Swamy's Complete Manual on Establishment and Administration for Central Government Offices [St.

John's, Nfld.] : Queen's Printer

Excerpt from Vocational Education in Indiana: Information Relating to the Establishment and Administration of State Aided Vocational Schools In considering the many problems which the development of vocational education in Indiana presents, it is important to keep in mind the fact that vocational education, as provided for in our Vocational Education Law, and as at present contemplated by the state board of education, does not represent a mere fad or a radical departure from past educational ideals and practices, but marks the culmination of an educational development which has extended through a period of one hundred years. The following quotation from our first State Constitution adopted in 1816 is

significant. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
