set in the same world; the second  
book is Secret of the Sixth Magic and the  
third Riddle of the Seven Realms. The  
books feature different characters, but  
each explores the same system of magic  
in successively more detail. It may be an  
early example of hard fantasy. Master of  
the Five Magics - Wikipedia The Master of  
Five Magics (1980) by Lyndon Hardy sits  
at that annoying place between being a  
good and a bad book. The book itself  
tells the story of Alodar, who desperate  
wants to be a suitor to the Queen, so  
that he can restore the fortunes of his  
once noble heritage. In doing so, he tries  
each magic. Master of the Five Magics  
(Magics, #1) by Lyndon Hardy Master of  
the Five Magics is a fantastic discussion  
of how magic works - as the main  
character progresses through the five  
paths of magic, the reader learns the  
natural laws of magic that govern spells.  
These laws and their application are the  
meat of this book; roleplayers interested  
in designing their own magic systems  
could learn a lot from it. Others  
interested in magic for its own sake
