An Enquiry Into the War Convention St. Martin's Griffin
 A.A. Milne is one of the most successful English writers ever. His heart-warming creations—Winnie-the-Pooh, Christopher Robin, Eeyore, Tigger and Piglet—have become some of the best-loved children's characters of all time, and readers the world over are familiar with the stories from the Hundred Acre Wood. Yet the man himself has remained an enigma. Although in many ways his behaviour was that of a typical golf-playing, pipe-smoking Englishman, Milne refused to be typecast, and his publishers despaired when he turned from writing popular columns for

Punch to writing detective stories. They complained again when the detective writer presented them with a set of children's verse, but when *When We Were Very Young* became one of the best-selling books of all time, Milne's credibility as one of the world's favorite authors was sealed. In this biography of Milne, Ann Thwaite reveals the man himself, in all his complexity. As W. A. Darlington put it in 1921, commenting on Milne's highly popular plays, 'Mr Milne is obviously at heart (like all humorists) a serious person, with things to say.' He had strong political feelings, and was a pacifist even before his experiences on the Somme in 1916. There was always something darker and more tangled under 'the bright glitter of surfaces'. At his father's school, Milne was taught by the young H. G. Wells, who remained a lifelong friend; later, J. M. Barrie called him 'my Mr Milne' and was 'uncommon proud of him'; later still, P. G. Wodehouse became one of his greatest admirers, and a friend - but was then deeply hurt by Milne's strong reaction to the notorious wartime broadcasts. Milne's personal relationships, including those with his wife and son, were not always easy. In *A. A. Milne: His Life*, Ann Thwaite has produced a vivid, sympathetic and entertaining portrait of both the man and his work, set in the context of his time, which stands as the definitive life of a writer whose work has earned some loathing (for its supposed 'whimsy') but much more devotion among readers of all ages, not only in English-speaking countries but all over the world.

The Red House Mystery The creator of such beloved storybook characters for children as Winnie-the-Pooh, Piglet, and Eeyore, A. A. Milne was also the author of numerous dramas, essays, and novels for adults — among them, this droll and finely crafted whodunit. The Red House Mystery In it, Milne takes readers to the Red House, a comfortable residence in the placid English countryside that is the bachelor home of Mr. Mark Ablett. While visiting this cozy retreat, amateur detective Anthony Gillingham and his chum, Bill Beverley, investigate their genial host's disappearance and its connection with a mysterious shooting. Was the victim, whose body was found after a heated exchange with the host, shot in an act of self-defense? If so, why did the host flee, and if not, what drove him to murder? The Red House Mystery Between games of billiards and bowls, the taking of tea, and other genteel pursuits, Gillingham and Beverley explore the possibilities in a light-hearted series of

capers involving secret passageways, underwater evidence, and other atmospheric devices. The Red House Mystery Sparkling with witty dialogue, deft plotting, and an intriguing cast of characters, this rare gem will charm mystery lovers, Anglophiles, and general readers alike. Find out how stories about his son's stuffed bear, famously known as Winnie the Pooh, made A. A. Milne one of the world's best-known children's authors in this informative biography from the #1 New York Times Best-Selling Series, *Who Was?*. Born in England in 1882, Alan Alexander Milne grew up with a love for exploring the woods with his brother and writing poems about their adventures. Alan carried that love into his adult life by exploring the woods with his son, Christopher Robin. Well known for his articles, plays, and novels, Alan considered himself a "serious" author. But one story about a stuffed bear changed his image forever. Inspired by his son and their time playing in the woods, Alan wrote a story about Christopher Robin and his stuffed bear, Winnie-the-Pooh, on a hunt for honey. The story was an instant success, and soon everyone wanted to hear more about the boy, his bear, and the magical Hundred Acre Wood. Today, children all around the world still read his stories in the classic books *Winnie-the-Pooh*, *The House at Pooh Corner*, *Now We Are Six*, and *When We Were Very Young*. VERY few authors can ever dream of coming close to the legacy left by AA Milne. He remains a household name in almost every corner of the globe thanks to a phenomenally popular collection of whimsical children's stories about a boy named Christopher Robin and his beloved teddy bear. Generations of children have grown up loving the tales of Winnie The Pooh and his friends from the Hundred Acre Wood, which are still among the most popular - and profitable - fictional characters in the world. But while the adorable poems and stories have brought

unparalleled joy to millions, Alan Alexander Milne, himself was never able to enjoy the fame and fortune they brought him. He died deeply resenting Pooh's success, as far as he was concerned those stories were just such a tiny fraction of his literary work, but nothing else he produced came close in terms of public appreciation. Milne died still unable to reconcile the fact that no matter what else he wrote, regardless of all the plays and stories for adults he had published, he would always be remembered as a children's storyteller. And his son, widely hailed as the inspiration for the adorable character of Christopher Robin, could never accept his unique place in literary

history either. He had barely reached his teens before he grew to loathe his famous father, who he bitterly accused of exploiting his early years. The *Extraordinary Life of AA Milne* delves deep into the life of Milne and sheds light on new places, and tells stories untold.
