Halo: Renegades
Simon and Schuster
An original novel set in
the Halo
universe—based on the
New York Times
bestselling video game
series! October 2559.

With the galaxy in the
suffocating grip of a
renegade artificial
intelligence, another
perilous threat has
quietly emerged in the
shadows: the Keepers
of the One Freedom, a
fanatical and merciless
Covenant splinter
group, has made its
way beyond the
borders of the galaxy
to an ancient

Forerunner installation known as the Ark. Led by an infamous Brute named Castor, the Keepers intend to achieve what the Covenant, in all its might, failed to: activate Halo and take the last steps on the path of the Great Journey into transcendence. But unknown to Castor and his new, unexpected ally on the Ark, there are traitors to the cause in their midst—namely the Ferrets, composed of Office of Naval Intelligence operative Veta Lopis and her young team of Spartan-IIIIs, who have been infiltrating the Keepers to lay the groundwork for Castor’s assassination. But with ONI’s field operations now splintered and cut off

by the Guardian threat, Veta’s original mission has suddenly and dramatically escalated in scope. There’s simply no choice or fallback plan—either the Ferrets somehow stop the Keepers or the galaxy faces an extinction-level event....

Halo: Ghosts of Onyx

Simon and Schuster
For the first time, fans of the blockbuster Gears of War video games get an in-depth look at Delta Squad’s toughest fighters—soldier’s soldier Marcus Fenix and rock-solid Dominic Santiago—as well as a detailed account of the pivotal battle of the Pendulum Wars. As kids, the three of them were inseparable; as soldiers, they were torn apart. Marcus Fenix and Dominic Santiago

fought alongside Dom's elder brother Carlos at Aspho Fields in the epic battle that changed the course of the Pendulum Wars. There's a new war to fight now, a war for mankind's very survival. But while the last human stronghold on Sera braces itself for another onslaught from the Locust Horde, ghosts come back to haunt Marcus and Dom. For Marcus—decorated war hero, convicted traitor—the return of an old comrade threatens to dredge up an agonizing secret he's sworn to keep. As the beleaguered Gears of the Coalition of Ordered Governments take a last stand to save mankind from extermination, the harrowing decisions made at Aspho Fields

have to be re-lived and made again. Marcus and Dom can take anything the Locust Horde throws at them—but will their friendship survive the truth about Carlos Santiago?
Halo: Bad Blood Dark Horse Comics
 The original Halo: Evolutions, split into two volumes. This volume contains stories by: Tessa Kum & Jeff VanderMeer Kevin Grace Robt McLees Karen Traviss Fred Van Lente When humanity expanded beyond the safety of Earth to new stars and horizons, they never dreamed what dangers they would encounter there. When the alien juggernaut known as the Covenant declared holy war upon the fragile human empire, millions of lives were

lost-but, millions of heroes rose to the challenge. In such a far-reaching conflict, not many of the stories of these heroes, both human and alien, have a chance to become legend. This collection holds eleven stories that dive into the depths of the vast Halo universe, not only from the perspective of those who fought and died to save humanity, but also those who vowed to wipe humanity out of existence. Included in this volume you'll find the stories of: * A high-ranking prophet musing on the catastrophic last days of the Covenant
Spartan: Team Black, who discover that the Covenant's politics might be more deadly than their military might * The terrors of

survival in the aftermath of a Flood infection * The Master Chief struggling with his own humanity as he battles through war-torn New Mombassa * The insatiable appetite of the Gravemind as it claws its way through Cortana's tortured consciousness * An existential Elite, in the aftermath of the Human-Covenant War, returning to the site of his greatest victory as he deals with his worst defeat * And new to this volume, the last confessions of a Prophet in "Wages of Sin" At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
Halo: Silent Storm Del Rey
Halo Boxed Set Contact Harvest, Ghosts of

Onyx and The Cole Protocol Contact Harvest: This is how it began... It is the year 2524. Harvest is a peaceful, prosperous farming colony on the very edge of human-controlled space. But we have trespassed on holy ground--strayed into the path of an aggressive alien empire known as the Covenant. What begins as a chance encounter between an alien privateer and a human freighter catapults mankind into a struggle for its very existence. But humanity is also locked in a bitter civil war known as the Insurrection. So the survival of Harvest's citizens falls to a squad of battle-weary UNSC Marines and their inexperienced colonial militia trainees. In this

unlikely group of heroes, one stands above the rest...a young Marine staff sergeant named Avery Johnson. Ghosts of Onyx: The Spartan-II program has gone public. Tales of super-soldiers fending off thousands of Covenant attacks have become the stuff of legend. But just how many Spartans are left? While the Master Chief defends a besieged Earth, and the myriad factions of the Covenant continue their crusade to eliminate humanity, an ultrasecret cell of the Office of Naval Intelligence known as Section Three devises a plan to buy the UNSC vital time. They're going to need hundreds of willing soldiers though...and one more Spartan to

get the job done. The planet Onyx is virtually abandoned and the perfect place to set this new plan in motion. But when the Master Chief destroys Halo, something is triggered deep within Onyx: Ancient Forerunner technology stirs, and fleets of UNSC and Covenant race to claim it to change the course of the Human-Covenant War. But this reawakened and ancient force may have plans of its own... The Cole Protocol: In the first, desperate days of the Human-Covenant War, the UNSC has enacted the Cole Protocol to safeguard Earth and its Inner Colonies from discovery by a merciless alien foe. Many are called upon to rid the universe of

lingering navigation data that would reveal the location of Earth. Among them is Navy Lieutenant Jacob Keyes. Thrust back into action after being sidelined, Keyes is saddled with a top secret mission by ONI. One that will take him deep behind enemy lines, to a corner of the universe where nothing is as it seems. Out beyond the Outer Colonies lies the planet Hesiod, a gas giant surrounded by a vast asteroid belt. As the Covenant continues to glass the human occupied planets near Hesiod, many of the survivors, helped by a stronghold of human Insurrectionists, are fleeing to the asteroid belt for refuge. They have transformed the tumbling satellites into a tenuous, yet

ingenious, settlement known as the Rubble--and have come face-to-face with a Covenant settlement of Kig-Yar . . . yet somehow survived. News of this unlikely treaty has spread to the warring sides. Luckily for the UNSC, this uneasy alliance is in the path of the Spartan Gray Team, a three-man renegade squad whose simple task is to wreak havoc from behind enemy lines in any way they see fit. But the Prophets have also sent their best---an ambitious and ruthless Elite, whose quest for nobility and rank is matched only by his brutality . . . and who will do anything to secure his Ascendancy and walk the Path.

The UNSC has put its faith in the hands of the Spartans, led by the legendary Master Chief, John-117: enhanced super-soldiers raised and trained from childhood via a clandestine black ops project to be living weapons. But the Covenant—enraged and fearful of their enemy's unexpected strategies and prowess—is not taking its recent defeat

lightly, and is now fully determined to eradicate humanity from existence, brutally overrunning the ill-fated planets of the Outer Colonies faster than retreats can be ordered. If the UNSC has any chance of stemming the tide of the war, the Master Chief and Blue Team must drop onto an empty, hellish world in order to capture a disabled Covenant frigate filled with valuable technology. It has all the makings of a trap, but the bait is far too tempting to ignore—and this tantalizing prize is being offered by a disgraced and vengeful Covenant fleetmaster, whose sole opportunity for redemption lies in extinguishing humanity's only hope of survival...
