THE GREAT GATSBY

Kensington Books

A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions

of technology in our lives—a “compulsively readable parable for the 21st century” (Vanity Fair). When Mae Holland is hired to work for the Circle, the world’s most powerful internet company, she feels she’s been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users’ personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new

age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company’s modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can’t believe

her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman's ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

The Great Controversy Between Christ and Satan: From the Destruction of Jerusalem to the End of the Controversy Harper Collins

"There's no such thing as ghosts." At least, that's what the scientific community believes. High school sophomore Susannah Simon wishes she could agree. She's only lived in sunny California for two weeks, and already her life's a whirlwind of pool parties, excellent hair days, and new friends. Oh, yeah ...

and her stepbrothers. But otherwise, things are going fab. Until the ghost of a dead woman shows up at her bedside, screaming and begging Suze to find "Red" and tell him that he isn't responsible for her death. Tracking down a murderer isn't exactly easy, especially when the clues that Suze pieces together lead straight to the father of Tad Beaumont, the cutest and richest boy in school ... and the first boy who's ever asked Suze out. Oops.

Triumph of the City Pan Macmillan

In what is widely considered the most influential book ever written by Walter Lippmann, the late journalist and social critic provides a fundamental treatise on the nature of human information and communication. The work is divided into eight parts, covering such varied issues as stereotypes, image making, and organized intelligence. The study begins with an

analysis of "the world outside and the pictures in our heads", a leitmotif that starts with issues of censorship and privacy, speed, words, and clarity, and ends with a careful survey of the modern newspaper. Lippmann's conclusions are as meaningful in a world of television and computers as in the earlier period when newspapers were dominant. Public Opinion is of enduring significance for communications scholars, historians, sociologists, and political scientists. Copyright ©

Sixteen-year-old Suze Simon can mediate between the living and the dead, and she hopes her move to California will be a fresh start, but a hot ghost named Jesse haunts her bedroom and another ghost is bent on vengeance at school.

Midnight Frost Harper Collins

A clever young man and an eccentric professor search for a missing fortune, in this spooky

adventure full of “marvelous surprises” (Publishers Weekly) H. Bagwell Glomus built an empire out of cereal. In the 1920s, his Oaty Crisps were the most popular breakfast in the United States, and Mr. Glomus was the wealthiest man in the little town of Gildersleeve, Massachusetts. But he was not a happy man. In 1936, he took his own life and his will was never found. Legend has it that his last will and testament is hidden somewhere in his office, but so far, no

one has been able to find it and claim the \$10,000 reward. Yet, no one has looked as hard as Johnny Dixon. A precocious young boy who’s happier reading old books than playing outside, Johnny has a best friend in the eccentric old Professor Childermass, who knows every detail of Mr. Glomus’s story—except the location of the will. Together, along with a new pal from Boy Scout camp named Fergie, they intend to crack the puzzle—but before they can claim their prize, they must

defeat an ancient evil force: a living mummy intent on destroying them. From the award-winning author of *The House with a Clock in Its Walls*, the Johnny Dixon stories are a refreshingly old-fashioned series of adventure and supernatural mystery. In the world of young adult suspense, few authors have the magic touch of John Bellairs. [Safe House; Sanctuary](#) Simon and Schuster Top ten things Samantha Madison isn't ready for 10. Lizzie Nichols is back, pounding the New York City pavement and looking for a job, a place to live, and her proper place in the universe (not necessarily in that order). "Summer Fling" Luke's use of the "L" (Living Together) word has her happily abandoning plans to share a one-room walk-

up with best friend Shari in exchange for cohabitation with the love of her life in his mom's ritzy Fifth Avenue pied-à-terre. Lizzie's landed a non-paying gig in her chosen field—vintage wedding gown rehab—and a paying one as a receptionist at Shari's boyfriend's father's posh law firm. So life is good . . . for the moment. But almost immediately her notoriously big mouth is getting her into trouble. At work she's becoming too chummy with society bride-to-be Jill Higgins,

inflaming the ire of Jill's troublesome future mother-in-law. At home she's made the grievous error of bringing up the "M" (Marriage) word to commitment-shy Luke. Once again joblessness and homelessness are looming large for hapless blabbermouth Liz—unless she can figure out some way to babble her way to a happily ever after.

Fifteen years after the release of the first Mediator novel, #1 New York Times bestselling author Meg Cabot returns with a deliciously sexy

new entry to a fan-favorite series. Suze Simon—all grown up and engaged to her once-ghostly soulmate—faces a vengeful spirit and an old enemy bent on ending Suze's wedded bliss before it begins. You can take the boy out of the darkness. But you can't take the darkness out of the boy. All Susannah Simon wants is to make a good impression at her first job since graduating from college (and since becoming engaged to Dr. Jesse de Silva). But when she's hired as a guidance

counselor at her alma mater, she stumbles across a decade-old murder, and soon ancient history isn't all that's coming back to haunt her. Old ghosts as well as new ones are coming out of the woodwork, some to test her, some to vex her, and it isn't only because she's a mediator, gifted with second sight. From a sophomore haunted by the murderous specter of a child, to ghosts of a very different kind—including Paul Slater, Suze's ex, who shows up to make a bargain Suze is certain

must have come from the Devil himself—Suze isn't sure she'll make it through the semester, let alone to her wedding night. Suze is used to striking first and asking questions later. But what happens when ghosts from her past—including one she found nearly impossible to resist—strike first? What happens when old ghosts come back to haunt you? If you're a mediator, you might have to kick a little ass.
