Milady Standard Esthetics: Fundamentals Milady Publishing Company
 Theory and Practice of Therapeutic Massage, 5th edition is the classic text in the massage industry including the essential knowledge and skills needed to become a successful, professional massage therapist, plus the essentials of anatomy and physiology. Essential topics

to the industry such as ethics, hygiene, communication skills, and body mechanics are discussed. Full-color illustrations and photographs clearly illustrate techniques and procedures. Classical massage is expanded with clinical techniques including neuromuscular and myofascial techniques, and lymph massage, combined to better serve the client by following therapeutic procedures. Numerous career tracts are explored including massage in a spa environment and athletic massage. A new chapter discusses massage for special populations including pre-natal, infant, elder, critically ill, people with cancer, and hospice. The

final chapter has been revised to cover business practices for finding employment or successful self-employment. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
