*40 Schools That Will  
Change the Way You  
Think About Colleges*  
Houghton Mifflin Harcourt  
Records the courage and  
self-reliance of an Indian  
girl who lived alone for  
eighteen years on an  
isolated island off the  
California coast when her  
tribe emigrated and she

was left behind.

### **Ten Years Later**

Harlequin  
The powerful, long-  
repressed classic of Dallas  
history that examines the  
violent and suppressed  
history of race and racism  
in the city. Written by  
longtime Dallas political  
journalist Jim Schutze,  
formerly of the Dallas  
Times Herald and Dallas  
Observer, and currently  
columnist at D Magazine,

The Accommodation  
follows the story of Dallas  
from slavery through the  
Civil Rights Movement,  
and the city's  
desegregation efforts in  
the 1950s and '60s.  
Known for being an  
uninhibited and honest  
account of the city's  
institutional and structural  
racism, Schutze's book  
argues that Dallas'  
desegregation period  
came at a great cost to

Black leaders in the city. Now, after decades out of print and hand-circulated underground, Schutze's book serves as a reminder of what an American city will do to protect the white status quo.

In this just-surreal enough take on the "school genre" of manga, a group of friends grapple with all sorts of unexpected situations in their daily lives as high schoolers. The gags, jokes, puns, and haiku keep this series

off-kilter even as the cast grow and change. Check it out and meet the new ordinary.

 "An audacious and concrete proposal...Half-Earth completes the 86-year-old Wilson's valedictory trilogy on the human animal and our place on the planet."  
 —Jedediah Purdy, *New Republic* In his most urgent book to date, Pulitzer Prize-winning author and world-

renowned biologist Edward O. Wilson states that in order to stave off the mass extinction of species, including our own, we must move swiftly to preserve the biodiversity of our planet. In this "visionary blueprint for saving the planet" (Stephen Greenblatt), *Half-Earth* argues that the situation facing us is too large to be solved piecemeal and proposes a solution commensurate with the magnitude of the problem: dedicate fully half the surface of the Earth to nature.

Identifying actual regions of the planet that can still be reclaimed—such as the California redwood forest, the Amazon River basin, and grasslands of the Serengeti, among others—Wilson puts aside the prevailing pessimism of our times and "speaks with a humane eloquence which calls to us all" (Oliver Sacks).

**Beyond Forever  
(O'Kane for Life, #2)**

Gibbs Smith  
First in a new series—welcome to the Sinner's Creed Motorcycle Club, where hard bodies

and hot leather are made for each other, and love gone wrong is the most irresistible of all... "I was the demon-possessed monster and she was the innocent, naïve angel. But none of that matters. She asks, I give and right now, I'll kill anyone who tries to stop me from giving this woman what she wants—me." Dirk lives in the shadows—performing hits, maintaining order, and upholding the no-holds-barred legacy of the Sinner's Creed Motorcycle Club. A nomad with a restless spirit and a cold

heart, the open road is his world. One of the few constants in his life: his desire for the one woman who has consumed his thoughts for years. Saylor Samson grew up far from the harshness of Dirk's world. But ever since she was seventeen she's been drawn to this dark and mysterious man who always seemed to show up just when she needed him. After years of fated encounters, he's back. This time he's taking her. This time she's ready for the ride. But just when the darkness in Dirk's life

begins to fade, Saylor reveals a secret that puts them both to the ultimate test. Now, Dirk has to make a decision: submit to his destiny with the MC, or choose his own.
