Tales of love, madness and death is the result of that tormented life and it is where he displays all his gifts. In these stories, the mystery is master and lord, although always immersed in everyday situations, which increases the impact. Madness and love are constantly intertwined, to inevitably lead to death. His stories, charged with implicit violence, produce an asphyxiating tension that is only released with the most unexpected of endings. The jungle and wild setting of the Missions that he knew, frame his stories.

“For anyone who appreciates superior heroic fantasy, David Gemmell’s offerings are mandatory.”—Time Out London The blood-drenched lands of the Drenai are protected by a man who has been hated and feared as much as he has been loved: the living legend known as Druss, Captain of the Ax. But this is also the land of Skilgannon, a man who is armed with the mythic Swords of Night and Day, and perhaps Druss’s equal on the field of battle. Brought together by a brutal attack, the two lone warriors form an unlikely alliance. But as Druss and Skilgannon face the supernatural threat of the Joinings—monstrous werebeasts with unholy strength and more than animal savagery—respect and trust will grow. Their alliance will become

a friendship destined to change both men—and the lands of the Drenai—forever. “[Gemmell’s] fiction has always carried the genuine flair of the classic sword and sorcery pieces of the 1930s and ’40s. This installment is no exception.”—Starlog “A multitude of good battle scenes! . . . Readers will be carried along by the nonstop action and heroic characters.”—Booklist

For fifty years, Pamela Kirrage longed to unlock the secrets of her husband’s encrypted war diary. She was on the verge of giving up when she at last found a mathematician who became as obsessed with learning the secrets of the diary as she was. After months of painstaking investigation, he was finally able to crack the code, and in the process uncover the ending to an extraordinary World War II romance. Pamela fell in love with RAF pilot Donald Hill in the summer of 1939, just a few months before he was sent to fight in Pacific. Although they planned to marry soon, Donald was captured after siege of Hong Kong and spent the next four years in a Japanese POW camp. Donald ultimately returned to Pamela, but he was never able to tell her about those lost years—and Pamela became convinced that the key to their happiness lay within the mysterious diary he brought back from the war. In *The Code of Love* Andro Linklater uses the decoded diary as well as extensive research and interviews to paint a vivid portrait of the World War II era, turning this dramatic love story into an inspiring, unconventional epic.

If the political and social benchmarks of sustainability and sustainable development are to be met, ignoring the role of the humanities and social, cultural and ethical values is highly problematic. People's worldviews, beliefs and principles have an immediate impact on how they act and should be studied as cultural dimensions of sustainability. Collating contributions from internationally renowned theoreticians of culture and leading researchers working in the humanities and social sciences, this volume presents an in-depth, interdisciplinary discussion of the concept of cultural sustainability and the public visibility of such research. Beginning with a discussion of the concept of cultural sustainability, it goes on to explore its interaction with philosophy, theology, sociology, economics, arts and literature. In doing so, the book develops a much needed concept of 'culture' that can be adapted to various disciplines and applied to research on sustainability. Addressing an important gap in sustainability

research, this book will be of great interest to academics and students of sustainability and sustainable development, as well as those studying sustainability within the humanities and social sciences, such as cultural studies, ethics, theology, sociology, literature and history.

A Tale of Love, Lust and Betrayals Running Press

The author of the Lambda Literary Award winner Kamikaze Lust delivers "a thrilling tale of espionage, family ties, sex, love, and betrayal" (The Advocate). Jennifer Baron is a failed Olympic speed skater now running her family's foundation and trying to stay sober, when her billionaire father disappears. She travels to Israel in search of him, becoming recklessly entangled in his illegal dealings and with his enigmatic lover, Gila, a former

Mossad agent gone bad. Along the way, she is drawn into the shadow worlds of the Promised Land, where career-jockeying government agents, fake Orthodox Jews, queer Palestinians on the run, and other displaced wanderers scramble to find home amid the endless cycles of war, occupation, and heartbreak. The *Book of Love and Hate* is an unraveling of white-collar crime and its motivations. It's a testament to the magnificent oblivion of love and a shattering of inherited trauma, both personal and historical. "A thriller of literary pedigree, unbound by convention . . . If you're seeking a cathartic resolution in the final pages, you might be disappointed—but you shouldn't be surprised. Not when you're talking about Israel and corrupt fortunes, and madness, obsession, and abuse . . . Just don't expect to find a safe, comforting space in the pages of Lauren Sanders's disconcerting and terrific book." —The Village Voice "Sanders knows how to craft a story. The storyline is riveting, and the personal development of the characters kept me engaged on a deeper level than even her thrilling plot could. Her prose is beautiful and brings you to an ending that is sure to have you reeling." —Windy City Times
