Amazon Amazon.co.uk: ublox gps The ANN-

MS is a high performance Active Antenna

that enables the full capabilities of u-blox

GPS receivers. This compact and easy to

use antenna is simple to integrate and can

be operated at a supply voltage of 2.7 V to

5.5 V. 1.2 Benefits Active GPS antenna - U-

blox The high performance ANN-MS active

GPS antenna with integrated low-noise

amplifier (LNA) is the perfect match to

u-blox GPS receivers where high

sensitivity and optimum sky coverage are

essential. ANN-MS offers the high

performance to exploit the full capabilities

of all u-blox GPS receivers, and can be

operated at a supply voltage of 2.7 to 6

V. ANN-MS | u-blox Free delivery and

returns on eligible orders. Buy USB GPS
