 Learn to make money in Bitcoin, even if you've never traded before. Bitcoin is the greatest investment opportunity of our

lifetime. Are you ready to get your piece of it? This book will teach you everything that you need to get started investing in Bitcoin. Bitcoin is the biggest revolution since the internet. It's been the best performing asset of the past decade. Is it too late to invest? Certainly not. Bitcoin is a giant, super-secure bank in the cloud that you can use to store and grow your wealth. Bitcoin is like the mutant offspring of a bar of gold and a tech stock. It's volatile, it has huge upside, and it's poorly understood. Many people still think that it is a scam, a bubble, or that it will be banned by the government. U.S. regulators have recently allowed U.S. banks to custody Bitcoin. You can now legally buy Bitcoin using PayPal or the Cash App. If you missed out on the internet, make sure you don't miss out on the Bitcoin revolution. There are still huge amounts of money to be made. As central banks continue to print money, you need a place to store your wealth and protect it from inflation. This book will teach you everything you need to know to get started investing in Bitcoin today. Don't gamble with your hard-earned money. If you are going to make a lot of money, you need to know how Bitcoin really works. You need to avoid the pitfalls and costly mistakes that beginners make. And you need a conservative approach to Bitcoin that will help you to survive the volatility. This book gives you everything that you will need. It's a simple Bitcoin road map that anyone can follow. In this book, you will learn: How To Trade Bitcoin The Volatility Of Bitcoin: Here You Will Understand Everything About Bitcoin Volatility Top Bitcoin Trading Exchanges Bitcoin Trading And Investing Bitcoin Market Analysis Techniques Candles And Interpreting Price Candles - The best way to buy Bitcoin - How to store your Bitcoin securely - How professional investors approach Bitcoin - The one thing you should never do when buying Bitcoin (don't start investing until you read this) - And much, much more Even if you know nothing at all about cryptocurrencies, this book will get you started investing the right way. Join the thousands of smart traders and investors who have profited from this ultimate guide to Bitcoin. Are you ready to get started creating real wealth using Bitcoin? Akito Yamamoto is your go to source for all things Crypto! You are guaranteed a genuine, no fluff, no hype, informative read. This book contains 4 cryptocurrency related books, that are a must read for anyone involved in the trading community. Finding books telling you to invest your hard earned money in cryptos is easy. But finding books that go deep into not just the positives, but also the negative side of crypto trading, and investing, is like finding a diamond in the rough. Well, you have found that diamond. Before investing one dime into cryptos, you owe it to yourself to order this book. Read it in a quiet place, and educate yourself on what really goes on, and can happen in the world of cryptos. The content inside of this book is not designed to steer you away from investing in cryptocurrencies. Its intentions of it are to educate you, and inform you on what is to be expected, rather than to provide you with overhyped analysis, that is more fiction than fact. Akito Yamamoto is in the trenches of cryptocurrency investing, and trading. He only wants you to be a savvy investor, and make the safest decisions regarding investing. The first book in the series discusses the pros & cons of Bitcoin investing. There is another side to the coin, that people are not shown. Once you learn all of what the other side is, you will forever be wise to so much. And become a much better investor because of it. The second book discusses Bitcoin hacking. Yes, this is also a very

dark side of the crypto world. Once you learn what hackers do in order to rob people of their cryptos, you will be able to safeguard yourself from them. There is so much valuable information in this book, that you will want to read it more than once. The third book discusses why you should NOT invest in Bitcoin. This book is written in a personal tone, with real up to date information, that is invaluable to someone just looking to get their feet wet in the market. As Bitcoin fills all of the headlines in the media. Savvy investors know that there are so many other better options to invest in. A must read! The fourth book discusses cryptocurrency trading & investing - & gives some examples of the top 5 cryptos better than Bitcoin! A lot of valuable information inside of this one, that is sure to give you a leg up on the rest. Order this 4 book set, and save big time! Do not fall for the hype of other so called crypto experts, who are only looking to get you into investing directly behind them. This is the next trend in cryptocurrencies going on now. Making commissions off of newcomers who have no clue what they are doing. Be aware of this, and keep your money secure until you are comfortable enough with losing it. Because in the world of investing, more people have to lose, in order for a very small amount of people to win. This is truth.

