The Organist and Choirmaster UM Libraries

First published in 1997, this book asks how an ecclesiastical climate was created in which Anglican choral worship could flourish in the mid-nineteenth century. Dale Adelman draws on a wide range of sources, including diaries, correspondence, pamphlets, newspapers and critical writings, to answer this question. His research reveals the hitherto unrecognized extent of the influence of the Cambridge Camden Society (1839-62) in the revival of Anglican choral worship, in particular through the auspices of its periodical *The Ecclesiologist*, but also through the dedicated efforts of the remarkable individuals who promoted the Society's aims in their writings, lectures, and in their own parish churches. The study examines the arguments that were framed in defence of choral worship and the often heated debates they initiated between both individuals and institutions. In so doing, it

provides a re-evaluation of the place of Anglican choral worship in mid-nineteenth-century musicological and ecclesiastical history, and demonstrates the role of Cambridge ecclesiologists as primary force behind its rival.

"Cape Town's public cultures can only be fully appreciated through recognition of its deep and diverse soundscape. We have to listen to what has made and makes a city. The ear is an integral part of the 'research tools' one needs to get a sense of any city. We have to listen to the sounds that made and make the expansive 'mother city'. Various of its constituent parts sound different from each other ... [T]here is the sound of the singing men and their choirs ("teams" they are called) in preparation for the longstanding annual Malay choral competitions. The lyrics from the various repertoires they perform are hardly ever written down. [...] There are texts of the hallowed 'Dutch songs' but these do not circulate easily and widely. Researchers dream of finding lyrics from decades ago, not to mention a few generations

ago - back to the early 19th century. This work by Denis Constant Martin and Armelle Gaulier provides us with a very useful selection of these songs. More than that, it is a critical sociological reflection of the place of these songs and their performers in the context that have given rise to them and sustains their relevance. It is a necessary work and is a very important scholarly intervention about a rather neglected aspect of the history and present production of music in the city." — Shamil Jeppie, Associate Professor, Department of Historical Studies, University of Cape Town

This booklet assesses the music unit (popularly referred to as the 'Music Ministry') of the Mountain of Fire and Miracles Ministries as a means of discovering how music departments of Nigerian Pentecostal churches (especially those based in Yorùbáland) operate. It is a must read as it evaluates the history, structure and departments within the Music Ministry of Dr D.K. Olukoya's church.

"By the Way- You Start Tomorrow Night". The recruiting of a less-than-fully-trained person is usually done at the last minute, since the search for a fully trained person will continue as long as there is either time or hope. Our last-minute, inexperienced director, then will be starting immediately. This first chapter is the most light-hearted, the most general, and the most basic of the book. It is pep talk and a look at the thing to do the first night for the first Sunday. The remainder of the book covers the other ongoing aspects of planning and directing effective choral rehearsals. \* Easy-to-use practical format and style \* Light, anecdotal reading \* Covers all elements of rehearsal planning and techniques \* Provides directors handles on how to use rehearsal time \* Helps directors learn to better plan and work ahead \* Gives directors more confidence in this area of leadership Market \* Church choir directors \* Music directors

*Priceless Weddings for Under \$5,000 (Revised Edition)* Routledge  
A remarkable feature in the conduct of our modern ecclesiastical services is the disappearance and painless extinction of the old parish clerk who figured so prominently in the old-fashioned ritual dear to the hearts of our forefathers. The Oxford Movement has much to answer for! People who have scarcely passed the rubicon of middle life can recall the curious scene which greeted their eyes each Sunday morning when life was young, and perhaps retain a tenderness for old abuses, and, like George Eliot, have a lingering liking for nasal clerks and top-booted clerics, and sigh for the departed shades of vulgar errors. Then and now--the contrast is great. Then the hideous Georgian "three-decker" reared its monstrous form, blocking out the sight of the sanctuary; immense pews like cattle-pens filled the nave. The woodwork was high and panelled, sometimes richly carved, as at Whalley Church, Lancashire, where some pews have posts at the corners like an old-fashioned four-posted bed. Sometimes two feet above the top of the woodwork there were brass rods on which slender curtains ran, and were usually drawn during sermon time in order that the attention of the occupants of the pew might not be distracted from devout meditations on the preacher's discourse--or was it to woo slumber? A Berkshire dame rather admired these old-fashioned pews, wherein, as she naively expressed it, "a body might sleep comfortable without all the parish knowin' on it."

A history of the development of harmony in the Middle Ages, including the music, composers, theorists and music theory, musicians, and relevant historical figures, as well as studies of folk music, medieval chant, and polyphony from the days of

Gregorian chant to the florid polyphony of the early Renaissance.  
*A Philosophy of Church Music* Liturgical Press

A sourcebook illustrating the experience of Scottish women from 1780-1914. Drawing on a wide range of source materials from across Scotland, this sourcebook provides new insights into women's attitudes to the society in which they lived, and how they negotiated their identities within private and public life. Organised in thematic chapters, it moves from the private and intimate experiences of sexuality, health and sickness to Scotswomen's migrations across the British empire, illustrating many facets of women's lives - domesticity and waged work, defiance of law and convention, religious faith and respectability, political action and public influence. A range of fascinating and rich source material sheds new light on the lives of women across Scotland throughout the long nineteenth century, demonstrating the pervasiveness of discourses of appropriate feminine behaviour, but also women's subversion of this. It raises challenging questions for researchers about the identification of women's voices, where these have been muted by class, religion, or ethnicity, while at the same time providing a methodology for uncovering these.

