Computational Mathematics and ...Computational Statistics are computer intensive methods to solve existing statistical problems computationally. The field of Applied Statistics and Computational Statistics comprises the following sub-fields: 1) Statistical Modelling and Forecasting. 2) Computational Statistics and Inference 3) Reliability Analysis

APPLIED AND COMPUTATIONAL STATISTICS | SCHOOL OF GRADUATE

...Applied and Computational Statistics The following research topics within applied probability and statistics are of particular interest at the department.

Biodiversity : The high

tree species diversity of tropical rain forests is of key interest in ecological research where one aim is to infer mechanisms contributing to biodiversity from the spatial pattern of trees.

Applied and Computational Statistics

The Department of Applied and Computational Mathematics and Statistics (ACMS) supports a collaborative, interdisciplinary approach to research by preparing and empowering students and faculty with deep domain knowledge in mathematics and statistics to apply their expertise in solving real-world problems across a variety of fields.
