Diatonic Major and Minor Scales by Andrés Segovia was published in 1953 and consisted of 24 scales, 12 major and 12 minor, for which he applied his own unique fingerings. Here in this book, those scales are re-illustrated using a combination of standard notation, tablature, and fretboard diagrams. This makes them easier to read, quicker to learn, and accessible to more people. Also included in the material is an explanation of how Segovia organized

the scales, a reference page displaying the 8 finger patterns used to play all of the scales, and practice tips for increasing speed and accuracy.

Together with *The Baroque Book* (97479), this book was compiled as part of an educational series implementing an innovative teaching concept developed by the UK branch of the European Guitar Teachers Association. This volume contains intermediate level classic guitar solos from the early 19th

Century, including works by Aguado, Carcassi, Carulli, Coste, Diabelli, Giuliani, Molino, and Sor. The progressively arranged pieces are divided into three categories: 1) pieces that do not contain left-hand slurs or barres and do not go higher than the fifth position, 2) pieces that include half barres, single grace notes, and other examples of the left-hand slur, and 3) pieces that include full barres along with multiple grace notes. Higher positions are required with greater frequency in the latter two sections. Overall, this anthology provides great sight reading practice at an intermediate level, along with ample historical and biographical notes.
