Sixteenth-century French prophet Nostradamus predicted the Great Fire of London, Napoleon's conquest, Hitler's rule, and the atomic bomb. Can the VanOps team keep the old seer's secrets out of blood-stained hands? The next standalone installment of the six-time award-winning and #1 international bestselling VanOps thriller series, is a heart-stopping story of spies, lies, and family ties. Aikido black belt Maddy Marshall is celebrating the completion of her black ops training when news of a military takeover in the South China Sea shocks the world because it was predicted by a sixteen-year-old French student. When intel chatter spells danger to Avril, the young seer, VanOps Director Bowman assigns Marshall and her twin brother, Will Argones, to protect the girl. Emotions between the siblings are running hot due to their aunt's recent stroke, which has reminded them of the childhood accident that scarred both his chin and her heart. Tensions ratchet higher when they arrive at Avril's home to find the instant social

media star has been kidnapped, leaving them with only clenched fists and cryptic clues that lead to a formula encoded on an etched-bronze medallion. While Taiwan fears an invasion that will set off an apocalyptic chain of events, Marshall and Argones race through medieval French towns, Italian cathedrals, and ancient Greek temples attempting to find Avril before their enemies use the girl to discover the Holy Grail of military intelligence. If the team fails, they won't need a crystal ball to know millions of innocent souls will be destined to join Nostradamus in the afterlife. The Doomsday Medallion is an electrifying, globe-trotting thriller that delves into humankind's timeless fascination with prophecy and illuminates the mesmerizing and dangerous potential of a weaponized oracle.

Riley Wolfe is a master thief, expert at disguise, and not averse to violence when it's needed. It's no accident, though, that Riley targets the wealthiest 0.1 percent and is willing to kill them when they're in his way: he despises the degenerate and immoral rich and loves stealing their undeserved and unearned valuables. In this series launch, Riley aims for an extraordinary target in a heist that will make history. Riley will try to steal the Crown Jewels of Iran. Yes, these jewels are worth billions, but the true attraction for grabbing them comes down to one simple fact: it can't be done. Stealing these jewels is absolutely impossible. The collection is guarded by space-age electronics and two teams of heavily armed mercenaries. No one could even think of getting past the airtight security and hope to get away alive, let alone with even a single diamond from the Imperial Collection. No one but Riley Wolfe. He's always liked a challenge. But this challenge may be more than even he can handle. Aside from the

impenetrable security, Riley is also pursued by a brilliant and relentless cop who is barely a step behind him. With the aid of his sometime ally, a beautiful woman who is a master art forger, Riley Wolfe goes for the prize that will either make him a legend-or, more likely, leave him dead.

*The Most Dangerous Game* Vintage Crime/Black Lizard

♥♥ The Most Dangerous Game by Richard Connell ♥♥ The Most Dangerous Game, also published as The Hounds of Zaroff, is a short story by Richard Connell first published in Collier's magazine on January 19, 1924. It features a big-game hunter from New York who falls off a yacht and swims to an isolated island in the Caribbean where he is hunted by a Cossack aristocrat. The story is an adaptation of the big-game hunting safaris in Africa and South America that were fashionable among wealthy Americans in the 1920s. ♥♥ The Most Dangerous Game by Richard Connell ♥♥ Big-game hunter Sanger Rainsford and his friend, Whitney, are traveling to the Amazon rainforest for a jaguar hunt. After a discussion about how they are "the hunters" instead of "the hunted," Whitney goes to bed and Rainsford hears gunshots. He climbs onto the yacht's rail and accidentally falls overboard, swimming to Ship-Trap Island, which is notorious for shipwrecks. On the island, he finds a palatial chateau inhabited by two Cossacks: the owner, General Zaroff, and his gigantic deaf-mute servant, Ivan. ♥♥ The Most Dangerous Game by Richard Connell ♥♥ Zaroff, another big-game hunter, knows of Rainsford from his published account of hunting snow leopards in Tibet. Over dinner, the middle-aged Zaroff explains that although he has been hunting animals since he was a boy, he has decided that killing big-game has become boring for him, so after escaping the Russian Revolution he moved to Ship-Trap Island and set it up to trick ships into wrecking themselves on the jagged rocks that surround it. He takes the survivors captive and hunts them for sport, giving them food, clothing, a knife, and a three-hour head start, and using only a small-caliber pistol for himself. Any captives who can elude Zaroff, Ivan, and a pack of hunting dogs for three days are set free. He reveals that he has won every hunt to date. Captives are offered a choice between being hunted or turned over to Ivan, who once served as official knouter for The Great White Czar. Rainsford denounces the hunt as barbarism, but Zaroff replies by claiming that "life is for the strong." Realizing he has no way out, Rainsford reluctantly agrees to be hunted. During his head start, Rainsford lays an intricate trail in the forest and then climbs a tree. Zaroff finds him easily, but decides to play with him as a cat would with a mouse, standing underneath the tree Rainsford is hiding in, smoking a cigarette, and then abruptly departing. ♥♥ The Most Dangerous Game by Richard Connell ♥♥ After the failed attempt at eluding Zaroff, Rainsford builds a Malay man-catcher, a weighted log attached to a trigger. This contraption injures Zaroff's shoulder, causing him to return home for the night, but he shouts his respect for the trap before departing. The next day Rainsford creates a Burmese tiger pit, which kills one of Zaroff's hounds. He sacrifices his knife and ties it to a sapling to make another trap, which kills Ivan when he stumbles into it. To escape Zaroff and his approaching hounds, Rainsford dives off a cliff into the sea; Zaroff, disappointed at Rainsford's apparent suicide, returns home. Zaroff smokes a pipe by his fireplace, but two issues keep him from the peace of mind: the difficulty of replacing Ivan and the uncertainty of whether Rainsford perished in his dive.

The Secret of Annexe 3 is the seventh novel in Colin Dexter's Oxford-set detective series. Morse sought to hide his disappointment. So many people in the Haworth Hotel that fateful evening had been wearing some sort of disguise - a change of dress, a change of make-up, a change of partner, a change of attitude, a change of life almost; and the man who had died had been the most consummate artist of them all . . . Chief Inspector Morse seldom allowed himself to be caught up in New Year celebrations. So the murder inquiry in the festive hotel had a certain appeal. It was a crime worthy of the season. The corpse was still in fancy dress. And hardly a single guest at the Haworth had registered under a genuine name . . . The Secret of Annexe 3 is followed by the eighth Inspector Morse book, The Wench is Dead.

A disillusioned ex-cop is drawn back into danger in this “rock-solid series debut” by the New York Times–bestselling author of the Dexter novels (Booklist). When a hostage situation turns deadly, Billy Knight loses everything—his wife, his daughter, and his career in law enforcement.

Devastated, he heads to Key West to put down his gun and pick up a rod and reel as a fishing boat captain. But former co-worker Roscoe McAuley

isn't ready to let Billy rest. When Roscoe tells Billy that his son was the victim of premeditated murder during the riots following the Rodney King trial, Billy sends him away. When Roscoe himself turns up dead a few weeks later, however, Billy can't keep from getting sucked back into Los Angeles, and the streets that took so much from him. Billy's investigations into the death of a former cop, and his son, will take him up to the highest echelons of the LAPD, finding corruption at every level. It puts him on a collision course with the law, with his past, with his former fellow officers, and with the dark aftermath of the civil rights movement—in a case with more dangerous blind curves than Mulholland Drive.
