The book has been written keeping in mind the students taking the CA-CPT examination. It is intended to serve as the supplementary book to the main course book on

economics for CA-CPT by the same author. The CA-CPT examination is an objective type test having multiple choice questions only. In order to attempt such tests, students need not only a good grasp over the subject matter, but also adequate practice in answering MCQ type questions. The book is aimed at fulfilling this need of the students taking this examination.

ECONOMICS MCQ (VOLUME 8) Oxford University Press, USA

The integration of market economies is one of the most remarkable features of international economics, which has important implications for macroeconomic performance in open economies. Equally important is the

declining relevance of the real versus the monetary theory dichotomy. These papers focus on those aspects of monetary policy which relate to credibility and non-neutrality; the domestic adjustment to foreign shocks; the interdependence of open economies and their strategic interactions. An important section is also devoted to the innovative modelling of exchange rate dynamics.

*The Globalization of World Politics* Bushra Arshad

The Globalization of World Politics, the bestselling introduction to international relations, offers the

most comprehensive coverage of the key theories and global issues in world politics. The eighth edition engages with contemporary global challenges, featuring a brand new chapter on Refugees and Forced Migration and updated coverage of decolonization to ensure the book continues to cover those topics that will define the key issues in IR into the future. Tailored pedagogical features help readers to evaluate key IR debates and apply theory and concepts to real world events. A fully updated Opposing Opinions feature facilitates critical and reflective debate on contemporary policy challenges, from decolonising universities to debates

over migration and the state. Leading scholars in the field introduce readers to the history, theory, structures and key issues in IR, providing students with an ideal introduction and a constant guide throughout their studies. Students and lecturers are further supported by extensive online resources to encourage deeper engagement with content: Student resources: International relations simulations encourage students to develop negotiation and problem solving skills by engaging with topical events and processes IR theory in practice case studies encourage students to apply theories to current and evolving global events Video podcasts from

contributors help students to engage with key issues and cases in IR Guidance on how to evaluate the Opposing Opinions feature, supporting students to engage in nuanced debate over key policy challenges Interactive library of links to journal articles, blogs and video content to deepen students' understanding of key topics and explore their research interests Flashcard glossary to reinforce understanding of key terms Multiple choice questions for self-study help students to reinforce their understanding of the key points of each chapter Revision guide to consolidate understanding and revise key terms and themes Instructor

Resources: Case studies help to contextualise and deepen theoretical understanding Test bank - fully customisable assessment questions to test and reinforce students' understanding of key concepts Question bank - a bank of short answer and essay questions to promote students' critical reflection on core issues and themes within each chapter Customisable PowerPoint slides help to support effective teaching preparation Figures and tables from the book allow clear presentation of key data and support students' data analysis
