DICKERSON JONATHAN

Business Week University of Chicago Press
 Clint Eastwood is one of the world's most popular action stars, who has matured into a fine American producer-director. Entertaining, illuminating and packed with information, up to and including "The Changeling", this is the first book to cover his full life in the movies, from his beginnings in 1950s B-movies and in TV's "Rawhide" to "Gran Torino" showing how as both actor and filmmaker Eastwood aims for the heart of the drama, whatever the story. Howard Hughes follows Eastwood's craft through over 50 movies. He looks at his launch into superstardom in Sergio Leone's 1960s spaghetti westerns. Back in America, he built on his success as western hero with such films as

"High Plains Drifter" and "The Outlaw Josey Wales", winning an Oscar for "Unforgiven" in 1992. He blasted his way through the seventies and eighties as Inspector Harry Francis Callahan, the last hope for law enforcement in San Francisco. He also monkeyed around in two phenomenally popular films with Clyde the orang-utan, which brought tough-guy Eastwood to a whole new audience and made him the biggest box office star of his generation. "Aim for the Heart" also looks at Eastwood's more unusual roles, including "The Beguiled", "The Bridges of Madison County" and "Million Dollar Baby". Since 1970, he has enjoyed parallel success as director-producer of his own Malpaso Productions, with "Bird", "Mystic River" and "Letters from Iwo Jima", demonstrating formidable directing credentials. "Aim for the Heart" covers all Eastwood's movies of many genres in detail, and Eastwood's story is illustrated

with film stills, glimpses behind the scenes, and rare poster advertising material. "Aim for the Heart" also includes the most comprehensive credits filmography has ever compiled on Eastwood's work, as star and director. *The Hero and the Grave* Lulu.com
 The theme of death is an essential component of film narrative, particularly in how it affects the hero. Filmmakers from different cultures and backgrounds have developed distinct yet archetypal perspectives on death and the protagonist's response. Focusing on Western and Japanese period genre films, the author examines the work of John Ford (1894-1973), Akira Kurosawa (1910-1998) and Sergio Leone (1929-1989) and finds similarities regarding death's impact on the hero's sense of morality. *I Am Istanbul* W. From the wild and wacky world of favorite funnyman Jean Shepherd, a dozen truer-than-life tales of tailgating on the Jersey Turnpike, infuriating infants, and other everyday catastrophes, defeats, and humiliations that are the familiar fate of Americans everywhere. Jean Shepherd was one of America's favorite humorists, his most notable achievement being the creation of the indefatigable Ralphie Parker and his quest for a BB gun in the holiday classic *A Christmas Story*. But he was so much more, a comic Garrison Keillor-like figure whose unique voice transcended the airwaves and affected a whole generation of nostalgic Americans. *A Fistful of Fig Newtons* is classic Jean Shepherd—sidesplittingly funny and sardonically irreverent. It is a brilliant comic assessment of American life—all of them delivered in Jean Shepherd's witty, classy, unforgettable style.

Money. Love. Family. When it all falls away and she's left with nothing, one unlikely woman must save herself so that she can save humanity. When Alena Ford is exiled from the whitewashed Upper East Side paradise she hid behind and forced to face both the racial injustice--and her painful past--that she pretended to forget, chaos ensues. A desperate move to a gritty section of Brooklyn sets off an adventure she never imagined. She befriends her eccentric new neighbor Gloria, and the

woman's stunning amethyst necklace and Black Madonna painting draw her into a world of ancient secrets, dark forces, and powerful magic. Alena is descended from an ancient order called The Bridgers, chosen to save humanity from the origin of evil, the Shetani. To succeed, Alena must first battle the demons of her past; if she loses, the fate of the world is at stake. If Alena hopes to survive a final showdown between good and evil, she will need to awaken gifts bestowed to her lifetimes ago and heed the wisdom of the Beings of Light--but first she must make it through her initiation alive.

