 considers the

motives that many powerful forces had, to make sure he never set foot in the White House. Divided into two parts, Part One examines the potential motives the Bush family, the C.I.A., and perhaps even Israeli intelligence, had to eliminate JFK, Jr. Part Two systematically dismantles the official version of events, that JFK, Jr., crashed his plane due to pilot error, and examines both the evidence of a

government cover-up at the crime scene, and the extensive eyewitness reports of an explosion that brought the aircraft down. JFK - An American Coup Macmillan "Who cares who killed Kennedy? Plenty of people die all the time!" once scoffed Noam Chomsky. Americans and people around the world should care about who killed JFK, but also his brother, and possibly his

son. The Kennedys are important not for who they were as individuals, or even as a clan, but for what America lost when she was deprived of their leadership, again and again. The Kennedys are important because a rational, comparative study of their murders reveals the ugly truth behind the smoke screen of the "Kennedy curse," and exposes the deep power that has

enslaved America ever since.

 Five decades after one of America's greatest

tragedies, this compelling book pierces the veil of secrecy to document the small, tightly held conspiracy that killed President John F. Kennedy. It explains why he was murdered, and how it was done in a way that forced many records to remain secret for decades. The Hidden History of the JFK Assassination draws on exclusive interviews with more than two dozen associates of

John and Robert Kennedy, in addition to former FBI, Secret Service, military intelligence, and Congressional personnel, who provided critical first-hand information. The book also details the FBI confessions of notorious Mafia godfathers Carlos Marcello and Santo Trafficante to reveal exactly who killed JFK. Using files and information that have never been published

before, Lamar Waldron fully explains for the first time how Marcello and Trafficante committed — and got away with — the crime of the twentieth century.

Books Unlimited (MD) Mike Bara, space expert and author of Ancient Aliens on the Moon, takes a hard look at the Kennedy assassination and the race to the Moon. Bara will examine never-before-

revealed clues to the real reasons behind the Kennedy assassination, the true objectives of the Apollo program and the shadow government hidden agendas that led to Kennedy's death in Dallas. Relying on never-before-seen documents culled from the recent Kennedy assassination papers document dump, Bara will show the secret connections between key

assassination figures like Lee Harvey Oswald, Lyndon Johnson, and highly placed figures inside NASA who had reasons to want Kennedy dead. Bara also looks into the bizarre billion-dollar Treasury bonds that Japanese businessmen attempted to deposit in a Swiss bank that had photos of Kennedy and the Moon on them. Is the wealth of the Moon being used as collateral by the USA? The

book will dig deeply into Kennedy's silent war with shadowy Deep State figures who were desperate to shut down his Disclosure agenda. Finally, Bara will examine the truth behind the Apollo missions by looking at recent revelations like Project Horizon, "Apollo 20," and rumors that the landings themselves were faked. Includes 8-page color section.

Ever since President John F. Kennedy was gunned down in Dallas fifty years ago, various theories have swirled around what was a key event in American - and world -

history.  
Whatever the conclusions of the US official Warren Report - that the President had been assassinated by a lone gunman, Lee Harvey Oswald - many people doubt that to be true. Indeed, President Nixon later admitted on tape that the report was 'a hoax committed on the American people.' John Hughes - Wilson, a former colonel in British Intelligence, set out in

2007 to go through the millions of words and thousands of pieces of evidence, to put together an intelligence jigsaw of what really happened that dreadful high noon in Dallas in 1963. The result is a dramatic exposure of what actually took place and a clear indication that, while some of the pieces of that jigsaw may be missing, the truth is emerging. While the US Federal Archive still

keeps a million documents relating to the case under lock and key, it is beyond reasonable doubt that Jack Kennedy was the victim of a plot to remove the President of the United States. John Hughes - Wilson highlights the facts behind why Marilyn Monroe had to be silenced, LBJ's corrupt secrets, the Kennedys' secret Cuban coup plans, how the mafia manipulated politicians and the CIA, and

how the assassination was covered up. Reading this book no one can be in any doubt that JFK's death was not at the hands of a lone deranged gunman, but a deadly plot to remove a President who threatened vested interests at home and abroad. See No Evil TrineDay Pulitzer Prize Finalist: "By far the most lucid and compelling account . . . of what probably did happen in Dallas—and what almost

certainly did not.” —The New York Times Book Review The Kennedy assassination has reverberated for five decades, with tales of secret plots, multiple killers, and government cabals often overshadowing the event itself. As Gerald Posner writes, “Fifty years after the assassination, the biggest casualty has been the truth.” In this first-ever digital edition of his classic work, updated with a special

comment for the fiftieth anniversary, Posner lays to rest all of the convoluted conspiracy theories—concerning the mafia, a second shooter, and the CIA—that have obscured over the decades what really happened in Dealey Plaza on November 22, 1963. Drawing from official sources and dozens of interviews, and filled with powerful historical detail, *Case Closed* is a vivid and

straightforward account that stands as one of the most authoritative books on the assassination of John F. Kennedy. *The Kennedy Conspiracy* Skyhorse Publishing, Inc. On the afternoon of November 22, 1963, a nineteen-year-old Buell Wesley Frazier was thrown up against the wall by two detectives and escorted to Dallas Police Station. His coworker and sometimes passenger to and from work

