In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are smarter than an elite few, no matter how brilliant—better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, ant biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our

lives, select our leaders, run our companies, and think about our world.

How does Derren Brown do his mind tricks? Paying a diamond merchant with plain paper, getting someone to stand in the middle of the street like a statue, or using a worthless ticket to collect money at greyhound races as though it were in fact a winning ticket. How does Derren Brown manage to mislead people in the street while doing some sort of hypnosis? Is it real or is it show? He sometimes uses techniques designed by John Grinder and Richard Bandler, which are known as 'Ericksonian hypnosis' and 'NLP'. If you want to control these techniques, read this book carefully.

Discover what Ericksonian hypnosis entails and what you can achieve with it.

Sharon Marshall worked on four tabloid newspapers over the course of ten years. Along the way she did and saw some Very Bad Things, and failed - spectacularly - to find love. It was only when she realised that these two things were connected that she finally realised it was time to quit. In her hilarious and eye-opening memoir she reveals what really goes on behind the scenes at a major tabloid newspaper - just how far journalists will go to get a story, and just how far celebrities will go (secretly) to get their name in the headlines. In the tradition of *Hotel Babylon* and *City Boy*, *TABLOID GIRL* is a smart, funny, revealing look into a fascinating world.

Questions about the reliability of the New Testament are commonly raised today both by biblical scholars and popular media. Drawing on decades of research, Craig Blomberg addresses all

of the major objections to the historicity of the New Testament in one comprehensive volume. Topics addressed include the formation of the Gospels, the transmission of the text, the formation of the canon, alleged contradictions, the relationship between Jesus and Paul, supposed Pauline forgeries, other gospels, miracles, and many more. Historical corroborations of details from all parts of the New Testament are also presented throughout. The Historical Reliability of the New Testament marshals the latest scholarship in responding to New Testament objections, while remaining accessible to non-specialists.
