**David Bowie: Starman** Routledge  
Discover the stories behind the songs  
THE LIFE OF A SONG contains the stories  
of 100 songs exploring each song's  
biography and how they took on a new  
life following their release. Packed with  
intriguing factoids, these bite-sized  
essays will delight music fans and send  
you scurrying back to listen to the songs  
in all their beauty and mystery. Who  
knew that Paul McCartney originally  
referred to Yesterday as 'Scrambled  
Eggs' because he couldn't think of any

lyrics for his heart-breaking tune? Or  
that Patti LaBelle didn't know what  
'Voulez-vous coucher avec moi ce soir?'  
actually meant? These and countless  
other back stories fill this book. Each  
600-word piece gives a mini-biography  
of a single song, from its earliest form  
through the various covers and changes,  
often morphing from one genre to  
another, always focusing on the  
'biography' of the song itself while  
including the many famous artists who  
have performed or recorded it. This book  
collects 100 of the best pieces from the  
highly successful The Life of a Song  
columns from the FT Weekend every  
Saturday. Inside you'll find rock, pop,

folk, jazz and more. Each piece is pithy, sparkily written, knowledgeable, entertaining, full of anecdotes and surprises. They combine deep musical knowledge with the vivid background of the performers and musicians, and of course the often intriguing social and political background against which the songs were created.

Fretboard Theory Volume II Desi Serna  
In this concise and engaging analysis of rock music, music theorist Ken Stephenson explores the features that make this internationally popular music distinct from earlier music styles. The author offers a guided tour of rock music from the 1950s to the present, emphasizing the theoretical underpinnings of the style and, for the first time, systematically focusing not on

rock music's history or sociology, but on the structural aspects of the music itself. What structures normally happen in rock music? What theoretical systems or models might best explain them? The book addresses these questions and more in chapters devoted to phrase rhythm, scales, key determination, cadences, harmonic palette and succession, and form. Each chapter provides richly detailed analyses of individual rock pieces from groups including Chicago; the Beatles; Emerson, Lake, and Palmer; Kansas; and others. Stephenson shows how rock music is stylistically unique, and he demonstrates how the features that make it distinct have tended to remain constant throughout the past half-century and within most substyles. For music

students at the college level and for practicing rock musicians who desire a deeper understanding of their music, this book is an essential resource.

The Guitar Strummers' Rock Songbook

Wise Publications

(Guitar Solo). Sound like a pro with these 15 solo guitar arrangements, including: Ain't No Sunshine \* Blackbird \* Fire and Rain \* For What It's Worth \* Free Fallin' \* Hotel California \* The Joker \* Stairway to Heaven \* Wish You Were Here \* and more.

The Life of a Song Volume 1

"Ziggy Stardust," "Changes," Under Pressure," "Let's Dance," "Fame," "Heroes," and of course, "Starman." These are the classic songs of David Bowie, the artist whose personas are

indelibly etched in our pop consciousness alongside his music. He wrote and recorded with everyone from Iggy Pop to Freddie Mercury to John Lennon, sold 136 million albums, has one of the truly great voices, and influenced bands as wide-ranging as Nirvana and Franz Ferdinand. Paul Trynka illuminates Bowie's seemingly contradictory life and his many reinventions as an artist, offering over 300 new interviews with everyone from classmates to managers to lovers. He reveals Bowie's broad influence on the entertainment world, from movie star to modern-day icon, trend-setter to musical innovator. This book will define Bowie for years to come.

*Starling* This Day In Music Books

This commemorative songbook features

20 of David Bowie's greatest hits, spanning his entire career from 1969 to 2016. Each song is arranged for Piano, Vocal and Guitar, with full lyrics and Guitar chord boxes. David Bowie was an actor, a fashion icon, an artist, a mime and a writer, but above all, his creative output as a musician brought him the respect, admiration and adoration enjoyed by few other pop stars before or since. His consistent re-invention of his aesthetic, style and sound, as well as his mysterious alter egos enabled him to mould his music to a number of genres, eluding easy classification and producing a string of widely acclaimed albums and singles. This collection represents this musical icon, from his first single Space Oddity, to Lazarus, with a lengthy introductory tribute from renowned

music journalist Chris Charlesworth. This is the perfect way to pay tribute to the legendary Starman. Songlist: - Absolute Beginners - Ashes To Ashes - Changes - Golden Years - Heroes - The Jean Genie - Lazarus - Let's Dance - Life On Mars? - The Man Who Sold The World - Modern Love - Oh! You Pretty Things - Rock 'n' Roll Suicide - Sound And Vision - Space Oddity - Starman - Suffragette City - Where Are We Now? - Wild Is The Wind - Ziggy Stardust