Become your own budget wedding planner with this classic book—fully revised and expanded to include advice on personalizing your event and using online planning tools  
Designing a wedding that is priceless and perfect for you has never been easier. No matter how many guests you hope to invite or what kind of setting you choose, you don't have to take on big debts to achieve your big day. For more than a decade, *Priceless Weddings for Under \$5,000* has helped couples craft unique and meaningful celebrations while saving money on every aspect—even the high-ticket items. Completely revised, updated, and expanded with more than 25% new material, this edition reveals the secrets and resources for planning a wedding like a pro. You'll learn how to make every detail and every dollar count with:  
· All-new chapters on envisioning your ideal event as well as using online resources and apps to find the most creative options and the best deals  
· A questionnaire to help you decide—as a couple—on your top priorities for the day  
· Strategies for making—and keeping to—a budget  
· Dozens of unexpected ideas for booking a low-cost venue  
· Tactics for negotiating with caterers, florists, musicians, and photographers  
· Advice on which elements you can DIY to save thousands (without risking your sanity)  
· Menu plans, recipes, and many other low-cost alternatives for the food and drinks  
· Tips for finding stylish attire at a fraction of the cost  
· Real-life couples' wedding stories, including complete budget breakdowns  
*Priceless Weddings for Under \$5,000* proves you can create a celebration that everyone remembers forever, and still end up with plenty of money for the happy future.

*Music Clubs Magazine* A Complete Manual for the Ministry of Church Music

"Fascinating . . . not only a history of arguably the most visible Catholic church in the world, but indeed all New York's colorful church music landscape." —Scott Turkington, director, Church Music Association of America Victorian-era divas who were better paid than some corporate chairmen, the boy soprano who grew up to give Bing Crosby a run for his money, music directors who were literally killed by the job—the plot of a Broadway show or a dime-store novel? No, the unique and colorful history of St. Patrick's Cathedral. Since its inception more than 125 years ago, the Cathedral Choir has been considered the gold standard of liturgical music—an example of artistic excellence that has garnered worldwide renown. Yet behind this stately facade lies an intriguing mix of New York history, star secrets, and high-level office politics that has made the choir not only a source of prime musical entertainment but also fodder for tabloids and periodicals across the nation. In this unique and engaging book, readers are treated to a treasure trove of vibrant characters, from opera stars from around the world to the thousands of volunteer singers who brought their own hopes and dreams—and widely varying musical abilities—to the fabled choir. The Cathedral Choir provides an extraordinary and largely overlooked insight into the history of St. Patrick's and in Salvatore Basile's pitch-perfect exploration it becomes a microcosm for the larger trends, upheavals, and events that have made up the history of the city, the nation, and even the world. "Bulges with facts, anecdotes and legend, beautifully woven into a fine narrative covering the period from 1879 to 2010." —McNeil Robinson, former chair of the organ department, Manhattan School of Music

**Introduction to the Study of Liturgy** Abingdon Press

Robert Berglund says a worship service is not a concert time. It is not an hour of entertainment. It is a time to worship God in spirit and in truth. In the Christian realm, however, the worship service seems to be a musical battleground. On one hand, church music is seen as utilitarian. Its only purpose is to allow worship to begin or continue throughout a church service. On the other hand, music can exist purely for entertainment. But is a worship service the place for entertainment? Shouldn't a worship service be designed only to worship God? *A Philosophy of Church Music* presents an integrated look at church music. Theological, philosophical, and psychological responses to the question of appropriate and consistent church music are considered to assist you in developing your personal church music philosophy. - Jacket.

**A Complete Manual for the Ministry of Church Music**

Routledge

Roman Catholic church music in England served the needs of a vigorous, vibrant and multi-faceted community that grew from about 70,000 to 1.7 million people during the long nineteenth century. Contemporary literature of all kinds abounds, along with numerous collections of sheet music, some running to hundreds, occasionally even thousands, of separate pieces, many of which have since been forgotten. Apart from compositions in the latest Classical Viennese styles and their successors, much of the music performed constituted a revival or imitation of older musical genres, especially plainchant and Renaissance Polyphony. Furthermore, many pieces that had originally been intended to be performed by professional musicians for the benefit of privileged royal, aristocratic or high ecclesiastical elites were repackaged for rendition by amateurs before largely working or lower middle class congregations, many of them Irish. However, outside Catholic circles, little attention has been paid to this subject. Consequently, the achievements and widespread popularity of many composers (such as Joseph Egbert Turner, Henry George Nixon or John Richardson) within the English Catholic community have passed largely unnoticed. Worse still, much of the evidence is rapidly disappearing, partly because it no longer seems relevant to the needs of the modern Catholic Church in England. This book provides a framework of the main aspects of Catholic church music in this period, showing how and why it developed in the way it did. Dr Muir sets the music in its historical, liturgical and legal context, pointing to the ways in which the music itself can be used as evidence to throw light on the changing character of English Catholicism. As a result the book will appeal not only to scholars and students working in the field, but also to church musicians, liturgists, historians, ecclesiastics and other interested Catholic and non-Catholic parties.

**Fifth Avenue Famous**

Worship is at the heart of the Christian faith. This applies equally to all denominations. For that reason it is all the more important that the ordering of worship and its place in the life of the church is regularly rewritten and reinterpreted. This volume—based on the third, completely revised German edition from 2013 by two of the foremost liturgical scholars in Germany—offers a contemporary, comprehensive introduction to the foundations for the study of liturgy today, one from which scholars and students in the English-speaking world can also profit. Beyond appealing to students of liturgy and theology, this book reaches out to everyone who wants to know more about the liturgical essence and dimensions of the church.