A Fistful of Kung Fu brings the hyper-kinetic, bullet-spraying, demon-slaying, kung-fu-fighting action of Hong Kong movies and Asian cinema to the wargames tabletop. In a modern world walking a precarious line between the advances of next-generation technology and the tradition and mysticism of ancient cultures, Kung Fu schools face off in no-holds-barred tournaments, corporations hire agents and spies to steal each other's secrets, overworked SWAT teams respond to gunfights between feuding Triad and Yakuza clans, and ancient artefacts are sought by hopping vampires, demon sorcerers and cyborgs alike. Combining the gunfights of John Woo's *Hard Boiled*, the hand-to-hand combat of *Enter the Dragon*, the sheer mystical weirdness of *Big Trouble in Little China*, the wuxia action of *Crouching Tiger Hidden Dragon*, and everything in-between, *A Fistful of Kung Fu* is a skirmish wargame unlike any other.

A Fist Full of Earth By: Pavel Kozhevnikov In this book, there are two intriguing stories, both with Russian influences. In the first story, the reader is introduced to George Lebedikhin. George lives a very interesting life with many twists and turns, from being a prisoner in the USSR, a prize fighter in New York, a bank robber to a

businessman in Hawaii. His life and love story will take you on a ride. The second story is about a beloved childhood dog based on facts from the author's life in the Soviet Union after WWII. It inspired the author's own life and shows the love and gratitude that comes with owning a pet as a child. Both incredible stories will help readers better understand and appreciate the trials and tribulations of life in the Soviet Union under the communist regime. All that is of true value on this earth nests inside the fist of a strong individual who refuses to give up, perhaps fighting just like a beloved dog through the journey of life, securing one's rightful place on this earth.

The Western in the Global South

investigates the Western film genre's impact, migrations, and reconfigurations in the Global South. Contributors explore how cosmopolitan directors have engaged with, appropriated, and subverted the tropes and conventions of Hollywood and Italian Westerns, and how Global South Westerns and Post-Westerns in particular address the inequities brought about by postcolonial patriarchy, globalization and neoliberalism. The book offers a wide range of historical engagements with the genre, from African, Caribbean, South and Southeast Asian, Central and South American, and transnational directors. The contributors employ interdisciplinary cultural studies approaches to cinema, integrating aesthetic considerations with historical, political, and gender studies readings of the international appropriations and U.S. re-appropriations of the Western genre.

Many wargamers enjoy the challenge of skirmish games where, instead of the strategy of vast armies portrayed by traditional wargames, the focus is on the

tactics of a small unit. However, skirmish rules are often so complex that it can take hours of rolling dice, consulting tables and recording data to recreate what would in reality be a fast and furious firefight lasting just minutes. Now these new rules make it possible to recapture the speed and intensity of these actions where every man, and every second, counts. The basic rules are supported by sections which give special rules and scenarios to capture the flavor of a range of different periods, from Napoleonic to Modern Warfare and beyond with Sci-Fi. From the 95th Rifles scouting for Wellington, Western gunfights and WWI trench raids, through WW2 parachute assaults or Special Forces strikes in Afghanistan, or even Space Marines storming a space station, Squad Firefight elegantly simple system allows you to focus on proper tactical decisions rather than rolling buckets of dice or calculating masses of modifiers.

In the ruins of Caswell, Maine, Carter Bennett learned the truth of what had been right in front of him the entire time. And then it-he-was gone. Desperate for answers, Carter takes to the road, leaving family and the safety of his pack behind, all in the name of a man he only knows as a feral wolf. But therein lies the danger: wolves are pack animals, and the longer Carter is on his own, the more his mind slips toward the endless void of Omega insanity. But he pushes on, following the trail left by Gavin. Gavin, the son of Robert Livingstone. The half-brother of Gordo Livingstone. What Carter finds will change the course of the wolves forever. Because Gavin's history with the Bennett pack goes back further than anyone knows, a secret kept hidden by Carter's father, Thomas Bennett. And with this knowledge comes a price: the sins of the fathers now rest upon the shoulders of their sons.
