This book revives the discussion on public social services and their redesign, with a focus on services relating to care

and the social inclusion of vulnerable groups, providing rich information on the changes that occurred in the organisation and supply of public social services over the last thirty years in different European places and service fields. Despite the persisting variety in social service models, three shared trends emerge: public sector disengagement, 'vertical re-scaling' of authority and 'horizontal re-mix' in the supply system. The consequences of such changes are evaluated from different perspectives - governance, social and territorial cohesion, labour

market, gender – and are eventually deemed ‘disruptive’ in both economic and social terms. The policy implications of the restructuring are also explored. This title will be Open Access on Elgaronline.com.

Juan Verdades Edward Elgar Publishing  
The biggest lie of all is the story you think you already know. The del Cisne girls have never just been sisters; they’re also rivals, Blanca as obedient and graceful as Roja is vicious and manipulative. They know that, because of a generations-old spell, their family is bound to a bevy of swans deep in the woods. They know that, one day, the swans will pull them into a dangerous game that will leave one of them a girl, and trap the other in the body of a swan. But when two local boys become drawn

into the game, the swans’ spell intertwines with the strange and unpredictable magic lacing the woods, and all four of their fates depend on facing truths that could either save or destroy them. Blanca & Roja is the captivating story of sisters, friendship, love, hatred, and the price we pay to protect our hearts.

Weslandia Clarion Books

Quince Duncan is a comprehensive study of the published short stories and novels of Costa Rica’s first novelist of African descent and one of the nation’s most esteemed contemporary writers. The grandson of Jamaican and Barbadian immigrants to Limón, Quince Duncan (b. 1940) incorporates personal memories into stories about first generation Afro–West Indian immigrants and their

descendants in Costa Rica. Duncan's novels, short stories, recompilations of oral literature, and essays intimately convey the challenges of Afro-West Indian contract laborers and the struggles of their descendants to be recognized as citizens of the nation they helped bring into modernity. Through his storytelling, Duncan has become an important literary and cultural presence in a country that forged its national identity around the *leyenda blanca* (white legend) of a rural democracy established by a homogeneous group of white, Catholic, and Spanish peasants. By presenting legends and stories of Limón Province as well as discussing the complex issues of identity, citizenship, belonging, and cultural exile, Duncan has written the story of West Indian

migration into the official literary discourse of Costa Rica. His novels *Hombres curtidos* (1970) and *Los cuatro espejos* (1973) in particular portray the Afro-West Indian community in Limón and the cultural intolerance encountered by those of African-Caribbean descent who migrated to San José. Because his work follows the historical trajectory from the first West Indian laborers to the contemporary concerns of Afro-Costa Rican people, Duncan is as much a cultural critic and sociologist as he is a novelist. In *Quince Duncan*, Dorothy E. Mosby combines biographical information on Duncan with geographic and cultural context for the analysis of his works, along with plot summaries and thematic discussions particularly helpful to readers new to Duncan.

*Blanca Rosa's Quinceanera* Tor Books

A “colorful family saga” set against the dramatic historical backdrop of twentieth-century Puerto Rico, from an author nominated for the National Book Award (Kirkus Reviews). Elvira Vernet narrates *Eccentric Neighborhoods* as she attempts to solve the mystery of who her parents truly are. Her mother, the beautiful and aristocratic Clarissa Rivas de Santillana, was born into a rarefied world of privilege, one of five daughters on the family’s sugar plantation. Elvira’s father, Aurelio Vernet, and his three brothers and two sisters were raised by Santiago, a Cuban immigrant who ruled his family with an iron hand. As Puerto Rico struggles for independence—and Aurelio takes his place among the powerful political gentry—a legacy of

violence, infidelity, faith, and sacrifice is born. Set against the backdrop of a country coming of age, *Eccentric Neighborhoods* is a lush, transcendent novel, a family saga about mothers and daughters, husbands and wives, parents and children. In this magnificent follow-up to *The House on the Lagoon*, Rosario Ferré delivers a work of historical fiction influenced by magical realism and infused with forgiveness and love.