Book two in the Fretboard Theory series picks up where the first volume leaves off and takes your guitar playing and musical knowledge to a whole new level. You learn advanced applications and new musical concepts. There is information for rhythm guitarists, lead guitarists, improvisers, and composers. Each chapter focuses on applications found in popular music and includes familiar song references. \* Gain new

perspective on keys and tonalities so that you have total control over the music you play \* Get to know scale formulas and new number systems so you know music from the inside out \* Push to and resolve on chords using dominant function and voice leading \* Change keys, borrow chords, and mix modes in order to add more variety to your chord progressions \* Get jazzy by using chromatic, diminished, and augmented passing chords \* Become a more proficient lead guitarist by narrowing your focus to the scale patterns preferred by the pros \* Make your lead lines more melodic and give them more direction with chord tone soloing \* Create new sounds and new chord progressions with the harmonic minor scale \* Add more depth and

dimension to your playing by using pedal point and pedal tones Video Fretboard Theory Volume II is also available as a 12-hour video series that is sold separately on the author's GuitarMusicTheory.com website. Visit the website and sign up for email lessons to sample the footage. Level: Recommended for intermediate level players on up who have already completed the first volume of Fretboard Theory.

Rock: The Primary Text - Developing a Musicology of Rock Simon and Schuster Paused in Cosmic Reflection is the definitive story of The Chemical Brothers. Told in the voices of Tom Rowlands and Ed Simons, with contributions from friends and collaborators, it is fully illustrated with

30 years of mind-bending visuals.

*Starman* John Wiley & Sons

In *Experiencing David Bowie: A Listener's Companion*, musicologist, writer, and musician Ian Chapman unravels the extraordinary marriage of sound and visual effect that lies at the heart of the work of one of the most complex and enduring performers in popular music.

Life changed for Michael Francis at the age of 21 when Paul McCartney walked into his father's boxing gym to watch his friend John Conteh preparing for a fight. Paul hired Michael as his security guard, beginning a thirty-year music business career in which he worked with such legendary names as Led Zeppelin, Bad Company, The Osmonds, Sheena Easton, Frank Sinatra, Bon Jovi, Cher and Kiss. As tour manager, Michael was responsible for every aspect of their safety and their comfort, from making sure they were not mobbed on stage to making sure they got paid. Whatever they wanted, he got hold of. To some of them he became close. He was best man at Jon Bon Jovi's wedding, and provided personal security

for five years for Cher at her Malibu home. He shared their wildest excesses, their highs and their lows; he saw their fears and, all too often, their loneliness and paranoia. Sometimes hilarious, frequently shocking, always perceptive, STAR MAN is the outrageous, uncompromising and brutally honest story of one man's life with the biggest stars of rock.

**Star Man** Wise Publications

The late, great David Bowie left an indelible mark of popular culture and a legacy of songs which still continue to inspire generations. Make your guitar sing with insight on music theory brings your instrument to life There's a universe of incredible music living in your guitar. You just need

to discover how to let it out. In *Guitar Theory For Dummies*, expert guitarist and instructor Desi Serna walks you through the music theory concepts you need to understand to expand your musical horizons. From deciphering the mysteries of the fretboard to adapting chord progressions to a song's key, you'll master techniques that will help you move past simple, three-chord songs to more complex and creative pieces. Build on your existing knowledge of open and barre chords and simple progressions with practical instruction that demystifies scales and chord voicings and shows you how to bring them together to create impressive music. You can also jump over to [dummies.com](http://dummies.com) to hear audio samples of the examples featured in the book. You'll

also learn: How chords, keys, and scales are built and how they interact with one another Powerful concepts, like intervals, chord extensions, modes and modal scales, that grant access to a world of musical possibilities How popular songs apply elements of guitar theory and how you can apply the same techniques Free yourself from the confines of tab sheets and simple chords and start enjoying all the musical potential of your guitar.

