MachineryScientific, Medical and Technical Books.

Published in the United States of AmericaA Selected List of Titles in PrintPhilippine national bibliographyPure and Applied Science Books, 1876-1982

University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Subjects

Over 220,000 entries

representing some 56,000 Library of Congress subject headings.

Covers all disciplines of science and technology, e.g., engineering, agriculture, and domestic arts. Also contains at least 5000 titles published before 1876.

Has many applications in libraries, information centers, and other organizations concerned with scientific and technological literature.

Subject index contains main listing of entries. Each entry gives cataloging as prepared by the Library of Congress.

Author/title indexes.