Lee Harvey Oswald was the presumed assassin of President John F. Kennedy and Officer J. D. Tippit. It didn't take Buell long to figure out that he was presumed guilty by association. Buell was afraid for himself and his family. Years of emotional pain built up. He had long forgotten how to trust people. He became resentful of the police force, and he doubted whether he

would be ever to hold his head up in public and see people who believed his story. In the early nineties, Buell's life was changed forever when he met a man who would become his best friend and confidant. Over the years, Buell emerged from the shadows and slowly found the peace and self-confidence he had longed to have. At the request of some friends, he began to talk to the public. From

panel discussions to classrooms, Buell was surprised to learn that there were people who not only wanted to hear his story believed him too! This turn of events caused a paradigm shift in the way Buell saw himself. As a result, he became inspired by those people to write his complete story. For the first time in fifty years, he welcomes you to be a passenger on this road trip

to learn how hard work, perseverance, self-belief, and resiliency became the pillars that supported the long transition of the boy he was to the man he became.

Thousands of books and articles have been written about the murder of JFK, many of which are large in volume and short on facts. Quite often, these works try to reinvent the wheel, attempting to cover every single area of

the assassination, as well as many tangential and unessential points, as well. The reader is often left exhausted and confused. The sheer volume of pages, conflicting facts, and theories leaves one unsatisfied and, quite frankly, not sure exactly what did happen on 11/22/63. This book seeks to separate the wheat from the chaff. It is 55-plus years later: it is time for real,

honest answers in an easy-to-read and understand format. Proof of a conspiracy; no theories; to-the-point; a perspective on the assassination for the millennial age and beyond. Based on years—decades—of primary source research and having read countless books on the subject. The Final Truth JFK - An American Coup: The Truth Behind the Kennedy Assassination

Here are the facts: a) President John F. Kennedy supported the coup d'état that resulted in the assassination of Diem; b) twenty-one days later, Kennedy was assassinated; c) forty-eight hours after JFK's murder, the FBI deported a French assassin—a fact that was not

reported at the time, even to the Warren Commission; d) this deportation order came from the Office of the Attorney General, Robert F. Kennedy. Bradley O'Leary and L.E. Seymour present a convincing argument that implicates not Lee Harvey Oswald, but rather a conglomerate of conspirators, in the death of beloved President Kennedy. Using actual CIA

documents, interviews, and evidence, Triangle of Death will alter everything you thought you knew about John F. Kennedy's death. The Hidden History of the JFK Assassination Counterpoint John Fitzgerald Kennedy, the 35th President of the United States, was assassinated on Friday, November 22, 1963, at 12:30 p.m. Central Standard Time in Dallas, Texas, while riding in a

presidential motorcade. Kennedy was riding with his wife Jacqueline, Texas Governor John Connally, and Connally's wife Nellie when he was fatally shot by former U.S. Marine Lee Harvey Oswald, firing in ambush from a nearby building. But whether what we saw is the truth? Why do we know so little about the JFK assassination? Why was President Kennedy murdered? Who gave the

orders? There are plenty of questions that not yet find out the answer. It's time to face unpleasant truths.

**ANCIENT ALIENS AND JFK Skyhorse**

In 1963, and the idea that the President of the United States could be gunned down in broad daylight was almost unbelievable. In America men and women wept openly in the streets for their dead leader. But events soon began to unpick the

original version of what happened. It turned out that the official report was little more than a crude government whitewash designed to hide the real truth. Even American Presidents admitted as much. President Nixon memorably confessed in private that the "Warren Report was the biggest hoax ever perpetuated" on the American public. It began to

emerge that maybe Lee Harvey Oswald, the original "one nut gunman," may not have acted on his own; others were involved, too. That meant no "lone gunman," but a conspiracy. This book attempts to answer the big question: who really shot JFK? And, more important still, exactly why was he shot? John Hughes-Wilson argues that the murder of John Kennedy was, like the murder of

<p>Julius Caesar 2,000 years before, nothing less than a bloody coup d'état by his political enemies, a conspiracy hell bent on removing a leader who was threatening the power and the money of the ruling establishment. Pointing the finger at Lyndon Johnson, the</p>	<p>CIA, and the Mafia, John joins Jackie and Bobby Kennedy in their conclusion that the assassination of JFK was far more complex than a deranged attack by Lee Harvey Oswald, the 24-year-old ex-Marine. <i>Honest Answers about the Murder of President John F.
