A curated Croatian word frequency list Are you looking for unconventional ways to speed up the process of learning Croatian? Then this book is exactly what you are looking for. Following the Pareto principle (80/20 rule), this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations. The result is a unique vocabulary book with 2000 of the most important Croatian words and phrases ordered by their frequency of use. Who this Croatian learning book is for: This book is for beginners and intermediate learners of Croatian who are self-motivated and willing to spend 15 to 20 minutes a day on learning vocabularies. The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time. If you are willing to put in 20 minutes of learning every day, this book is very likely the single best investment you can make if you are at a beginner or intermediate level. You will be amazed at the speed of progress within a matter of just weeks of daily practice. Who this Croatian frequency list is not for: This book is not for you if you are an advanced learner of Croatian. In this case, please go to our website or search for our Croatian vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields. Furthermore, if you are looking for an all in one Croatian learning book that guides you through the various steps of learning Croatian, this book is most likely also not what you are looking for. This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses. The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Croatian workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 50 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know vocabularies 101 to 150 very well, you can start learning vocabularies 201 to 250 and on the next day skip 101-150 and continue reviewing vocabularies 151 to 250. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well - and that is what counts in the end.

EN The poems in the lyric volume "About Clarity And Other Errors" question everything that seems natural and logic to us: thoughts that have grown into habits, the functioning of everyday life subjects, natural phenomena, the "Me", language as identity and love as something all-embracing. Because, in fact, everything tends to happen differently than one thinks and that mechanism effect life as a chain reaction. One is just not aware of that fact and has no idea what root and what cause is in life. But these poems, fortunately, grant us the sneak peek into the true state of things. - Literature for those who need a new gaze at everyday life. DE Der Lyrikband „Von Klarheit und anderen Irrtümern“ stellt infrage alles, was um uns selbstverständlich und logisch erscheint: angewöhnte Gedanken, das Funktionieren alltäglicher Gegenstände, natürliche Phänomene, das „Ich“, Sprache als Identität und Liebe als Allumfassende. Alles läuft ganz anders als man denkt und ein solcher Mechanismus übt als Kettenreaktion große Auswirkung auf das Leben aus. Man ist sich dessen nicht bewusst und hat keine Ahnung was in der Welt eigentlich die Ursache ist und was ihre Folge ist. Aber diese Gedichte gewähren uns zum Glück den heimlichen Blick in den wahren Stand der Dinge. - Literatur für jene, die einen neuen Blick auf den Alltag brauchen. HR Zbirka pjesama „O jasnoći i drugim zabludama“ postavlja u pitanje sve što nam se čini razumljivo i logično: misli na koje smo navikli, funkcioniranje svakodnevnih predmeta, prirodne fenomene, „ja“, jezik kao identitet i ljubav kao sveobuhvatni pojam. Sve postoji drugačije nego što čovjek to pretpostavlja i takav mehanizam ima kao lančana reakcija veliki utjecaj na naš život. Čovjek toga nije svjestan i nema pojma što je u svijetu zapravo uzrok a što je posljedica. Ali ove pjesme nam srećom daju tajni uvid u pravo stanje stvari. - Literatura za one koji trebaju novi pogled na svakodnevnicu.

This ebook contains all flashcards from our website, one every two pages. It is ideal for beginners and intermediate learners to acquire some of the most important initial words that make up the majority of everyday conversation. Various features like bidirectional listing make this flashcard ebook the perfect tool on your ebook reader to boost your language skills. This ebook is split into 4 chapters and contains a total of around 2000 vocabularies which you can also find on our website. Each of the words covers two pages. Page one represents the question in the form of the vocabulary you should translate. Page two delivers the answer with translation and additional information for that word if needed. To learn the vocabularies, simply go from page to page and study the words one by one. The 4 chapters in the book contain 2 sets of vocabularies, once learned from English to Croatian (chapter 1 and 2), and after that from Croatian to English (chapter 3 and 4). Within that, the first chapter has vocabularies ordered by topic whilest the second chapter has 1000 of the most common vocabularies you need to learn ordered by how often they are used in daily conversations. In addition to using this ebook, you can also go to our website and use the flashcards there to learn and test yourself. The most important part of using flashcards successfully is to use them daily. Studying 100 words a day every day of a week will have a much bigger impact than studying 700 words once a week. Once you know most words in a chapter, write down the ones you still have trouble with and concentrate on those few words several times a day. Once you have moved on to a later chapter, it is also good practice to come back to early chapters from time to time to make sure the easier words are still in your memory. Over time, you will figure out what works best for you. Good luck!

Bosnian, Croatian, Montenegrin and Serbian: An Essential Grammar is intended for beginners and intermediate students who need a reference that explains grammar in straightforward terms. It covers all the main areas of the modern single BCMS grammatical system in an accessible way, and free from jargon. When linguistic terminology is used, it is explained in layman's terms, the logic of a rule is presented simply and near parallels are drawn with English.