If you feel like you've "missed the boat" on Bitcoin. Think again... Because while Bitcoin continues to hit all time highs, this book will show you it's not too late to invest in "Digital Gold" What was once a fringe currency only used by a dark corner of the web... is now the fastest growing financial asset on Earth. And this is just the beginning... You see, we are still in just the 2nd inning of Bitcoin as a financial entity. So while no financial vehicle is making people rich as quickly as Bitcoin... Less than 10% of Americans and 2% of the worldwide population owns it. But now, the major players are taking an interest. Like Billionaire Hedge Fund owner Paul Tudor Jones Internet pioneer Tim Draper, who was an early investor in companies like Hotmail, Tesla and Robinhood. And CEO of Social Capital, Chamath Palihapitiya, who predicts Bitcoin will be worth \$1 million within the next 15 years. So even if you've been unconvinced thus far, this book will give you the straight facts on Bitcoin as a financial asset... without any of the hype or noise. Here is just a fraction of what you will discover: - The surprisingly small amount of Bitcoin you need to join the top 1% of Bitcoin owners worldwide - Page 15 - How a complete technophobe can buy Bitcoin is less than 5 minutes - Page 65 - 5 Billionaires who believe Bitcoin has a part to play in the world economy - Page 16 - Is Bitcoin a legitimate currency? If only you knew how, would you take the steps necessary to invest in emerging cryptocurrency projects that grow by 100% and even 1000%? You are in a unique position to take advantage of the same tools the big players on Wall Street do. With no prior experience. With no special qualifications. Using the influence of Twitter and easy-to-access apps that anyone can download. The Covid-19 pandemic has sent the financial world into a tailspin. We all have been affected. Small and big businesses have been affected. From the homeless man to the wealthiest billionaire, everyone has been affected. However, this effect is not harmful to some people. There is an elite few who have profited in this time of hardship. Most billionaires are still raking in billions of dollars. Most millionaires are still raking in millions of dollars. Picture you are living in your dream home, and the vehicle you always wanted is parked in your driveway. You find a new cryptocurrency project with a lot of room for growth and invest some money in it that grows two, three, five, and in some cases even ten times in the coming days/weeks. That imagery seems far-fetched and unlikely to become a reality to some people, but that is because they don't know the secret. They do not know that anyone can take advantage of the cryptocurrency market and become financially free and independent in a relatively short amount of time. They do not understand that the ease of access to this market is so low that even an app can put them in the same league as the movers and shakers around whom big money revolves. This book is shining the light on how we can all take advantage of this new era using the cryptocurrency market's tools. Within its pages, you will discover the history of cryptocurrency, how it has boomed into one of the biggest financial markets in the world in such a short space of time and how you can use it to make insane amounts of money in this new era. Your grandfather's way of growing income no longer exists. You do not have to slave in a 9 to 5 job. You do not have to live paycheck to paycheck. We live in a new age, and technology makes anything possible. I can tell you these secrets because I have been immersing myself in trading and investing and being a member of various mastermind groups with seasoned cryptocurrency trading and investing veterans. I have made learning the ins and outs of operating on the cryptocurrency market my life. Because of this, I am in a unique position that allows me to spill the beans to you, sharing the newer tools to find some of the best projects out there. It pains me to see the marginalized way that wealth is distributed. My goal is to make financial success and freedom a possibility that many people can achieve, especially when it is easier than ever. Therefore, we wrote this in easy-to-understand language so that anyone with access to a computer can earn income that allows them to live the life they want to live. In THE AGE OF CRYPTOCURRENCY, Cybermoney is poised to launch a revolution, one that could entirely re-invent traditional financial and social structures while bringing the world's billions of "unbanked" individuals into a new global economy. Cryptocurrency represents the promise of a financial system without a middleman, one owned by the people who use it and one safeguarded from the devastation of a 2008-type crash. Bitcoin became a buzzword overnight. A cyber-enigma with an enthusiastic following, it pops up in headlines and fuels endless media debate. You can apparently use it to buy almost anything from coffee to cars, yet few people seem to truly understand what it is. This raises the question: Why should anyone care about Bitcoin or other? But bitcoin, the most famous of the cybermoneys, brings with it a reputation for instability, wild fluctuation, and illicit business; some fear it has the power to eliminate jobs and to upend the concept of a nation-state. It implies, above all, monumental and wide-reaching change - for better and for worse. But it is here to stay, and you ignore it at your peril. With the knowledge of this book novices start trading at a whole different level than without the book's essential education in advance.
