 Microbiology Science Projects (28 results)  
 Microorganisms are all around us, with an amazing diversity of  
 adaptations. They were the first life on Earth, and their relatively  
 recent discovery in extreme environments—like hot springs, ocean  
 vents, and polar ice—illustrates how tenaciously they've

evolved and survived. Microbiology Science Projects Your first microbiology field trip is to a large university hospital lab. Urinary tract infections are quite common, so it is not surprising that urine specimens make up a large proportion of the samples submitted for routine laboratory diagnosis.