Guitar Theory For Dummies is for anyone who wants to unlock the next stage of their musical journey.

**Rebel Rebel** Hachette UK

An expansive biography of David Bowie, one of the twentieth century's greatest music and cultural icons. From noted author and rock 'n' roll journalist Marc Spitz comes a major David Bowie

biography to rival any other. Following Bowie's life from his start as David Jones, an R & B—loving kid from Bromley, England, to his rise to rock 'n' roll aristocracy as David Bowie, Bowie recounts his career but also reveals how much his music has influenced other musicians and forever changed the landscape of the modern era. Along the way, Spitz reflects on how growing up with Bowie as his soundtrack and how writing this definitive book on Bowie influenced him in ways he never expected, adding a personal dimension that Bowie fans and those passionate about art and culture will connect with and that no other bio on the artist offers. Bowie takes an in-depth look at the culture of postwar England in which Bowie grew up, the mod and hippie

scenes of swinging London in the sixties, the sex and drug-fueled glitter scene of the early seventies when Bowie's alter-ego Ziggy Stardust was born, his rise to global stardom in the eighties and his subsequent status as an elder statesman of alternative culture. Spitz puts each incarnation of Bowie into the context of its era, creating a cultural time line that is intriguing both for its historical significance as well as for its delineation of this rock 'n' roll legend, the first musician to evolve a coherent vision after the death of the sixties dream. Amid the sex, drugs and rock 'n' roll mayhem, a deeper portrait of the artist emerges. Bowie's early struggles to go from follower to leader, his tricky relationship with art and commerce and Buddhism and the occult, his

complicated family life, his open romantic relationship and, finally, his perceived disavowal of all that made him a touchstone for outcasts are all thoughtfully explored. A fresh evaluation of his recorded work, as well as his film, stage and video performances, is included as well. Based on a hundred original interviews with those who knew him best and those familiar with his work, including ex-wife Angie Bowie, former Bowie manager Kenneth Pitt, Siouxsie Sioux, Camille Paglia, Dick Cavett, Todd Haynes, Ricky Gervais and Peter Frampton, Bowie gives us not only a portrait of one of the most important artists in the last century, but also an honest examination of a truly revolutionary artist and the unique impact he's had across generations.

Acoustic Rock (Songbook) Bloomsbury Publishing USA

Koji Kondo's *Super Mario Bros.* (1985) score redefined video game music. With under three minutes of music, Kondo put to rest an era of bleeps and bloops—the sterile products of a lab environment—replacing it with one in which game sounds constituted a legitimate form of artistic expression. Andrew Schartmann takes us through the various external factors (e.g., the video game crash of 1983, Nintendo's marketing tactics) that coalesced into a ripe environment in which Kondo's musical experiments could thrive. He then delves into the music itself, searching for reasons why our hearts still dance to the “primitive” 8-bit tunes of a bygone era. What musical features are responsible for

Kondo's distinct “Mario sound”? How do the different themes underscore the vastness of Princess Peach's Mushroom Kingdom? And in what ways do the game's sound effects resonate with our physical experience of the world? These and other questions are explored within, through the lens of Kondo's compositional philosophy—one that would influence an entire generation of video game composers. As Kondo himself stated, “we [at Nintendo] were trying to do something that had never been done before.” In this book, Schartmann shows his readers how Kondo and his team not just succeeded, but heralded in a new era of video games.

*Listen to Classic Rock! Koji Kondo's Super Mario Bros. Soundtrack (Strum It (Guitar))*. This book is designed

to get you playing (and singing) along with your favorite rock songs. The songs are arranged in lead sheet format, with the chords, melody and lyrics. Strum patterns are written above the staff as an accompaniment suggestion. Strum the chords in the rhythm indicated, and use the chord diagrams provided for the appropriate chord voicings. Includes

these rock hits: Against the Wind \* Angie \* Baby, I Love Your Way \* Band on the Run \* Crazy Little Thing Called Love \* Evil Ways \* Free Bird \* Into the Great Wide Open \* Jet Airliner \* Maggie May \* Peace Train \* Space Oddity \* Time for Me to Fly \* The Weight \* You've Got to Hide Your Love Away \* and dozens more!
