The Girl Who Uncovered

Rumpelstiltskin's Name Orbit

Who knew accidentally setting fire to a tree would end up being the precursor to a series of what I would call 'unexplainable events.' Well it did. Within the blink of an eye my life went from ordinary to extraordinary. Turns out Hell really does exist, and two of Lucifer's most loyal warriors--Azazel and Balthazar--just happen to be in my hometown. Like you'd

expect, the brothers hate each other, constantly bickering and fighting. But after witnessing one of their epic duels, something changed inside me, as if watching their rage consume them triggered my own. Now I can't control it. The anger. The hate. The burning need to unleash my rage on those who have done me wrong. And the deeper I delve into the supernatural world, the more I start to feel like I have this undeniable link to the underworld. Even though Azazel and Balthazar vowed to keep the darkness from consuming me, I'm afraid not even the Princes of Hell will be able to stop it.

The selkies want to take her life. The merfolk want something far more precious. Treygan, the stormy-eyed merman who turned Yara mer, will stop at nothing and sacrifice everything to protect his people--until he falls for Yara. The tides

turn as Yara fights to save herself, hundreds of sea creatures, and the merman who has her heart. A New York Times Notable Book "A must-read book for every American teacher and taxpayer." —Amanda Ripley, author of *The Smartest Kids in the World* Launched with a hugely popular New York Times Magazine cover story, *Building a Better Teacher* sparked a national conversation about teacher quality and established Elizabeth Green as a leading voice in education. Green's fascinating and accessible narrative dispels the common myth of the "natural-born teacher" and introduces maverick educators exploring the science behind their art. Her dramatic account reveals that great teaching is not magic, but a skill—a skill that can be taught. Now with a new afterword that offers a guide on how to identify—and support—great teachers, this provocative and hopeful book "should be part of every new teacher's education" (Washington Post).

Carter and Claire Sullivan's lives crashing together, they quickly learn that they will have to fight for more than survival, but the bonds formed in seclusion will soon be tested. When Elliot's father arrives to rescue them, declaring her unfit for his son, Claire will suffer the consequences of deciding to shoulder the burden of a secret that could destroy both of them on her own. "They say your life flashes before your eyes the moment right before you die, but that wasn't true for everyone. Mine didn't even warrant a tiny flicker of light, at least not until I opened my eyes to see Elliot Carter staring up at me. He was one of those guys that everyone knew. Popular, nice on the eyes and untouchable by pretty much anyone in town that his father didn't approve of. You had to be somebody for the Carter's to notice you and I was about as invisible as they came."
